TALK ON FERTILIZERS

In the use of Fertilizers great care should be taken to select the kind prepared specially for the crops you want to grow. The Fertilizer that we are handling is made for us according to the formulas that we know from actual experience are best. The Potato and Truck Fertilizer contains 8 per cent acid phosphate, 3 per cent amonia and 4 per potash. The Cotton, Corn and Cane Fertilizer contains 10 per cent acid phosphate, 3 per cent amonia and 1½ per cent potash. Let us tell you all about it before you buy or plant.

BE SURE YOU'RE RIGHT

That is good advice all the time. It is especially good in buying Real Estate. I have been selling East Texas property for years, and I am still here and selling more and more all the time. My customers of the past are my friends of today. Enough said.

The same thing in Fire Insurance I rewrite policies year after year.

DALLAS MEN HANG NEGRO

Mob Rushed the Court Room Where Allen Brooks, Rape Fiend, Was Being Tried.

(Herald Special.)
Dallas, Texas, March 3.—Allen Brooks, the negro charged with assaulting a little two-year-old girl, was taken from the court room where he was being tried, and lynched by a mob of two thousand men today. The negro was returned here from Sherman, where he was rushed following his arrest and held until the trial, and was brought into the court room this morning. At a given signal, a long whistle from an unidentified leader of the men in the court room, the crowd rushed on Brooks and overpowered the officers having the negro in charge. The negro was seized and bodily thrown to the ground from a second story window of the court house, where he was caught by the hundreds in the court yard. The big crowd with the prisoner in charge marched down Main street to Akard,

and in less than ten minutes the negro was dangling from the end of a rope fastened to the big arch of the Order of Elks. When he was dead his body was cut down and thrown into a small wagon, and driven away to be burned.

Brooks was charged with assaulting little Mary Ethel Buvens, the two and one-half years old daughter of Henry J. Buvens. The negro enticed the child into a barn at the family home, where he detained her for some time. Brooks was promptly arrested, but the feeling was so high against him that he was rushed to Sherman for safe-keeping, and was only returned here last night.

The judge of the court appointed two attorneys to defend the negro, but both declined to serve. One was excused, and the other said he would go to jail in contempt of court before he would defend the negro.

TAFT'S BUSY RECORD A MONSTER PETITION

Today Closes First Year of New Administration—Several Records Have Been Smashed.

(Herald Special.)
Washington, D. C., March 3.—This is the last day of the first year of the Taft administration. That the president has been a busy man is shown by the record. He has broken two presidential records, first in the mileage traveled, an average of fifty-six miles for each day since going into office, and second, in the number of speeches made, three hundred and forty-eight, one hundred and six more than Roosevelt made in his first year. He has visited thirty states and two territories. Has appointed six thousand, nine hundred and seventeen federal officers, and sent eighteen messages to congress. The president has lost seven pounds, now weighing three hundred and nineteen pounds. He has obtained a new tariff law, taken the initial step looking to the prosecution of the beef trust, unearthed the New York customs frauds, discharged three federal officers, namely Pinchot, Assistant Price and Law Officer Shaw; instituted an inquiry into the high cost of living, forced the abdication of Zelaya as president of Nicaragua, and shook hands with President Diaz on Mexican soil.

Bearing Eighty Thousand Names of Laborers Will Go to Philadelphia Council This Afternoon.

(Herald Special.)
Philadelphia, Pa., March 3.—A monster petition which the labor leaders say will have eighty thousand names attached to it by 3 o'clock this afternoon will be presented to the city council this afternoon. The petition has been signed by people of all classes and asks the council to force arbitration in the street car strike. Mayor Reyburn announced today that he had sent a special message to the council to be read this afternoon, in which he outlined his ideas of the present situation. If arbitration is not effected a general strike is looked for tomorrow.

Detroit, Mich., March 3.—The jury in the trial of Dr. George A. STRIKE IS INEVITABLE

Trainmen and Conductors of the B. & O. Railroad Reject Offer of the Company on Wages.

(Herald Special.)
Baltimore, Md., March 3.—By a vote of five thousand and three hundred to one hundred and thirty-seven the trainmen and conductors of the Baltimore and Ohio railroad rejected the company's offer of a counter proposition to settle their wage demands. All the negotiations between the men and the company have been broken off, and a strike is now considered inevitable.

ARMY WAS CUT TO PIECES

Dispatches Today Confirm Report That General Chamorro Suffered Crushing Defeat at Tisma.

(Herald Special.)
Bluefields, via Wireless to Colon, March 3.—The movement of the provisional army against Managua has been a total failure, according to dispatches received here today. Strengthened by five thousand Honduran soldiers the Madriz forces engaged General Chamorro near Tisma and he is believed to have been completely routed. The provisional officers here are losing hope and are again talking of asking the administration at Washington to interfere.

A dispatch today says Chamorro escaped from Tisma with but a handful of natives and a few Americans, his entire army being literally cut to pieces, many being killed, while hundreds of injured were left on the field without medical attention. It is believed here that practically the entire Estrada army was engaged in the fighting at Tisma and Tipitapa, and if this is true Estrada has not enough force left to even carry on a guerilla warfare. Tisma is only eighteen miles from Managua.
