A Sure Thing.

It is said that nothing is sure except
death and taxes, but that is
not altogether true. Dr. King's
New Discovery for Consumption is
a sure cure for all lung and throat
troubles. Thousands can testify to
that. Mrs. C. H. VanMetre, of
Shepherdstown, W. Va., says, "I
had a severe case of Bronchitis and
for a year tried everything I heard
of, but got no relief. One bottle of
Dr. King's New Discovery then
cured me absolutely." It's infallible
for Croup, Whooping Cough,
Grip, Pneumonia and Consumption.
Try it. It's guaranteed by Herring
Drug Co., Druggists. Trial bottles
free. Reg. sizes 50c, \$1.00.

Weather Forecast.

Tonight and Wednesday partly
cloudy to cloudy weather and prob-
ably scattered showers.

Something Practical.

In cannot be said of those who
take a business course in Tyler Col-
lege that they will have it all to
learn over again when they go into
actual business. Students learn to do by doing
there what they must afterwards do
in the actual business affairs of life.
They actually transact every item
of business that goes on their books.
The knowledge of business they
get is worth more than a knowledge
of how to keep its books.

The school is said have the largest
attendance and the most exten-
sive business offices to be found in
the South. It has also exclusive
right for the famous Byrne Short-
hand in Texas. We believe it will
pay any of our young people who
may wish to utilize the spring and
summer months in preparing to
earn better wages in the fall to
write Tyler College at Tyler, Texas,
for free catalogue and full particu-
lars.

There is something so intensely
practical about everything there
that it cannot but command the re-
spect of intelligence.

We have often thought something
akin to this would be grand in con-
nection with the public schools.

Deafness Cannot be Cured

by local applications, as they cannot reach the
diseased portion of the ear. There is only one
way to cure deafness, and that is by constitu-
tional remedies. Deafness, is caused by an inflamed
condition of the mucous lining of the Eustachian
Tube. When this tube gets inflamed you have a
rumbling sound or imperfect hearing, and when
it is actually closed deafness is the result. And un-
less the inflammation can be taken out and this
tube restored to its normal condition, hearing
will be destroyed forever. Nine cases out of ten are
caused by catarrh, which is nothing but an in-
flamed condition of the mucous surfaces.
We will give one Hundred Dollars for any case
of deafness (caused by catarrh) that can not be
cured by Hall's Catarrh Cure. Send for circulars

A Neat Compliment.

A few months back the Photog-
raphers' Association of Texas were
called upon to send a collection of
six pictures as a representative of
work executed by the Texas pho-
tographers. Mr. Ed Hudson was
selected as one of the number to
send a picture. They were forward-
ed a few weeks ago to Milwaukee,
Wis., where they were judged by
the executive committee of the
state association of Wisconsin.
Yesterday Mr. Hudson received a
diploma which speaks for itself in
the following extract:

To Whom It May Concern: This
is to certify that the executive com-
mittee has carefully examined the
photographs submitted by Mr. Ed
Hudson of Waxahachie, Texas, and
finds them of sufficient excellence
and artistic merit to be accepted
and hung in the art gallery, and
the same shall form a part of the
exhibit of the seventh annual con-
vention of this association.

Married at Waco.

has bought cotton in Waxahachie

ular young man. Miss Hardy is a
member of one of Waco's most
prominent families and is a very
charming young woman.

tried several doctors, but found no
relief. A lady friend of mine ad-
