WACO TRAGEDY.

Two Dead and Two Probably Fatally Injured—Automatic Pistol Used.

Waco, Texas, Feb. 20.—Charles Franks, a bartender, aged 35, entered a dwelling on North Second street at 3:30 a. m. today and opened fire with an automatic pistol, killing Josie Donovan and wounding Lula Holt, two inmates of the house, and also Roy Anderson, who, it is believed, he mistook for another man.
After shooting the parties named

One of Those Handsome Incandescent Lights

Will Make Your Gas Yield Over Six Times More Illumination Than You Can Get in Any Other Way for the Same Money.

We prove this—Never before have we put anything in the way of an improved light that sold in the start like this one. It actually yields a volume of pure white light equal to 150 candles and lights with the pull of a chain—no matches required. We have all the parts—mantle, chimney, and globe—built to our order in quantities that enable us to put them out at factory prices—namely, \$1.60 per lamp. Of course we make no charge for installing them. Call at our office, see one in action, and learn how we sell them and charge cost to your account.

Ask for our booklet, "History of Light." It gives the history of light from the dark ages to the light described above.

Some of the Irish potato farmers in this section say the cold weather has damaged the seed in the ground to some extent, but none of the planters are in any wise distressed or discouraged.

Two Cold Waves.

Washington, Feb. 20.—Heavy overcoats and warm furs will be in demand all over the country during the present week, according to the forecast made tonight by the weather bureau. Unusually stormy and cold weather is the indication, especially in all districts from the Rockies to the Atlantic coast and from the Rockies over the North Pacific states. A storm area tomorrow and Tuesday will cross the central valleys, the great lakes and the Atlantic seaboard, attended by heavy snow in the north, rain or snow in the middle, and rain in the southern part of the country. Clear, cold weather will follow the storm, overspreading the Mississippi valley and the upper lakes Monday, reaching the Atlantic Tuesday or Tuesday night with diminished vigor. The second storm, also to be followed by a cold wave, will appear in the extreme west about Tuesday, cross the plains and central valley states Wednesday and reach the Atlantic coast by Friday.

A Little Shoe Talk

Shoes are without doubt the most important part of one's dress, and should be selected with great care and under the guidance of a thoroughly experienced and competent fitter. The most important factors to be considered are fit, style and durability,—but unfortunately it very often happens that one fails to get one or more of these necessary qualifications, and either ruin their feet or lose the price paid for the shoes from unsatisfactory wear.

In Our New Spring Line, the most complete ever brought to Palestine, we are showing the very newest and best of the shoe makers art, and are prepared to "fit your feet" as they should be fitted and at the most modern prices.

See our special window display of \$2.00 and \$2.50 sellers. They are "Nifty" in every sense.

The Grand Leader

TWO KILLED, SEVERAL INJURED.

Fuse Blew Out on El Paso Street Car and Panic Was Precipitated.

El Paso, Texas, Feb. 20.—Crazed by fright caused by the blowing out of a fuse on an Arizona street car at 8 o'clock tonight, as it was passing Hotel Dieu, several passengers leaped from the fast moving car and two were instantly killed, one fatally injured and a number slightly hurt.

A. G. Smith, aged 32 years, who recently moved here from Big Springs, struck on his head and was instantly killed, his skull being crushed and his neck broken. He is survived by a wife and two children, the youngest just a week old.

Miss Maggie Filey of Canada, who was here on a visit to her sister, Mrs. J. L. Laurie, struck on her head. Her neck was broken and she died before she could be taken into the hospital, near which the accident occurred.

An unknown man, supposed from papers in his pockets to be W. H. Weldon of Ashland, Kan., sustained a fracture of the skull and is believed to be fatally injured. Several others are known to be slightly injured. The car was crowded, and nobody who remained on it was hurt.

His Wife Knew.

An Irishman, after working on the railroad for fifty years, is laid off on account of old age. He goes home and breaks the news to his wife, and she says:

"Pat, I knew that would not be a steady job when you took it."

meat in town. Telephone 1080. 5-11

resident here, arrived in the city this afternoon to be the guest of Mrs. T. W. Smith.

Little Marie Bradt visited at Troup Sunday with Mr. and Mrs. John Rucker, who spent the day with Mrs. Rucker's parents.

J. M. Fullinwider, who has been sick for several days, is again in a critical condition, and grave fears are entertained as to his recovery.

The many friends of Mrs. C. A. Beiry, who has been ill for several days at her home on Green street, will be glad to know that she is improving rapidly.

Mr. and Mrs. Peck and Mr. and Mrs. Barkley have rooms at the Rugby. These gentlemen are part of the force here in the interest of the Interstate Commerce Commission, examining the books of the I. & G. N.

Rev. J. C. Oehler, Dr. Jno. C. Silliman and Gray Boulware came home this afternoon from Houston, where they had been as delegates to the Laymen's convention. The meeting was a most successful one, and no doubt great good will come from the movement.

Sam Collat of the Grand Leader returned last night from New York. He reports he did not buy out the little old town over by the Atlantic, leaving enough for some others, but that he did buy the biggest stock for the spring trade ever brought on by the Grand Leader. And if he did that he bought some goods, because the Grand Leader buys tremendous stocks.

Franks turned the weapon on himself, sending a bullet through his heart, dying instantly. Lula Holt, who received three wounds and may not recover, placed herself between Franks and Josie Donovan in an attempt to save the latter's life. After Lula Holt sank to the floor, Franks shot Josie Donovan twice in the breast, one bullet entering her heart, causing immediate death. He then fired two more shots, aiming at Roy Anderson, striking him twice in the body. Anderson has a bare chance for his life. Following the shooting of Anderson, Franks shot himself, the ball entering the center of his breast and penetrating the heart.

"TYPHOID MARY" FREE.

Woman a Walking Receiver For Typhoid Germs.

New York, Feb. 20.—"Typhoid Mary," whose real name is withheld at the request of the New York health authorities, is a free woman again after having been confined in city hospitals, off and on, for three years because physicians said that she was a living receptacle for typhoid germs and a menace to public health. She is a cook and is considered particularly dangerous in that capacity as likely to transmit disease, but with the understanding that she is to cook no more health officers announced today that they had decided to release her. The case is unique in medical records. Repeated cases of typhoid were discovered in families for whom the woman had cooked.

The authorities made an investigation, which resulted in her detention

on the theory that she was a walking receiver for typhoid germs, harmless to herself, but easily communicated to others.

apparently direct from the factory with a turkey leg of painted wood.

"You've changed your poultry dealer, haven't you, madam?"

"Why, no, Mr. Clemens, what makes you think so?"

"This turkey," he answered, giving the wooden drumstick a little whack with his knife, "is about the tenderest morsel I've stuck in this house for some months."—Detroit Free Press.
