## PHILADELPHIA HAS STRIKE

OF RAPID TRANSIT COMPANY  
ORDERED OUT TODAY.

### WON'T RECOGNIZE UNION

National Organizer Pratt is on the  
Ground, and Called the Strike  
After Series of Conferences  
With Railway Officers.

(Herald Special.)  
Philadelphia, Pa., Feb. 19.—Following  
the dismissal of several hundred  
union trolley men by the Philadelphia  
Rapid Transit company, the union  
conductors and motormen of the  
company began striking this afternoon.

National Organizer Pratt ordered  
the strike after a series of ineffectual  
conferences between the union leader  
and the transit company officials.

The latter absolutely refused to  
grant the demand for a wage increase  
or to recognize the union in the  
employment of men.

### FIENDISH NEGRO JANITOR

Before the Grand Jury in Kansas City  
on a Very Serious Charge.  
Death Penalty.

(Herald Special.)  
Kansas City, Mo., Feb. 19.—Seven  
little girls were taken before the  
grand jury here today to tell of  
alleged attacks upon them by William  
Jackson, a negro janitor of the Aldine  
flats, where the girls live. Prosecutor  
Conkling says he will ask that the  
death penalty be inflicted, which is  
provided for that offense in Missouri.  
Jackson was arrested yesterday. At  
his examination before Judge  
Whitsett and Assistant Prosecutor  
Higgs he admitted his crimes. He  
declared he bought gifts for the girls  
and led to them to induce them to  
accompany him into the furnace room.  
During the examination at the police  
station Patrolman Ake, an uncle of  
one of the girls, drew his revolver and  
attempted to shoot Jackson, but he  
was prevented from doing so by other  
policemen.

immediately called to the witness  
stand Henry M. Hoyt, attorney general  
of Porto Rico, and formerly as-  
sistant district attorney of Seattle.

### NEGROES HUSTLED AWAY

Twelve Negroes Taken From the  
Cairo Jail This Morning—Offi-  
cers Feared Outbreak.

(Herald Special.)  
Cairo, Ill., Feb. 19.—Twelve negro  
prisoners, among them John Pratt,  
who caused the outbreak of Thursday  
night, were hustled out of the city  
this morning shortly before daylight.  
The negroes were taken to the train  
under the guard of two deputy sher-  
iffs and eight militiamen. Fear for  
their lives caused the negroes to con-  
fess to various crimes yesterday that  
they might have the protection of the  
authorities from the infuriated citi-  
zens. The prisoners were carried in  
the police wagon to the train. The  
streets at the time were almost de-  
serted, and there was no demonstra-  
tion of any kind, but the authorities  
were anxious to get the  
prisoners out of the way, and to the  
penitentiary.

Members of the mob that assaulted  
the jail Thursday night today declare  
that the sheriff ordered them to dis-  
perse and then fired on them before  
they had time to obey the order.  
They also deny that they fired on the  
jail.

Adjutant General Dickson, who is  
now in charge of the situation here,  
has ordered Lieutenant Colonel C. E.  
Ryman of Effingham to come at once  
and take active control of the troops.  
The fourth company of the militia,  
Company I, will arrive at 1 this after-  
noon. Messages from Vandalia say  
the company is already aboard a  
special train, with Captain J. J. Bul-  
lington commanding forty men, which  
will increase the number of militia-  
men here to one hundred and forty-  
five. It is reported that an investiga-  
tion will be made into the condition  
of the local company, to ascertain why  
it failed to respond to the order of  
Sheriff Nellis on the night of the out-  
break.

## TALK ON FERTILIZERS

In the use of Fertilizers great care  
should be taken to select the kind  
prepared specially for the crops you  
want to grow. The Fertilizer that  
we are handling is made for us ac-  
cording to the formulas that we  
know from actual experience are  
best. The Potato and Truck Fer-  
tilizer contains 8 per cent acid phos-  
phate, 3 per cent amonia and 1 1/2 per cent  
potash. The Cotton, Corn and  
Cane Fertilizer contains 10 per cent  
acid phosphate, 3 per cent amonia  
and 1 1/2 per cent potash. Let us  
tell you all about it before you  
buy or plant.
