HOW TO FIND OUT

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling usually indicates an unhealthy condition of the kidneys. Too frequent desire to urinate, scanty supply, pain or dull ache in the back, should also convince you that the kidneys or bladder are out of order.

What to Do. There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, fulfills almost every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold urine, and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate.

The mild, pleasant and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful results in the most distressing cases. If you need a medicine, you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle of Swamp-Root, the great kidney remedy, and a book that tells all about it, both sent absolutely free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure to mention that you read this generous offer in the El Paso Daily Herald. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

SOMNAMBULIST WALKS IN CARNEGIE SQUARE

Mabel Richardson, Who Has Been Ill, Found Monday Night by Passerby.

Mabel Richardson, the 16-year-old daughter of Mr. and Mrs. Edmond Richardson of 408 1-2 North Oregon street, was found in Carnegie square shortly after 12 o'clock Monday night wandering aimlessly about, evidently walking in her sleep. The child was barefooted, bareheaded and scantily clad.

Reeves Davis, on his way home from his place of business at the corner of Main and Oregon streets, first noticed the child and reached her together with Frank Frickleton, 1123 North Oregon street, and J. V. Schertz from the Y. M. C. A. The men tried to wake the girl, but could not do so. Policeman Thompson, of the plaza beat, took the child to the police station, but she could not tell anything more than that her father's name was Richardson and a search through the telephone list finally located him. He was called to the station and took the child home, explaining that she had been ill, which was assigned as cause for her strange actions.

TUESDAY'S GAMES POSTPONED. National League—New York at Cincinnati, rain; Brooklyn at Chicago, wet grounds.

Good Texas Rain. Tyler, Tex., May 17.—East Texas had a good rain continuing through last night and this morning. It will be of great value to growing crops.

Rain Helps Crops. Hillsboro, Tex., May 17.—Katy lake north of here, rose six feet today and the creeks are overflowing as a result of a three inch rain last night. Little damage was done. The rain will be of great value to crops.

Common Sense Remedy. The manufacturers of Electropodes—thin copper and zinc plates, to be worn in the shoes—have hit upon a novel, but extremely effective, method of treating bodily ailments. Rheumatism, neuralgia, nervous headaches, insomnia, stomach and liver troubles, are quickly corrected and permanently cured, by means of Electropodes.

If your druggist cannot furnish Electropodes—write to Western Electropodes Co., 261 Los Angeles St., Los Angeles, Cal., and they will see that you are supplied. If Electropodes fail to cure, the \$1.00 deposited with is returned.

USE ALLEN'S FOOT-EASE. The antiseptic powder is shaken into the shoes. If you have tired, aching feet, try Allen's Foot-Ease. It treats the feet and makes new or tight shoes easy. Cures itching, swollen, hot, sweating feet. Relieves corns and bunions of all pain and gives rest and comfort. Always use it to break in new shoes. Try it to-day. Sold everywhere, 25 cts. BLACK RANGE COMPANY ADDS MACHINERY AT CHLORIDE. The Black Range Reduction company is having surveys made near the hot springs, in the vicinity of Monticello, preliminary to the installation of electric machinery for producing about 200 horsepower for the company's properties in the north bend of the Black Range district.

The owners of the Gold Dog properties expect to install a large plant of machinery, including an air compressor and other surface equipment soon.

A telephone line has been completed a distance of about three miles from the office of the U. S. Treasury Co., at Chloride, to the company's main workings at shaft No. 1.

TEXAS MINERAL PRODUCTION. W. Phillips says in the Mining Scientific Press that in 27 years, ending with 1908, the mineral output of Texas had amounted in value to \$151,678,848. He estimated the output for 1909 at \$15,000,000 additional. He also says the Presidio silver mine at Shafter is famous, the El Paso tin deposits show distinct promise, the Plateau zinc properties are now shipping, and the discovery of an adequate water supply has put mining in the Quitman mountains on a new basis.

RUSH FOR MEXICAN GOLD. There has been a rush, says the Torreon (Mex.) Enterprise, at the mining agency in the Santa Maria de Oro district. A prominent mining man who came to Torreon to buy supplies states a number of new mining claims have been taken up. The properties are rich in gold, silver and copper.

PARRAL CAMP PRODUCTION. The approximate production of the Parral camp for last week was 11,490 tons, of which 2670 tons were shipped to the smelters and 7820 tons were treated in local mills.

HOSTETTER'S CELEBRATED STOMACH BITTERS. Any man or woman suffering from constipated bowels or imperfect digestion will be benefited by the Bitters. It is for Sick Headache, Sour Stomach, Indigestion, Constipation and Malaria.

