

LAYMEN'S CONVENTION

Extensive Arrangements Are Being Perfected For Next Gathering at Houston Next Month.

Houston, Texas, Jan. 20.—Arrangements for the great convention of the Laymen's Missionary Movement to be held in Houston February 18-20 are rapidly being completed and all indications point to the assembling of the greatest body of religious laymen that has ever taken place in the state. The movement is non-sectarian and non-denominational in character, and has the unqualified indorsement of all the protestant evangelical churches of America. Conventions are now being held in a large number of American cities by the laymen of the various churches, for the purpose of creating more interest in foreign missions and carrying out the plan of "evangelizing the world in this generation," which is the slogan of the laymen's forces.

At the convention in Houston next month there will be noted speakers from each of the denominations, who will deliver addresses on the subject of foreign missions. The convention is to be made up of laymen from the different churches, and an effort is being made to secure as large a number of laymen from the churches in the small towns as possible. The convention has no direct connection with foreign missions other than to create an interest which will be manifested in the increased contributions by the churches to missions after the convention has done its work. No effort will be made to raise money while the meeting is in session.

Many prominent business men of Houston, who are enthusiastic in their efforts to advance the cause, are leaving their homes and going over the state speaking in the larger towns on Sundays, in the interest of the movement, and they report much interest aroused in all sections. The Laymen's Missionary Movement is said to be the greatest religious movement since the birth of Christ, and marvelous results have already followed the laymen's activities. The assembly will be held in a large auditorium in Houston, and the city is prepared to entertain all the delegates who may come. The laymen of the churches of the state are urged to attend.

PILES BRING DESPAIR.

Take Courage! Internal Treatment Will Cure.

Piles make life unhappy and ruin the best disposition. Most sufferers have been bitterly disappointed by many failures to find a cure. A medicine in tablet form, taken internally, that avoids the unpleasant features of ointments, suppositories and operations, and cures thoroughly by removing the inside cause, is surely worth trying, especially as the Bratton Drug Co. guarantee it.

HE SHOT DOWN HIS WIFE

Theatrical People Contribute Liberally to Fund Raised to Aid in Defense of George Marion.

(Herald Special.)

Wiles-Barre, Pa., Jan. 20.—No murder case in years has attracted more attention in this section than is now manifested in the case of George L. Marion, the former theatrical man whose trial for wife murder was called in the Luzerne county court this week. Theatrical people throughout the country have contributed liberally to a fund raised to aid in the defense of the accused man.

On the night of August 20 last Marion shot and instantly killed his former wife in the office of Chief of Police Long in this city. The victim was Marion's common law wife. After living together for seven years as man and wife, it is alleged the woman ran away with another man, taking her child with her. Marion tracked the couple to Wilkes-Barre and found that they had been married. He nevertheless adjusted his troubles with the woman and apparently became reconciled to the situation. A conference to settle the matter was held in the office of the chief of police. When the two were left alone Marion, apparently driven to desperation by the refusal of the woman to return to him, drew a revolver and shot her dead.

The victim was formerly Miss Frances Lee of Zion City, Ill. She and Marion had lived together in Atlanta, Detroit and other cities where Marion was employed as a hotel clerk when not engaged during the summer as a theatrical agent.

hundred New York lawyers were present today at the opening of the annual meeting of the State Bar Association. An address by Hon. George Wickersham, attorney general of the United States, was the feature of the day's program. Other speakers of national prominence are scheduled to address the meeting tomorrow.

BALD AT TWENTY-FIVE.

Mr. Armstrong Tells How He Grew Hair in a Short Time.

Dear Sirs: "I was told of your great remedy, Parisian Sage, that it would grow hair on bald heads, so I got a bottle and tried it, and it is fine. I am a young man, and only 25, and was completely bald on the top of my head, and now I have hair one inch long, with the use of only one bottle. I shall certainly keep on using it until I have a good head of hair, which I have no doubt it will bring."
—Oscar Armstrong, engineer, Belleville Horshoe and Rolling Mill Co., Belleville, Ont., August 21, 1909.

To the readers of the Herald: The Giroux Mfg. Co., American makers of Parisian Sage, wish to state that they do not guarantee Parisian Sage to grow hair on bald heads, because in most cases the hair root is dead. In the case of Mr. Armstrong the hair root was not dead, and knowing as we do the astonishing hair growing virtue of Parisian Sage, we see no reason why it should not grow hair on the head of Mr. Armstrong.

But we do guarantee Parisian Sage (and so does Bratton), to stop falling hair, dandruff, and itching scalp, in two weeks, or money back.

Parisian Sage is a dainty perfumed hair dressing, not sticky & greasy, and is used extensively by ladies who desire brilliant and luxuriant hair that attracts and fascinates.

Large bottles, 50 cents, at druggists everywhere, and at Bratton Drug company.
