ALABAMA DEMOCRATS ARE SPLIT. Ex-Governor Oates Does Not Approve of Johnston's Course.

EFFORTS AT REFORM ARE TO NO AVAIL Matters Are to Go on in the Same Way—Story of a Sensational Character Denied.

Washington, May 19.—Representative Hopkins of Illinois is expected in Washington next week to meet with some of his supporters for the speakership in the new congress, and to organize an aggressive campaign for votes in the various State delegations.

Representative Lorimer of Illinois, who will be the principal manager of the Hopkins campaign, will meet him here, and it is understood that headquarters will be opened under the direction of Mr. Lorimer, who is one of the ablest political organizers among the membership of the house of representatives.

Representative Payne of New York will be in the field and denies all intimations that he is to withdraw from the contest. He is conducting an active campaign by corresponding with members of the house, and there is every reason to believe from appearances that New York will enter the contest with two candidates.

By Governor Oates of Alabama who is in the city, takes a pessimistic view of the political situation in his State. In a published interview this evening he is made to say among other things:

Everything is all right in Alabama except politics, and politics are in a bad way. The democratic party is seriously split and there is trouble in the camp. I am mighty sorry to see it. Very cordially, Robert Gilman Deard.

THE NICARAGUAN CANAL. Commissioners Have Finally Agreed on Their Report. New York, May 18.—A dispatch to the Tribune from Washington says: The Nicaragua canal commissioners, Admiral Walker, Colonel Hanks and Mr. Haupt, are understood at last to have settled the serious disagreements which have so long delayed the report of the commission and which for a time threatened to make necessary the appointment of a new commission under the authority conferred by the last session of congress.

The compromise effected among the commissioners resulted in their fixing the cost of the proposed waterway, which is pronounced entirely feasible, at \$125,000,000. It is believed the report will be signed and delivered to the president immediately upon his return from Hot Springs in Washington.

LUNA GROWS DESPERATE In His Efforts to Prevent Making of Peace. Manila, May 19, 5:30 p. m.—General Luna is said to be making desperate efforts to restrain the educated Filipinos within the limits of his self-appointed jurisdiction from communicating with the Americans, even to arresting Encarnacion and Herrera, two of the most influential officials, while on their way to Malolos to join those who are coming via San Isidro today.

ABSOLUTE SURRENDER. No Concessions to Anyone Is the Program at Washington. Washington, May 19.—Voicing the sentiments of the administration and his department, Secretary Alger said that hitherto he had not been sanguine that the peace overtures of the Filipinos were genuine, but now he is convinced of their genuineness and that the commission, which will arrive in Manila tomorrow, will arrange terms of peace on the lines
