

## BEGIN FIGHT FOR MORSE

Famous New York Lawyer Will Visit Atlanta and Will Begin Great Legal Battle.

(Herald Special.)  
Atlanta, Ga., March 15.—It was learned today that Martin W. Littleton, the New York attorney, is expected here within a day or two to begin the great legal battle for the release of Charles W. Morse, the New York banker, now undergoing sentence in the federal prison in Atlanta. It is expected that action in behalf of Morse will be instituted in the federal courts here, though just what legal steps will be taken has not been made known.

Mr. Morse is reported to be in good health and spirits. Since his arrival at the prison he has been visited at regular intervals by Mrs. Morse and by W. P. Reid, his close personal friend and business associate. Several leaders of the Atlanta bar, who are expected to assist Mr. Littleton in the court proceedings, have also been in frequent consultation with the former banker.

## PREVENT RUN ON BANKS

Association of British Chambers of Commerce Take Action to Prevent a Financial Crisis.

(Herald Special.)  
London, March 15.—At the annual meeting today of the Association of British Chambers of Commerce the most interesting feature was the report presented by the banking and currency committee, embracing a scheme to avoid a financial crisis and to prevent a run on the postal savings banks.

Among other things the report recommended that the government should hold a reserve in cash, against the deposits in the trustee and post-office savings banks, sufficient to provide means for meeting any probable sudden demand on the part of depositors, thus avoiding the necessity, in such a case, for putting pressure on the money market in times of difficulty.

The report further recommended that the Bank of England should issue one-pound notes, under similar conditions to the notes now issued, so as to increase the proportion of coin to securities held in the issue department, but with the proviso that such one-pound notes may be issued, fourth-fifths against bullion and one-fifth against securities, so as to provide for the expenses of issue.

## WILL CHEW HIS OYSTERS.

San Antonio Police Sergeant Found a \$50 Pearl in Oyster.

San Antonio, Texas, March 13.—A "two-bit" oyster stew Sunday netted Sergeant Joe Knaus of the city police \$50. While eating the stew the sergeant's teeth came in contact with a very hard substance. He immediately ejected a quantity of the stew, crackers and the hard substance on the floor. The hard substance rolled about and he picked it up. He found it to be a pearl of good size and grade. Jewelers say that it is worth \$50. The sergeant says that he believes that he will live on oyster stew hereafter in hopes of finding another pearl. The oyster, it is said, came from Galveston.

## STOMACH DEAD, MAN STILL LIVES.

People who suffer from sour stomach, fermentation of food, distress after eating and indigestion, and seek relief in large chunks of artificial digestors, are killing their stomachs by inaction just as surely as the victim of morphine is deadening and injuring beyond repair every nerve in his body.

What the stomach of every sufferer from indigestion needs is a good prescription that will build up his stomach, put strength, energy and elasticity into it, and make it sturdy enough to digest a hearty meal without artificial aid.

The best prescription for indigestion ever written is sold by druggists everywhere and by Bratton Drug Co., and is rigidly guaranteed to build up the stomach and cure indigestion, or money back.

This prescription is named MI-O-NA, and is sold in small tablet form in large boxes for only 50 cents. Remember the name, MI-O-NA stomach tablets. They never fail. They contain ingredients that give quick relief (other than strong digesters), but they are compounded for the purpose of making the stomach strong and energetic enough to do its work without the aid of harmful drugs.
