BAN ON MEXICAN CITRUS FRUITS MAY BE LIFTED

Department of Agriculture Agent Will go to Tampa to Investigate Conditions Regarding Citrus

YAPANSA, Jan. 16.—The Department of Agriculture agent in Tampa has offered to go there to investigate conditions regarding the suppression of Mexican citrus fruits, after it was learned that the Mexican consul at Havana had received a telegram from the United States consul at the Cuban capital stating that no permit had been given by the Mexican government for the re-export of citrus fruits from Cuba to the United States.

This is the latest situation of Reliable Citrus, Havana, where the consul has not heard from the Mexican government regarding the re-export of citrus fruits from Cuba to the United States.

For the first time on Spanish market, "California Fig Syrup" is now available.

A Laxative Food that is delicious

YOU never knew before how truly delicious a breakfast of real bran food can be. Post's Bran Flakes with Other Parts of Wheat is altogether new and not a bit like the ordinary bran you may have persuaded yourself to eat in the past.

These new flaxes are made by a special process, which retains the bran other valuable parts of the wheat berry, and are crisp-cooked and appetizing. They contain the nourishing qualities of the wheat, its carbohydrates, proteins and mineral elements, plus "Nature's way" of bran to induce regular habit. They are distinctive in being non-irritating to any part of the digestive tract.

Happily the special process preserves practically the full vitamin content of the wheat.

The Postum Cereal Company studied and experimented for four years to find how to give its bran the most wholesome, most indigestible, most hygienic property, bran, in the most palatable and health promoting form.

Post's Bran Flakes is the result of those years of careful study by the Company whose name is synonymous with pure food the world over.

No chokey feeling when you swallow these delicate flaxes. You don't have to try to swallow them, either, the way you do ordinary bran products.

Try them with cream or milk as your breakfast cereal tomorrow, and regularly for some days—then note the welcome difference in your regularity.

A generous package for 15 cents
