## INDIAN WANT TO ABOLISH SCHOOLS

### Chief From Arizona Appeals to Taft to Abolish Schools and Teachers.

## INDIAN, HE SAYS, WANTS TO BE ALONE

Washington, D. C., March 27.—Chief Yukeoma, a thin, dried up looking little Hopi Indian from the Moqui reservation in Arizona, clad in the trappings of his tribe and stubbornly protesting against the march of civilization, appeared at the white house today, to make a plea to president Taft in behalf of himself and several hundred tribesmen to be left alone. The aged little Indian's speech interpreted as follows: "Oh the Great White Father, my people want to live as in the days of old before the pale faces took from us land that was ours. We don't want schools and school teachers. We want to be left alone and live as we wish, to roam free without the white men always there to tell us what we can do and what we cannot do."

## ITALY CELEBRATES ITS UNITY JUBILEE

### The Celebration Is Offensive to the Holy See.

Rome, Italy, March 27.—The celebration of the jubilee of Italian unity began today with the formal opening by King Victor Emmanuel of the international art exhibition, Wednesday the industrial exhibition will begin at Turin where, in 1861, Victor Emmanuel II, grandfather of the present monarch, assumed the title of king of Italy. Since military art is offensive to the holy see some of the less orderly attempted to approach the Vatican. They were turned back by a strong detachment of police.

## SLANDER SUIT IS SUDDENLY DROPPED

### Principal Witness Fails to Remember the Main Point.

London, England, March 27.—The suit brought by the wealthy young baron, Arnold De Forest, against his mother-in-law, lady Mary Gresham, and the latter's brother, Henry Milner, for slander, collapsed suddenly today when lord Derby, to whom the slanders are alleged to have been confined, swore on the stand he had no recollection of the matter. Judgment for defendant was thereupon returned.

## CHINA ACQUIESCES IN RUSSIA'S DEMAND

Peking, China, March 27.—China is not prepared to antagonize Russia, and as a result of prolonged conferences, the Chinese foreign office has assured the Russian minister, M. Korostoff, that China will acquiesce unreservedly in Russian ultimatum concerning the provisions of the treaty of 1881. Russia insisted upon an answer before Tuesday.

It is generally considered that there was no alternative course, in view of the China's utter unpreparedness for war. Intense interest is being manifested in the attitude of Japan, which is obviously holding entirely aloof, although more powerful than ever at Peking.

**TWO FINED \$10,000 FOR  
UNDervaluing IMPORTS**  
New York, March 27.—Louis J. Duveen and Joseph Duveen, art importers, pleaded guilty today to charges of conspiracy to defraud the government in making undervaluations of imports of art objects. They were fined \$10,000.

It is stated the government's suit for \$5,000,000 against the firm for alleged unpaid duties is to be compromised by the payment of \$1,200,000 cash.

**FATHER BURNS TO DEATH  
WITH HIS FOUR CHILDREN**  
Aurora, Mo., March 27.—Dr. D. E. Morris, a prominent physician and father of four children were burned to death early today in a fire that destroyed the Morris home near here.

## EIGHT-SIX OF THE BODIES IDENTIFIED

### The New York Fire Horror Was Started by a Cigarette Thrown Under Table.

## 141 SHIRT WORKERS LOSE THEIR LIVES

New York, N. Y., March 27.—Eighty-six bodies of the 141 victims of the fire in a ten story loft building in Washington Place Saturday have been identified. Sixteen of the bodies were men.

District attorney Whitman has started an official investigation to fix the responsibility for the horror. The building department has been called upon for a report on the burned building and every compartment in any way concerned will be required to make a detailed report.

It is now definitely known that the fire started on the eighth floor under a cutting table in a scrap heap and is thought to have been started by a cigarette.

## GREATER DISASTERS FEARED

The fact that there was only one fire escape on the building will be rigidly investigated. Relief contributions are pouring in. They are headed by mayor Gaynor with \$100. In the midst of all this comes the ominous declaration of fire chief Croker: "Give us not merely fire proof, but death proof buildings."

## DEATHS REMOVED

Careful counting still rates the female victims, young and old, at approximately 10 to every one male.

With all the dead removed from the building, the coroner began an investigation into the cause of the loss of lives. Inquiries will be conducted by city departments—aided by agents from the district attorney's office.

The United Hebrew charities and the Hebrew free burial societies have announced that they were ready to relieve any distress caused by the fire. The Independent Order of B'nai B'rith has offered the building free for a factory buildings which he says fall to comply with fire regulations.

Disaster Was Expected.  
"What was feared happened," says the statement. "Those who knew of the flimsy fire protection in the loft buildings of New York long ago predicted such a disaster as occurred in Washington Place. If, however, this building was the only one of those unprotected the situation would not be so terrible. But the fact is there is hardly a large loft building in New York which is better protected against fire."

In a statement to the press, borough president McAneny said that 500 firemen, recently detailed by fire commissioner Waldo for the purpose, reported 3500 buildings lacking adequate fire escapes. The building department has already investigated 500 of these 3500 cases and reported that only 10 percent of them were in violation of the building code. The Asch building, in which Saturday's disaster occurred, had not been reached among the cases reported by the fire department. Mr. McAneny urged a thorough revision of the code, leaving the provisions relative to fire escapes to a commission of building and fire experts to be appointed by the city.

