PSYCHIC EXPERT SHOOTS

Himself—Jesse H. Tourville, Well Known In Psychic Circles, Will Probably Die.

(Herald Special.)
St. Louis, Mo., Jan. 11.—Jesse H. Tourville, the well known psychic expert who recently proposed a plan for dispelling the fogs in London and who also claimed to have recently invented a storage battery of unusual power, shot himself on a corner in the downtown district today. The shot ranged through his stomach, and the physicians think he will die. Tourville has had a varied career. Recently he has been lodging in his brother's book store, where he worked as a salesman. Financial difficulties and separation from his wife are believed to have led to the effort to take his life. The man believed that some strange psychic force created strife between himself and wife and prevented his obtaining employment. His friends who believed in the unnatural credited him with unusual powers. He recently told the police that large eastern influences were working against the commerce of St. Louis, and also that he thought he saw the man here who was the center of the plot.

FOUR MEN HURT

In Wreck on the Fort Worth and Denver Railroad Sunday Night.

Amarillo, Texas, Jan. 10.—Four men were injured when the Fort Worth and Denver crack passenger train No. 8 was wrecked four miles south of here last night. The engine tank leaped the track and went into the ditch, carrying four cars with it. That there was not great loss of life surprises the railroad officials, as the train was running thirty miles an hour at the time, and there was no warning.

The injured: R. C. Brownlee, Wells-Fargo Co. Express messenger, Fort Worth; O. S. Whitehurst, Amarillo; W. J. Hamilton, Amarillo; — Fancer, Snyder, Okla.

All were taken to Amarillo, where they were given medical attention. "The Servant in the House" troupe was aboard and the actors were severely shaken and a few had slight injuries.

The smoker and chair car were badly damaged. It is believed a defective engine wheel was the cause. A track was built around the wreck and this morning train service was resumed.

YOUNG HEIRESS RETURNS

With Her Father to Philadelphia. Ran Away With a Restaurant Waiter Some Days Ago.

(Herald Special.)
Chicago, Jan. 11.—Detectives from Philadelphia will arrive here tonight to take Roberta deJanon, the young heiress who ran away with a restaurant waiter, back to her home. It is expected the girl's father will arrive with the officers. Cohen may be detained here instead of being returned to Philadelphia, if he so requests. The local officers have lodged no charges against the couple, and it is said they will not do so unless requested by the Philadelphia police or the girl's father. Cohen is a waiter, and formerly worked in a San Antonio restaurant. He is a married man, and left his wife and children in Philadelphia, while he eloped with the sixteen-year-old deJanon girl.

The deJanon girl told Inspector Wheeler her story today, of her travels with Cohen, which she prefaced with this declaration: "I have won my point, anyway, even though I had to leave home to do it. I want to be free now." The girl tearfully said that the lack of companionship of people of her own age, and with restrictions around her until she felt like a prisoner, caused her to run away.

Wants Him Punished.

(Herald Special.)
Philadelphia, Pa., Jan. 11.—Detectives with warrants charging abduction have gone to Chicago to get Fred Cohen. The girl's grandfather is very bitter toward the waiter and says he must suffer for what he has done. Cohen's wife is critically ill. She blames the girl, and says she cannot talk about taking her husband back until she has seen and talked to him.

(Herald Special.)
Los Angeles, Cal., Jan. 11.—The feature of today's aviation program was the speed races by Curtiss, Paulham, Masson, Miscarol, Hamilton and Williard. The climatic conditions were ideal today for the tests. Paulham has high hopes of establishing a new height record, believing that he will be able to ascend possibly four thousand feet. Williard's friends claim he made a mile and six hundred and eighty yards in one minute and twenty-three seconds, which is a new world's record. But the experts who watched the flight say he covered only one mile, and the record claimed will probably not be allowed.
