MONDAY, AUGUST 22, 1910.

WEATHER FORECAST.

For Palestine and vicinity:
Tonight and Tuesday generally fair weather.

AUGUST 22 IN HISTORY.

- 1682—The Duke of York deeded the town of Newcastle and the contiguous territory to William Penn.
- 1757—First issue of the "Boston Weekly Advertiser."
- 1787—John Fitch's first side-wheel steamboat successfully tried on the Delaware river.
- 1849—Surrender of Venice to the Austrians.
- 1850—A southern rights convention met in Macon.
- 1851—The yacht "America" won the famous cup in the international regatta at Cowes.
- 1867—Pisk University, Tennessee, chartered.
- 1872—West Virginia adopted a new constitution.
- 1877—Canal at Keokuk on the Mississippi completed.
- 1903—Canadian Arctic expedition in the "Neptune" sailed from Halifax.

A GOOD SUGGESTION.

The suggestion has been made to the Herald by a citizen who has always stood for the best things for his community that it would be a good plan to hold a reception to the newcomers to Anderson county, making it possible for the people generally to get acquainted with their new neighbors. The Herald indorses the idea, and suggests that the Board of Trade plan such a reception and extend an invitation to the new people in the county, as well as the old residents, to meet here some day at an early time and hold a general get-acquainted meeting. In connection with this same program a good farm product exhibit could be held in the parlors of the Board of Trade, making the day one not only of social pleasure but of educational value and one of inspiration. If the Board of Trade is ready to co-operate in such a move the Herald will advertise the occasion and this paper feels sure such an invitation would be heartily responded to. We should have a good county exhibit at any rate, that we may know here at home just what we are doing. And while we are about it we should make the exhibit of such character that we could forward it to the Dallas Fair. Brethren of Palestine, we should be up and doing along this line. We need a more extended country business, and this is one of the best ways to secure it.

CAMPBELL TO THE SENATE.

While some of the papers and some of the people are hammering away at Governor Campbell and assailing him because he has had the honesty and nerve to live up to his platform and try and enact into law the things declared for in the party's platform, it is refreshing to find some other papers willing to give him credit for doing his duty. The following editorial from the San Antonio Light-Gazette will be read with interest by the friends of the governor:
Some folks in Texas would die of mortification if Governor Campbell should go to the United States senate in the event of the retirement of Senator Culberson, which is rumored today. There is no doubt that Governor Campbell, with his Scotch determination and sound sense on most matters, would make a splendid addition to that body. He might never be acclaimed a "matchless leader" or "the pearl of democracy," or "the hope of the nation," or any other of a lot of lickspittle terms, but he would probably cast no stain upon the reputation of the state. The fact that Governor Campbell has made so many enemies among the buzzards that infest Austin and try to look like eagles while picking the bones of the people, is a mighty good recommendation for the man.
He has made lots of mistakes, but the man who never did anything is the only one who never made a mistake. Campbell's record is pretty clean considering the fact that about five hundred professional character hawks have been after him for two years and have found very little to shout from the housetops.
At many times this newspaper has had cause to differ with the governor and his acts have not always met with the approval of the people of this section, but no one has ever questioned his honesty or his ability. Lots of people "get by" just because they mean well or are conscientious or are said to be honest. This is a mighty poor sort of recommendation for a man who thinks well of brains, but lots of our leading statesmen find it the only anchor.
Governor Campbell has been vigorous at times to the point of roughness, but after all, he is a rugged man and a brainy man and doesn't have to be sweet and nice to hold public opinion in his favor.
Here's hoping that Senator Culberson may long be spared to Texas, but that in the event of his retirement some one as straight as T. M. Campbell may take his place.

The Knocks' Club has been given no place in the Labor Day parade. 'Tis well.
Just two weeks from today until Labor Day, when we are all expected to frolic and show our appreciation of labor.
Senator Gore insisted that the congressional committee investigating his charges exonerate Vice President Sherman and Senator Curtis from any connection with the deals in question. Gore seems to be big enough to play the game absolutely fair.
Bids were opened in Washington Saturday for the construction of Palestine's federal building, and it is presumed the contract will be awarded and work begin pretty soon. Palestine is rapidly building into a modern little city, and this federal building is going to help.
President Madriz of Nicaragua has hit for the tall timber, and the press dispatches announce that Estrada is acting president. It is now a question of who will be the next cut-up over there. It takes hard work to hold down the presidency in South and Central America.
Special interests seeking special advantages from the government are in a large measure responsible for the crookedness in governmental affairs. Take the spirit of selfishness out of the game and most men would want to see the best laws for the common good. Repeat the tariff and much of the trouble will have been eliminated.
We are being assisted to some important distinctions. We are learning

that a politician in congress looks after his party and his immediate constituency, trading and scheming to get the most from the public crib for his people, while a statesman is a constructive history-maker, looking after the best policies for the government, guaranteeing the most good to the most people. It is, by the way, an important distinction.

