STRIKE TALK SUBSIDY BILL

PRESIDENT HAWLEY OF SWITCHMEN'S UNION SAYS THE OUTLOOK IS GLOOMY.

ADMINISTRATION SHIP BILL WAS INTRODUCED IN HOUSE TODAY—WILL BE OPPOSED.

THE STRIKE WILL SPREAD

Throughout All of the Northwest and Will Include All of the Railway Departments of the American Federation.

(Herald Special.)
Minneapolis, Minn., Jan. 4.—President Hawley of the Switchmen's Union today in an interview declared that within a week there will be a general strike of the railway division of the American Federation of Labor throughout the whole northwest country. He said his interview was a personal one and not an official announcement or prediction. He said his statement could be taken for what it is worth. President Hawley says any announcement of hostilities must come from Chairman Perham, who is now in Washington trying by every means possible to bring about a peaceful settlement before issuing a strike call. President Hawley says he cannot make any announcement for the organization at this time, but personally he expects the strike.

CONGRESS MET AT NOON

After Two Weeks' Holiday Both Houses Met For Brief Session. Returned In Respect to Senator McLaurin.

(Herald Special.)
Washington, D. C., Jan. 4.—Congress convened after a two weeks' recess at noon today. Only brief sessions were held by both houses, and then adjournment was taken out of respect to the memory of Senator McLaurin, who died during the holidays. The senate was in session precisely nine minutes. The administration ship subsidy bill was introduced in the house today. Representative Humphrey of Washington presented the bill. The measure is the result of a compromise between the disputing factions favoring the subsidy idea. As approved by President Taft the bill provides for the payment of mail subsidies and the exaction of a heavier tonnage tax on foreign vessels, and the admission of foreign vessels to American registry for foreign trade only. The routes from the Pacific coast to China, Japan and the Philippines, and South America and Australia, where the outward voyage is over four thousand miles, to get the proposed advances and mail subsidies, ships must be built of iron or steel and must be available at all times for the use of the United States and cannot be sold without the written consent of the secretary of the navy. No ship owned by a railroad or to which a railroad gives preference in rates can receive the proposed benefits by the

Your Collar

Is of course, a small part of your wardrobe but its an every-day article, and should not only be the latest style, but of the very best quality.

We have just put in a full line of ARROW BRAND collars and can show all the newest shapes. ARROW COLLARS wear longer and look better—2 for 25 cents.

W. B. Flanagan

MESSAGES ARE DELAYED

Announced Today at the White House That Taft's Messages Would Be Given Next Week.

(Herald Special.)
Washington, D. C., Jan. 4.—A change of the schedule in President Taft's message was announced from the White House today. Since the conference with the railroad leaders yesterday it has been decided to

EIGHT PERSONS ARE DEAD

And Great Damage to Property Results From Terrible Blizzard in the Colorado Country.

(Herald Special.)
Denver, Colo., Jan. 4.—Eight persons are dead, the railroads are blocked and enormous damage has been done throughout the west by blizzards, floods and avalanches, according to the records received here today. A snowslide is reported to have killed four people near Mena, Near Shenandoah, Colo., a man was crushed by the snow. At Iowa Mine a man and two boys were frozen to death. Throughout New Mexico wires are reported prostrated and hundreds of cattle and thousands of sheep are reported frozen in Northern Colorado.

TEN PEOPLE INJURED.

Passenger Train on the L. & N. Sideswiped a Combination Train.

(Herald Special.)
Bowling Green, Ky., Jan. 4.—Ten people were injured this morning near Oakland when the Cincinnati passenger train on the Louisville and Nashville railroad sideswiped a combination train. The names of the injured have not been ascertained.

BIG RAILROAD TIE-UP

Is Imminent on the Border—Action Likely Against Mexican National.

El Paso, Texas, Jan. 3.—The Torreon (Mexico) Enterprise today says: Trouble between the National Railways of Mexico and their American employes, which is expected to culminate on January 15, may result in a complete tie-up of traffic at the American border.

The Mexican railways may sever relations with American railroad men on that date. Because of liability to arrest and prosecution by the Mexican courts, the men will not declare a strike, but there is no law that prevents a man resigning who is not under contract.

American unions in the United States, it is said, will declare the Mexican railways to be "unfair" and tie them up by not allowing engineers, firemen, conductors or brakemen on American roads terminating at El Paso, Eagle Pass and Laredo to handle any shipments delivered by the Mexican railways.

BE SURE YOU'RE RIGHT

That is good advice all the time. It is especially good in buying Real Estate. I have been selling East Texas property for years, and I am still here and selling more and more all the time. My customers of the past are my friends of today. Enough said.

The same thing in Fire Insurance I rewrite policies year after year

New Year Resolution.

It should be the desire of all people at the beginning of a new year—when new resolutions are being made—to be helpful to others, to be able to suggest something worth while to be added to the joy and satisfaction of living. And with this purpose in view I am offering as a good New Year article—

MONARCH FLOUR.

Nothing better can be offered you, and if you use it once you will want it all the time. Let me send you a sack, and you will pronounce it the best flour you have ever used.

AVIATOR WAS KILLED.

Leon DeLagrange, Noted Aviator, Met Death Today.

(Special to Herald.)
Bordeaux, France, Jan. 4.—Leon DeLagrange, the noted aviator, was killed today by a fall in his aeroplane while making a flight here.

DeLagrange was one of the most experienced of the French aviators, and had been making flights since May of 1907. His most notable achievement was a flight of one hundred and twenty-four miles in two hours and thirty minutes at Juvisy, establishing a new record. He began his career as an aviator by using a biplane, but since last August has used the monoplane of the same type as used by Bleot. The machine fell thirty feet and was completely smashed, the aviator being crushed under the machine. His legs were broken, his chest mashed in, and his skull was fractured. It took some time to recover his body from the wrecked machine. This makes the fifth death from aeroplanes, the first victim being Lieutenant Selfridge of the United States army at Fort Myer.

make some changes in the interstate commerce message, and it is now announced the message will not be ready until some time next week. The message suggesting changes in the Sherman anti-trust law, and the message dealing with the Ballinger-Pinchot controversy, and the one dealing with the incorporation law are all expected within the next ten days.

Report Is Denied.
(Herald Special.)
Springfield, Ill., Jan. 4.—It is declared today that the report that the Illinois primary law was to be set aside while the legislature passed a deep waterways measure is untrue. The house will resolve itself into a committee of the whole and discuss the primary measure. It was charged that the waterway scheme was backed by national leaders and that orders had been given to kill the primary bill.

ACCEPT THANKS

We desire to extend to the people of Palestine our sincere thanks for their liberal patronage and treatment of us since beginning business in your midst. We appreciate the cordial relations and will endeavor to at all times merit your good will. Wishing you one and all a Happy and Prosperous New Year, we are