Morgue Is Besieged.  
Two hundred thousand persons, the police estimate, filed in a serpentine line to the pier from the opening of the improvised morgue. At times the line extended beyond Twenty-third street four blocks away, and tens of thousands, impelled by morbid curiosity, were turned away by the police. Nearly 100 coffins lay in a long row upon the pier, awaiting removal or

## NEW CABINET NEGOTIATED BY DIAZ

### Mexican President Fails to Give Recognition to the Insurrectos.

## REYES MAY BE WAR MINISTER

Mexico City, Mexico, March 27.—The impression is growing today that some changes are to be made in the proposed new cabinet. The official announcement will be made late this afternoon by the sub-secretary of state, who has been in conference with president Diaz since early this morning.

For secretary of the interior the chances are said to favor senator Don Teodoro Dehesa, now governor of the state of Veracruz. Dehesa was candidate for vice president on the Reyes ticket at the last general election.

Mexico City, March 27.—Although no one has yet been selected by the government to take the place of Gen. Manuel Gonzalez Costo as minister of war, there is a growing belief that Gen. Bernardo Reyes ultimately will occupy that post in the new Diaz cabinet.

## THE NEW CABINET

In the new cabinet there is no man who is avowedly a Maderista but on the other hand there is no new man who has figured prominently in administration affairs.

## PEOPLE ARE IMPATIENT

Sentiment against the government takes the form of impatience at its delay in granting reforms that are known to be absolutely essential before peace can be reached.

## SARIC PRESIDENTE KILLED BY REBELS

Hermosillo Protected; Small Towns Left Unprotected.  
Nogales, Ariz., March 27.—Word has reached Nogales that Ernesto Pompa, presidente of Saric, Altar district, has been killed by Sonora Insurrectos.

## PLANNING TO ENTERTAIN DIAZ AT LAKE CHAPALA

Washington, March 27.—The departure for Mexico City of Francisco Leon de la Barra, Mexican ambassador to the United States who was appointed minister of foreign affairs in the new cabinet of president Diaz, official Washington believes the initial stage of an era of peace in Mexico has been inaugurated.

Preparations are being made to entertain president Diaz at Lake Chapala during Holy week. The Chapala Yacht club, composed of Mexico City and Guadalupe men, will inaugurate a club house at the town of Chapala on Sunday, April 9, and the Mexican executive, who is honorary president of the organization, is expected to be present.

Diaz has spent several Holy week vacations at Lake Chapala. Some time ago he promised the officials of the Chapala Yacht club to be present at the inauguration of the club house.

MAY STATION AN ARMY  
AEROPLANE AT EL PASO  
San Antonio, Tex., March 27.—Major George S. Squier of the signal corps has returned to the maneuver camp after a week's horseback trip along the Rio Grande for the purpose of establishing aeroplane scouting stations.

## STEVENS SEES SITUATION AS GRAVE

### Says People Are Impatient With Diaz—New Cabinet May Save Situation.

## ASTOUNDING CHANGE IN PUBLIC ACTION

(By Otheman Stevens).  
Mexico City, Mex., March 27.—The first ray of promise has occurred with the cabinet resignation.

This action is also taken as an indication that Diaz is yielding to the arguments of the men he trusts and also as a result of strong diplomatic representation. A following of his cabinet reconstruction by a sincere program of reforms would clear the air, but if it does not follow the outlook would be indicated by storm signals.

## SITUATION LOOKS GRAVE

Outside of these palpable inclinations toward a cessation of reactionary policy, the situation here looks very grave. It is evident that diplomatic pressure is being used to arouse the government to prompt and effective action.

## STRONG SENTIMENT AGAINST GOVERNMENT

On the trains, in hotel lobbies, everywhere I have talked with citizens, talk has been nine times out of ten, against the government; in fact, so far as sentiment goes, there is as much outspoken sentiment here as I found in insurrecto circles in the state of Chihuahua.

## REBELS TAKE THE TOWN

El Valle Is Raided.  
The rebels took the small town of El Valle, situated about 18 miles east of this city, last Sunday without encountering a single difficulty and without a shot being fired.

## BRIDGES ARE BURNED

Rebels have again been interfering with traffic on the Mexican International between Torreon and Durango. Thursday morning a band of Insurrectos burned a bridge north of Pedriena, causing slight damage.

## BRIDGES ARE BURNED

Rebels have again been interfering with traffic on the Mexican International between Torreon and Durango. Thursday morning a band of Insurrectos burned a bridge north of Pedriena, causing slight damage.

The order was given to run the regular passenger train and to transfer at Huachic, but before the order was executed news was received of the destruction of another bridge north of Trinidad, making such a transfer impossible and the passenger train did not leave yesterday for Durango.

The leader of the band captured Friday night claimed to be cousin of Madero, and was well supplied with United States currency, several thousand dollars being taken off his person.