NEWS OF MRS. PENNYBACKER.

Letters From Switzerland State She Will Sail For Home In September.

Letters recently received from Mrs. Percy V. Pennybacker, written in Switzerland, show that she is fast regaining her normal strength after a severe illness, and is looking forward with delight to her return home by the middle of September. She, with her children, will sail from Cherbourg on September 9, on the steamer Cincinnati of the Hamburg-American line.

LYCEUM ANNOUNCEMENT

The Alkahest Bureau Will Furnish Palestine With a Fine List of Attractions This Year.

All lovers of high-class entertainment will greet with delight the Palestine Lyceum's announcement of the 1910-1911 course, which is to be brought to Palestine this year. The management has arranged with the "Alkahest Bureau" for the strongest attractions obtainable, and every number indicates the standard set. Appreciating the popular love for good music, six of the seven entertainments will be concert companies, glee clubs, orchestras and the like, and Dr. Thos. E. Green, the lecturer selected for this season, is a deep thinking orator of great ability. In order that this course may delight greater numbers than before, the management has arranged for all the attractions to be given at the New Temple Theater, while the popular priced season tickets will be sold as was done last year, \$2.00 for a single course ticket, \$3.00 for a double course ticket (admitting two to each of the seven entertainments.) The usual charge of ten cents for reserved seats will be made, there being no free seats this year.

The following are the attractions:

1. College Singing Girls and Walter Eccles.
2. Dr. Thos. E. Green, Lecturer.
3. "Alkahest Ladies" Quartette.
4. Fisher Shipp Concert company.
5. Rounds (Orchestra of Ten People.)
6. Wilbur Starr Quartette company.
7. Chicago Glee Club.

As the subscription list for the course must be closed at once, the management requests that you phone in your request for tickets to 414 or write a postal to the Palestine Lyceum, stating the number of tickets to be saved for you.

Boys' Corn Club Had a Big Day Here Saturday

The Anderson County Boys' Corn Club were guests of honor of the business men of Palestine Saturday, and to say they were treated royally and had a big day of it is scarcely an exaggeration. The club boys, some thirty-five strong, met at the Board of Trade rooms in the morning, and were taken in charge by Secretary Sterne of the Board, who devoted the day to them. The boys present ranged in age from thirteen or fourteen to twenty, and the first thing Secretary Sterne did was to buy each of them a wide-brim straw hat, as part of their club uniform. After a short time spent in the Board rooms, a line of march was formed, headed by Col. George A. Wright and Mrs. Gerling, the latter the president of the club, and a march was made up the front street, to the Lindell Hotel, where a special dinner had been arranged for the

club. Dinner began at 2:30 and the program lasted until after 4. A splendid dinner was served, and following the menu a number of good talks were made by local men. Secretary Sterne acted as master of ceremonies, and first introduced Mrs. Gerling, who made a splendid talk. She was followed by Mrs. Deming, and then Dr. C. S. Bratton, R. R. Claridge, Geo. A. Wright and Prof. Buck were introduced in turn and all made happy talks to the boys. The boys went home happy and proud to belong to the club. The club is composed of some eighty members, but all of them could not be present. However, every member has promised to make the effort to be here on Labor Day and join the mounted brigade in the parade. This promises to be one of the big features of the Labor Day parade. Anderson county has cause to be proud of the Boys' Corn Club.

MARRIED LAST EVENING.

Mr. D. C. Bowdon and Mrs. Margaret Starr United in Marriage.

Last night at 9:30 o'clock, at the parsonage of the Centenary Methodist church, Mr. D. C. Bowdon and Mrs. Margaret Starr were united in marriage, Rev. James Kilgore officiating. The marriage came as a complete surprise to the friends of the contracting parties, but all will join the Herald in extending best wishes. Mr. Bowdon is a prominent business man of the city, an old-time resident, and a man with a large circle of friends, while his bride is a most estimable woman. They are now at home at Mr. Bowdon's pretty home at 111 Royal street.

OIL MILL DESTROYED.

Navasota Oil Mill, Valued at \$75,000, With Insurance of \$30,000.

Navasota, Texas, Aug. 21.—Fire was discovered in the Schumacher oil mill last night about 10:30 o'clock, and resulted in a disastrous blaze. The fire started in one of the cotton seed conveyors and its origin is unknown. It rapidly spread and threatened all the nearby buildings. Notwithstanding the fact that the mill has its own water system for fighting fire, the firemen were unable to check the spread of the flames. The mill was a total loss. The mill was built thirty-six years ago by H. Schumacher and has always been a paying institution for Navasota. The mill had been equipped throughout with modern machinery. The loss is estimated at \$75,000, with \$30,000 insurance. The mill at present was owned by a stock company, the principal holders being the Schumacher heirs and Messrs. Templeman, Terrell, Wesson and others.

SUBJECT TO SETTLEMENT.