LOCATION SECURED FOR GIRLS' SCHOOL

Terrace Street Residences Will Be Improved for Three Years' Use.

The El Paso School for Girls has selected a location for the first three years of its existence. After that time it is expected to have a permanent home for the educational institution. The committee having the selection of a site for the school in charge has leased the three houses on Terrace street belonging to Mrs. Empress Arrington and they will be fitted for the use of the school. The announcement of the deal was made Tuesday by L. E. Behr, chairman of the building committee, which is composed of himself, J. G. McNary and Charles Newman. The selection was made after the committee had examined more than 10 prospective sites for the location of the school, and will be used until a permanent location is secured. The buildings, which were leased by the committee, consist of two story residences and a cottage. They will be heated by a steam heating plant installed for the group. Other changes will also be made to fit the buildings for the use of the new school for girls of El Paso and the southwest.

RICH SAYS THE TRUST IS BUSTED Confirms Advice From New York That Managers Are Organized.

Frank Rich, who returned today from Los Angeles, where he signed a company for the summer season at the El Paso Airdome, confirms the Herald's New York advice that the theatrical managers of the country have at last formed an organization which will successfully combat the booking trust.

"In a way," he said, "the El Paso theater will be open for all attractions bound to or from the coast and will play them regardless of whether they are backed by the trust or the Shuberts. The managers of the country have at last freed themselves from the domination of the booking agents. We are doing our own booking and acting direct with producers of shows."

Mr. Rich's new company, headed by Ollie Mack, noted as one of the Murray and Mack team, will reach here Wednesday from California, for rehearsal preparatory to opening the Airdome next Tuesday evening.

TALKING PICTURES. The Majestic will reopen Sunday night with human talking pictures. Frank Rich, who has just returned, closed a contract while away for the greatest talking picture ever seen in the picture business, he says, a company of actors who have played all the principal theaters of the country under the management of A. R. Adamson, will play the comedies and dramas and make the entertainment one of the most novel of the century, he declares.

MEXICAN SMUGGLERS SWIM THE RIVER Chinamen Are Captured But Men Who Smuggled Them, Escape.

"Safe." A line of Chinese characters, much resembling a laundry sign, but meaning "safe," was found written on paper slips carried by each of the seven Chinamen arrested Monday night by immigration inspectors.

From their station near the stand-pipe, inspectors Keep and White witnessed a party of celestials fording the Rio Grande from the Mexican side. When the men arrived they were promptly seized by the officers. Two Mexicans formerly unnoticed, leaped back into the water and started for Mexico. It is alleged that they were minus their clothes. The seven Chinese are now in jail.

In the possession of each Chinaman was a mysterious piece of paper bearing its hen scratch of assurance. It is explained by the officials that the paper is a waybill, to have been returned the king smuggler in case of a successful passage.

WOMAN CHARGED WITH INSANITY. Mrs. Pankin was arrested Tuesday morning by the police and a charge of insanity registered against her at the police station. She was formerly employed as a domestic at the home of postmaster J. A. Smith but left several weeks ago. She returned Tuesday morning and attempted to take possession of her old room.

U. S. STEWART IMPROVES. U. S. Stewart, president of the City National bank, who has been in Portland, Oregon, for the benefit of his health, is planning to spend the summer in Honolulu. Mr. Stewart is much improved in health and has almost entirely recovered from the effects of the nervous breakdown, which caused him to retire from active business.

DOBBY QUITS AND DORBANDT IS ELECTED

Report of Auditors of School Books Withheld by President Carpenter.

Monday night the school board met, accepted the resignation of W. L. Dobby, which has been in for some time and selected Robert L. Dorbandt to fill the vacancy. The report of the auditors, which is 200 pages in length, was read and an adjournment was taken until next Monday night when the teachers will be elected for next year and the matter of summer salaries will be decided upon. Last year this matter was left entirely to the internal committee, but the present board will discuss it as a whole before it is passed upon. When a Herald reporter asked president A. H. Carpenter for the report of the auditors Tuesday morning, he declined to show it, stating: "The grand jury requested that we present this report to it and we cannot give it to you until after they have had it."

KANSAS WOMAN BUILDS FORT STOCKTON HOUSE

Publishing Company Also Lets Contract for Building; New Store and Other Improvement Notes.

Fort Stockton, Tex., May 17.—Mrs. Dacy, who moved here from Kansas, has let the contract to Stackhouse & Curry, for the construction of three residences, one a two story, to cost about \$7000. She will put down a well to supply water for the neighborhood.

J. E. Lilly, of Commerce, Tex., who has moved his family in his new home north of Fort Stockton, will open a stock of dry goods on Stockton street.