SEVENTY REBELS DEFEATED.  
Lerdo, Coah., Mex., March 27.—A band of 70 rebels was defeated near the San Julian dam on the Aguanadul river by a small detachment of federal troops. The rebels left six dead and two wounded on the field. The federal loss was not stated.

## INSURRECTOS ALSO TRY TO TAKE THE TOWN OF INDE IN STATE OF DURANGO

### Several Are Killed on Each Side—Bridges Burned on International Road.

## NUMEROUS SMALL FIGHTS REPORTED

Torreon Mex., March 25.—(By mail.)—Further details of the fighting at Aufrera ranch show that Capt. Duran, the leader of the federal forces in the attack on the rebels, was shot in the back after having been wounded. All the evidence goes to show that he was wounded and being conducted by the rebels to the rancho re Gatuno when he was shot from behind, his body being found by searching parties attached to the government forces.

The regulars under Capt. Duran and the volunteers under Capt. Meliton Ramos were stationed at Glitta hacienda, when they received word that the rebels were in the vicinity of Matamoros. They encountered them in an almost impassable mountain, the rebels being the regulars and the regulars being the rebels.

## LOOT THE TOWN OF EL VALLE

Parral, Mex., March 27.—Fifty men, armed and mounted, held up the large Providencia ranch near Tepozan, in the state of Durango, belonging to the Soto estate, and ransacked the place from top to bottom in efforts to secure rifles, ammunition and food. The family was not subjected to any violence whatsoever; in fact, the men went about their work in a manner that was most genteel in the search of the premises. One of the invaders accidentally knocked a glass pitcher from a table in his search and was most apologetic to the inmates for his seemingly awkwardness and offered to pay for the damage, which was refused.

## REBELS RETAKE A TOWN IN THE STATE OF MORELOS

Cuernavaca, Mex., March 27.—Following two skirmishes in which a number of rebels were killed, federal troops under the command of Xerique Rojas Saturday recaptured the town of Jofutla in the state of Morelos, which was taken by the rebels last week.

Continuing their march the government troops met and defeated another rebel band in Tlatelcan. From there they proceeded to Jofutla, their progress being marked by a few minor skirmishes. A number of prisoners were taken in the fight in the latter town.

## LAS VACAS IN REAR OF AN ATTACK

### Trevino Ranch South of Del Rio Is Raided—Insurrectos Released on Bond.

## ONE OF THEM WAS A GENERAL

Del Rio, Tex., March 27.—The troop of cavalry sent from Las Vacas Saturday to San Carlos, where revolutionists were making a threatening demonstration, have not been heard of and all wires south of there are cut.

For several days past, unusual activity has been noted among the Mexican federal soldiers at Las Vacas. Apprehensive of an attack, which is hourly expected, they have kept sentinels up on the adobe fortifications surrounding the barracks and other important buildings. A messenger leaving San Carlos Saturday morning reports a well armed body of revolutionists appearing in and about that place and San Vicente, taking horses, provisions, etc.

San Carlos is 30 miles south of here and headquarters of the immense holdings of Sr. Don Lorenzo Trevino. Sixty thousand acres are in cultivation and under irrigation and immense stores of corn, rice and other provisions are kept in the mammoth ware houses. Trevino has several thousand head of the best horses in northern Mexico.

All the revolutionists captured near Sanderson by secret service men were given bail here before United States commissioner Garner. Americans trying the bonds. Their preliminary trial is set for this afternoon at 4 o'clock.

J. A. Guajardo, formerly a member of the federal congress of Mexico, and the man who was to be general of revolutionary forces in the mountains west of Del Rio, is among those arrested. He was captured with 12 others near Sanderson Friday night. Three of them are Americans. H. J. Ware, a prominent capitalist, immediately made bond for Guajardo, who is of striking intelligence and commanding appearance. The bond was fixed at \$1000 for each, on request of E. C. Wyatt, special agent of the department of justice.

Twenty-five thousand rounds of ammunition, 50 rifles and 2500 worth of provisions were also captured. Estevan Hernandez, a well known Del Rio merchant, was among those arrested.

The change is setting on foot a military expedition in the United States against Mexico. Great excitement has prevailed and the courthouse was crowded with sympathizers on Saturday. Shouts of "Viva Madero" were frequent.

More Arrests at Sanderson.  
Sanderson, Tex., March 27.—Four more revolutionists were brought in Sunday morning, having been captured on the Rio Grande Saturday afternoon at Reagan Gap, about 20 miles southwest of this place. One of them is an American and gives his name as Gen. Saunders. He spent several days at this place before going to the river. The men were taken at a camp on this side of the Rio Grande and had 1200 pounds of flour in bags, a quantity of meat, onions, crackers, etc., as well as several guns, though the ammunition was unloaded by the soldiers making the capture. Capt. Conrads of the Third cavalry was in command.

The prisoners were taken to Del Rio today, where they will be given a hearing by the United States commissioner.

Eight of the 12 horses captured in the raid in this town Saturday night, were claimed to be "swot" or spotted animals, and river guards will seize and sell them as soon as the men are given a hearing.

The leader of the band captured Friday night claimed to be cousin of Madero, and was well supplied with United States currency, several thousand dollars being taken off his person.
