

Two Demonstrations

THE FIRST--Demonstrating the advantage of buying wearing apparel and accessories where styles are absolutely "correct" and prices the lowest.

The balance of the week, we demonstrate fully our ability to offer bargains. In addition to the bargain items, special attention is directed to the display this week of suits and costumes that will satisfy all requirements for the Horse Show.

New Persian Waists

We have just received a special shipment of the latest ideas in Persian Waists. These are satin waists, and the designs and colorings are much more beautiful than the waists brought out earlier in the season. To these new Persian waists we add a special lot of taffeta silk waists, that range regularly up to \$6.75, and give you choice from both lots, the balance of the week, at \$4.95.

\$1 Silk Hose 50c

Another shipment of silk hose has arrived, and will be included in our bargain list for the balance of the week. These are black silk hose, a regular \$1.00 grade; on sale the balance of the week, per pair 50c.

Handkerchief Special

Tomorrow we place on sale 100 dozen pure linen handkerchiefs. There are six patterns to choose from. Some of these handkerchiefs are simply hemstitched, others are finished with imitation Armenian lace, and still others hemstitched with hand embroidered spray or initial. Regular 25c handkerchiefs; on sale as long as they last, 3 for 50c.

The Newest Idea--

Velvet Bags

One of the novelties of the season is Black Velvet Bags. These are finished in either gold or pearl, have handsome silk cord handles, and are, altogether, very handsome bags. In addition to velvet bags, we are showing black velvet belts, one of the fashions of the moment.

THE SECOND--Demonstrating the merit of the celebrated "Modart" the improved front laced--Miss Elizabeth Smith, special corsetiere from New York, in charge.

Beauty--

and practicability have been combined in the

"Modart" Corset

All the rigid requirements of modern gowns are met in the Modart Corset. It is perfectly comfortable. It is graceful and symmetrical. It laces in front and is easy to adjust. It moulds the figure to a stylish contour. It conceals and retains without compression any surplus flesh of the back, hips and limbs. It aids full chest development and unrestricted breathing. It establishes a correct poise, an artistic, attractive figure. It gives positive support to the abdomen. It fits perfectly whether the wearer is standing or sitting, thereby meeting every possible requirement.

ATTEND DEMONSTRATION IN OUR CORSET SECTION.

a boundary established by congress. **The Rio Grande.** A. B. Fall asserted that it made little difference whether the Rio Grande or the Rio Bravo del Norte, are named in the description, for both names have been in use since 1618. A map of that date in his possession gives both names, and a French map of 1720, also in his possession, gave both names, although strictly speaking, the Rio Grande is that portion of the Rio Bravo del Norte below the mouth of the Rio Concho.

Majority Gets to Work. After a lengthy caucus the Republican majority has decided in caucus and for all that the judges of the proposed corporation commission shall be elected by the people and not appointed by the governor; that the initiative will be left out of the constitution altogether; that the referendum in a modified form and the employers' liability act will both be incorporated into the constitution.

The Republicans came together after milling around ever since the convention was called to order. There was a wide difference of opinion among the members of the majority and an agreement was reached only when the various factions each surrendered something for party harmony. A strong fight was made for the initiative but it was finally defeated in the caucus. The things decided in caucus will be adhered to in the convention.

In the convention yesterday the entire morning was devoted to a discussion of the preamble and the boundaries. The preamble definitely states that the name of the new state shall be New Mexico. The report of the boundaries committee annexes 600,000 acres in eastern New Mexico, now claimed by Texas.

To Regulate Railroads. The committee on corporations today adopted an absolutely unique suggestion in corporation commission procedure, which was suggested by its chairman, H. O. Bursum.

It provides that if the party or company against which an order of the commission has been issued refuses to appeal it to the supreme court, that the order and the documentary evidence shall be submitted to the supreme court, which shall be considered in session at all times for the purpose, to be passed upon judicially. If error is found, then the commission is immediately to correct it and resubmit the order. If no error is found, the order shall be affirmed without delay.

Mrs. De Loffre and her sister, Miss Heard, spent the summer traveling through Europe.

Col. and Mrs. Alfred C. Sharpe have moved into their new home and are at present entertaining Mrs. Sharpe's mother, Mrs. Richardson.

Lieut. H. B. Clagett has gone to Liberty, Tex., to take up work of making military maps.

WHO ARE THESE MEN? The voters at the election to be held November 8th would do well to carefully consider the merits and qualifications of the following men, and if so we believe they will be given support.

Robert M. Webb is the Republican nominee for congress from this, the Sixteenth District. Mr. Webb lives at Colorado, Texas, where he has extensive business interests, and has long been known as an influential and useful citizen.

Edward W. Earl, the nominee for the legislature, is a well known lawyer of El Paso, having lived here for the past six years. He is a graduate of the law department of the University of Indiana, but is a thorough going Texan, is wide awake and has a thorough knowledge of the needs of this section.

J. E. Rhein, an old time resident of El Paso, is the nominee for district clerk against Ike Alderete. Mr. Rhein is a well known citizen and taxpayer, has held responsible positions and in every way qualified for the office he seeks. We appeal to you to remember him when making up your ballots.

Lew Gasser, the nominee for sheriff, needs no introduction to the people of El Paso. He is a product of the old El Paso, grown fully up to the standard of the new. He is a thoroughbred and a hustler and would make a great sheriff.

J. J. Ormsbee, the candidate for commissioner from the city precinct, is superintendent of the El Paso Smelting Works, a citizen always identified with every movement for the betterment of the community. He stands high in business, social and church circles and his election to the board of county commissioners would be a great event in the history of the county.

C. M. McKinney, the candidate for commissioner from the third precinct, is a well known business man of Clint. He has lived in El Paso county for more than twenty years, and there is not a better informed man in the county than he as to its needs.

R. F. Mitchell, the present efficient constable, is a candidate for reelection. He has a splendid record as an officer, is well known and universally liked. The voters could not do better than to leave Mr. Mitchell where he is at present.

Our Big Sale Begins Tomorrow

Beginning tomorrow morning, we offer our entire stock of Children's Hats and Infants' Bonnets at cost and even less than cost. Our whole object is to dispose of this stock and do it quickly. We have no thought of profit.

Now, the reason for such a sale. It is simply, we are doing too much business.

When we opened our doors, we expected a certain amount of patronage, but we did not even hope for the immense volume of business that we are doing. So, as our store space is rather restricted, we have decided to dispose of our stock of Children's Millinery and devote ourselves and our store exclusively to supplying stylish millinery for the women and misses of El Paso.

Bear in mind, that this is an entirely fresh, new stock, a great part of it has never been taken out of the boxes.