The Pioneer Publishing company has let the contract for its printing office to Rev. Mr. Clark, and when completed it will install up-to-date machinery to cost over \$1500.

James Rooney is having a deep well bored on the old Fort addition to furnish water to the hotel and other establishments.

The commissioners' court met Monday to equalize the taxes of the county. J. E. Cepe, who has delivered the last of his cattle expects to retire from the business.

F. Hornbeck, of Kansas City, general townsite agent for the Kansas City, Mexico and Orient railway, has bought additional real estate in Fort Stockton.

OLD SOLDIER MAKES STRONG STATEMENT

John Lynch is an inmate of the Soldiers' Home at Monte Vista, Colo. In a recent communication, which he desires to be given the widest possible publicity, he says:

"Cooper's New Discovery medicine was a Godsend to me, and I am recommending it to my old comrades in the

Home here I had stomach and liver trouble for years. My sleep was so broken that I never got a good night's rest. My entire system became affected. I felt weak and tired out all the time, and was declining rapidly in spite of treatment by doctors and other remedies which I used. For twenty years I took more or less medicine of various kinds, with little benefit.

"I was finally induced to try Cooper's New Discovery, and it has made me sound and well. There is not a sign of liver nor stomach trouble left, and I feel wonderfully strengthened and invigorated."

All the vital organs, the blood and nervous system, the recuperative forces, are supported by the stomach, which is therefore the conservator of life and health. When the stomach has been abused, all sorts of disorders ensue, malaises of most kinds being due to derangement of its functions. Indigestion and dyspepsia are the most common results. The liver becomes inactive, creating biliousness and worse; the bowels become constipated, and their failure to out the fecal matter poisons the entire system. The kidneys also pay the penalty of this neglect—suffering and disease soon gain control.

If your health is not all that it should be, get a treatment of Cooper's New Discovery at once. Don't delay, which is germs of disease work all the time. We are agents for the Cooper medicines—Kelly & Pollard.

LOW RATES ON NEW CONCRETE BUILDINGS COMPARED WITH BRICK

New Caples Building Takes Rate of 62 Cents While the Springer Store Takes Rate of \$1.07 and Coles Block \$1.92.

The chamber of commerce insurance committee is at work on the report which is to be made to the directors of the chamber of commerce Wednesday afternoon. In this report the recommendations of the committee appointed at a joint meeting of the chamber of commerce, the Retail Merchants' league and citizens at the chamber of commerce Friday evening, will be made as to the best method of proceeding against the enforcement of the new rates.

In the course of its work gathering this data, interesting comparisons of the old and new rates are shown. The rates which formerly applied under the Hartford tariff and the new rates as applied by the rating book recently sent out, are as follows on a number of well known buildings downtown:

Building	Rate	Rate
First National bank bldg.	\$1.65	\$3.12

The concrete building, the only one of the new type of building to which a rating has been applied in the new rating book, takes a rate of 62 cents for the building and 65 for the contents. No rate has yet been applied to the new Rio Grande building. A comparison of the rate with some of the old style brick and wood construction buildings downtown, shows the difference in rates on the new style structure and the old.

On account of H. D. Slater, chairman of the committee, being at Cloudcroft, W. E. Anderson was made chairman and J. F. Williams was appointed to fill the vacancy on the committee.

DEATHS AND BURIALS. MRS. J. R. SALAS. Mrs. J. R. Salas, wife of a merchant tailor of that name, died at midnight Monday, at the family residence, 611 South Virginia street. Mrs. Salas had been ill six months. She was a native of Las Cruces, and is survived by seven children. Mrs. Salas was 41 years of age. Funeral services will be held at 3 o'clock Wednesday in the Sacred Heart church.

MISS MARIE McGRATH. Funeral services for Miss Marie McGrath, who died at San Antonio May 14, were held Tuesday afternoon in El Paso at the Immaculate Conception church. Interment was made in Evergreen cemetery. Miss McGrath, who was 68 years of

age, lived in El Paso 25 years with her niece, Mrs. M. Sullivan, 1018 Octavia street. For three years she had lived at the St. Frances home in San Antonio.

FORMER SMELTER MANAGER PLANS MINE IMPROVEMENTS. Robert S. Towne and associates, who are owners of the Plotonias copper mines in the Hidalgo district, Mexico, are figuring on the erection of a smelter near Encarnacion to treat their ores and also for custom smelting. An electric railway to Sayn, on the National, is also planned. The Plotonias mines were purchased, says the Torreon Enterprise, last year from W. R. Vacher and associates, for \$100,000. The Towne interests had the mines for some time before purchase and spent a large sum in exploration and development. Mr. Towne was the original manager and inaugurator of the El Paso smelter.
