

## A Letter From J. W. Chandler, Houston, Texas

I have lived in Houston about 18 years and am employed as a brakeman on the Southern Pacific Railroad.

For years I have been afflicted with a serious rectal trouble, piles and an external itching, the latter so bad as to render sleep at times impossible.

My condition had got to a point where in the last three years it often caused me to lay off from work.

I tried many remedies, but got no relief to speak of and was getting in a bad fix when I heard of Dr. Paul Cook. I put myself under Dr. Cook's treatment on the 15th of this month and I now feel perfectly well so far as any rectal trouble is concerned. I was cured without the use of a knife or cutting in any form.

I feel that Dr. Cook understands his business and can do in these cases all that he claims, and I heartily recommend him to anyone afflicted.

Yours very truly,

(Signed) J. W. CHANDLER.

No. 1815 West Street, Houston, Texas, July 29, 1909.

## A Letter From Rev. J. H. Carter, of St. Louis, Mo., a Well Minister and Educator

*To Whom It May Concern.*

I suffered many years with a severe case of Rectal Trouble or Piles, having an external growth with internal troubles. From 1895 to 1902 this trouble assumed so aggravated a form as to interfere seriously with my work, and I had no hope of ever being relieved. Through a friend I learned of Dr. Paul Cook's skill in treating such cases. I consulted him. He told me after an examination that he could cure me. I put myself under his treatment, and he fully redeemed his promise. After suffering with the piles for more than 25 years (during the last seven years of which period they were in a most aggravated form) I am now and have been for the last seven years entirely relieved. This cure was effected without the knife, and practically without pain. I feel that I owe a debt of gratitude to Dr. Cook which I can never repay. I also feel that I am doing a favor to others similarly afflicted in telling them of Dr. Cook. It matters not what other physicians or what remedies that you may have tried without success, do not abandon hope but consult Dr. Cook. I recommend him most conscientiously and most heartily. I am perfectly willing to answer any questions in regard to my case and Dr. Cook's treatment.

(Signed) J. H. CARTER.

1111 Etzel Terrace, St. Louis, Mo., July 15, 1909.
