

BUICK

BUICK

Buick's have more real "goability" more real durability, more honest, everyday hard service for less money and less trouble than any other car on the American market.

Be sure to compare our cars and what they have done, are doing, and will do with other machines that cost anywhere from \$500 to \$1000 more and you will give us your order every time. Come in and see us and our machines at our new place, 1020 Capitol. Phone, Preston 2784.