Much Valuable Land Previously Withdrawn Has Been Restored.

Spokane, Wash., Aug. 20.—Official notices received by the United States land office in Spokane say that 493,386 acres of land in Washington, Oregon, Idaho and Montana, previously withdrawn from entry, have been restored to the public domain in an order issued by the department of the Interior following a proclamation by President Taft. The lands, which are mostly covered with timber and are suitable for agriculture, will become subject to settlement and entry this year under the provisions of the homestead laws at the land offices in these several states. Oregon heads the list with more than 300,000 acres, upon which filing may begin on October 22, entry on November 21. Idaho has 127,566 acres, open to settlement on October 22, entry November 21. Washington is third with 57,169 acres, open to settlement on October 18 and entry on November 17. Montana, 9120 acres, open to settlement October 22 and entry November 21. Some of the lands are surveyed. It is also announced that much of the land remains unappropriated.

Notice to M. B. A.

The Modern Brotherhood of America will meet in regular session in the Fraternal Brotherhood hall over the Royal National Bank at 8:30 p. m., Tuesday the 23rd, next. All members and one to be initiated will please take time and be on hand promptly at 8.

Dollie J. Smith, Secretary.

FENCE IN UNITED STATES HOT CONTEST IN GEORGIA

Queerest Artificial Boundary In Existence Will Separate United States and Mexico.

(Herald Special.)
San Antonio, Texas, Aug. 22.—The longest fence in the world and the queerest artificial boundary established between two countries anywhere will in the near future separate the United States and Mexico. According to a dispatch in the Mexico Record, a final agreement to that effect has been drawn up between the two governments and the fence will be built in the very near future. It will be constructed of stout posts, possibly reinforced concrete, and five-strand, steel-tight barbed wire. In all places where the United States government owns the land the fences will be set up 20 meters or about 60 yards to the north of the true boundary line, and where the ground is owned individually the fence will stand on the exact border. Mounted Mexican rurales will patrol the fence on the south and United States rangers will do the same on the north.

The immediate purpose of the fence is to prevent cattle from the two countries from straying onto foreign soil. It will also be useful in the prevention of infectious diseases among cattle, especially the tick. However, the fence will have usefulness in other directions. It will render smuggling and the illicit immigration of Chinese and others into this country more difficult than they are now. About one thousand miles of fence will have to be erected.

WEATHER FORECAST.

Published By Authority of the Secretary of Agriculture.

For Palestine and vicinity until 7 p. m. Tuesday: Tonight and Tuesday generally fair weather.
Minimum temperature, 76.
Maximum temperature, 98.

Weather Conditions.

Four areas of low pressure appear upon this morning's map; one overlies the northern portion of the Mississippi valley, another is over Utah, the third covers Arizona, while the fourth overspreads the British northwest. Rain has fallen in the South Atlantic states, the lake region, and over scattered areas in Colorado, Kentucky, Louisiana and Missouri. An area of high pressure which is entering the North Pacific states is causing cooler weather in that section. The following heavy precipitation (in inches) has been reported during the past twenty-four hours: Louisville, 1.48. The pressure distribution indicates generally fair weather for this vicinity tonight and Tuesday.

T. R. Taylor,
Official in Charge.

Married at the Parsonage.

Last evening, just after the church service, Rev. Howard Davis was called upon to unite in marriage Miss Pearl Face and Mr. G. B. Brittan. Miss Face is a very popular lady, and for a long time was an employe at the Grand Leader. Mr. Brittan also has a host of friends, who offer congratulations.

Car load of buggles and surries, 1910 styles, just set up at H. Schmidt & Co's. 12-11

Thomas E. Watson, Populist Leader, Has Figured Prominently in the Democratic Campaign.

(Herald special.)
Atlanta, Ga., Aug. 22.—Democrats of Georgia in a primary election tomorrow will nominate a state ticket and members of the legislature and ten representatives in congress. Nominations are equivalent to election. The primaries will determine whether former Governor Hoke Smith or present Governor Joseph M. Brown shall be the next governor. The contest has been an extremely bitter one, with former Congressman Thomas E. Watson, the erstwhile populist leader, looming up as one of the dominant factors. It is generally conceded that the result of the primaries will mean the political annihilation of Watson or his elevation to greater power than he has yet wielded in the Georgia democracy.

Watson has refrained from taking any active or prominent part in the bitter fight between Smith and Brown for the governorship. He has contented himself with waging a fierce warfare against some of the democratic candidates for congress. All of the ten members of the Georgia delegation in congress are candidates for renomination. Watson is endeavoring to prevent the return of five members of the delegation. They are Congressman Hardwicke of the Tenth district, Howard of the Eighth, Edwards of the First, Livingston of the Fifth, and Bartlett of the Sixth district. In his contest against the five congressmen Watson has been speaking for the other candidates and in several instances he has met Hardwicke and other candidates in joint debate.

Another Real Estate Bargain.
