MOTORMAN TIEMAN DECLARED RESPONSIBLE FOR THE FATAL COLLISION ON THE ILLINOIS TRACTION LINES TUESDAY.

(Herald Special.)
Staunton, Ill., Oct. 5.—In a signed statement today H. F. Chubbuck, vice president and general manager of the Illinois Traction system, holds John Tierman, the motorman of the north bound car, fully responsible for the collision late yesterday between two interurban trains one mile north of here in which thirty-six people lost their lives. Following the collision Tierman fled to Staunton and withdrew his savings from a deposit vault and left town. He was arrested this morning at Carlinville, where the dead are assembled. Tierman disregarded his orders to wait for the passing of two sections of the south bound limited. After the first section passed Tierman proceeded northward, and collided with the second section at the foot of a curve in a ravine.

An Earlier Report.

Staunton, Ill., Oct. 4.—Thirty-seven persons were killed and from sixteen to twenty-five injured in a collision on the Illinois Traction system two miles north of here late this afternoon. Three of the injured and possibly more are not expected to survive. Reports from the wreck up to the present time have been difficult to obtain, and although some of the statements received from there make the number injured as high as fifty, it is not believed there will be over twenty-five. Only three of the dead have been identified as yet, and these are officials of the system. They are: W. N. Street, Staunton, Ill., assistant trainmaster of the traction system; D. V. Black of Springfield, assistant superintendent of motive power and equipment.

The collision occurred between local train No. 14, north bound, and an excursion train, No. 73, headed toward St. Louis and loaded with passengers on their way to view the parade of the Velled Prophets at St. Louis. The accident, according to the present information, was due to disregard of orders by the crew of local No. 14, which was in charge of M. A. Leonard, conductor, and John Tierman, motorman.

Train No. 14 had orders to pass train No. 73 at Staunton. The latter train was running in two sections and the orders given to No. 14 were explicit that it should pass both sections of the north bound train at Staunton.

The first section of No. 73 had passed when the crew of No. 14 pulled out on the main track and started north. At a sharp turn in the road called Dickerson's curve, which is two miles north of this place, the two trains came together in a splintering crash.

Train Struck Auto.

Gainesville, Texas, Oct. 4.—As automobile No. 9, belonging to J. C. Riser and driven by Bercher Whaley, was returning to the city from the county fair grounds this afternoon, it was struck by an east bound Katy passenger train and smashed to pieces. The car was full of passengers when struck by the train and the fact that none was killed or seriously injured is almost a miracle. With the exception of a mangled hand sustained by Driver Whaley when the train came to a stop, all the occupants of the car were found to be uninjured.

POLICE AND DETECTIVES BELIEVE THEY ARE ON TRAIL OF MEN WHO DYNAMITED LOS ANGELES TIMES BUILDING.

(Herald Special.)

Los Angeles, Cal., Oct. 5.—With the finding of the launch near San Francisco, believed to be the "Peerless," in which five hundred pounds of dynamite was conveyed from the Giant Powder Works at Oakland on Oct. 24th, the police today believe they have evidence that will identify the men who were the authors of the Los Angeles outrage. General Otis, owner of the Times, who was arrested yesterday charged with libeling Andrew Gallagher, a

labor leader, will be given a hearing this afternoon on habeas corpus.

Arrests Are Expected.

(Herald Special.)
San Francisco, Oct. 5.—Attorney Earl Rogers, investigating the purchase of the dynamite in connection with the outrages at Los Angeles, today said that it is probable some arrests may be made tonight. Both J. W. Bryson, a mine owner, and Wm. Morris, whose names were given by the two men who purchased the dynamite, are enemies of a certain order powerful along the Pacific coast, and the detectives think their names were used by members of this organization.
