**HAVE DARK HAIR AND LOOK YOUNG**

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully black, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This remedy can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a sponge or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.—Advertisement.

**Need Glasses? Ask Segall**  
(What It Stands For)

WHEN Mr. J. R. Segall came to El Paso, in 1901, and started an optical establishment he coined the above phrase. Today "Need Glasses? Ask Segall" is the best known advertising phrase in El Paso and throughout the entire Southwest. This has been due not alone to persistent advertising in newspapers and other mediums but to the personal endorsement of Segall patrons who have never failed to urge their friends to "Ask Segall" when they required anything in the way of optical work. We cite these facts merely to show you that you cannot go wrong if you depend on Segall for optical work.
