STEEL PLANT BURNS.

Damage Is Estimated to Be Three Million Dollars.

SIX MONTHS' OUTPUT.

United States Steel Corporation Has Sustained the Loss of Thousands of Tons of Manufactured Products.

Columbus, O., Jan. 22.—A special to the Ohio State Journal from Shelby, O., says:

The United States Steel Corporation stock sustained a \$3,000,000 loss by fire at the plant of the Shelby Steel Tube company. The fire started in one of the smaller rooms from a defective electric wire and spread to the larger stock rooms, completely destroying all of them.

The product of the entire plant for the past six months was destroyed within an hour, consisting of 800,000 tons, making in all 25,000,000 feet of finished product, and valued at \$3,000,000.

MORE REASSURING.

Russian Note, It Is Said, Will Have More Concessions.

Washington, Jan. 22.—Acting Secretary Loomis has received cable advice from United States ambassadors at two of the European capitals, both stating in substance that the situation in the far east is more reassuring, and that the chances of war between Russia and Japan have sensibly diminished. The forthcoming Russian note will, it is believed, hold out considerable concessions, but it is scarcely expected that a complete settlement of the grave issues between Russia and Japan will be at once reached, and much further correspondence is looked for.

Seoul Is Quiet.

Seoul, Jan. 22.—The city is quiet at present. Seven out of ten ministers of the Korean cabinet have resigned and four new ones have been appointed. They are all neutral as regards the revival of the progressive independence clause, which the government opposes. A serious insurrection is threatened in the southern provinces because of official oppression.

ANTI-TOXIN.

Chicago Physician Wants United States to Manufacture It.

Chicago, Jan. 22.—With anti-toxin in control of a trust, which has made the lives of children everywhere its material gain, it is time for the federal government to step in and manufacture this necessary of medical practice," said Dr. R. B. Preble, president of the Chicago Medical Society. Dr. Preble also said that he would appoint a committee to make a complete report of the facts and start a movement toward the manufacture of anti-toxin by the United States government.

Six Meetings to Protest.

Phoenix, Ariz., Jan. 22.—Pursuant to the suggestion of Governor Brodie, in a circular letter, the board of supervisors has called six mass meetings to be held next Saturday in different towns of this county to protest against joint statehood with New Mexico. Petitions will be presented for the signatures of citizens and then forwarded to Washington.

Arrived at Melbourne.

Melbourne, Jan. 22.—Lord Northcote, appointed governor general of Australia in succession to Lord Tennyson, landed here. He was met by the federal ministry and others and proceeded to the parliament house, where he was sworn in.

No Result.

Annapolis, Md., Jan. 22.—Balloting for United States senator Thursday resulted in no choice.

Six Lives Lost.

Walsenburg, Colo., Jan. 22.—In a cave-in at the Midway coal mine at Rouse six miners lost their lives.

NEWS IN BRIEF.

Howell, I. T., is incorporated. Ordinary ponies sell for \$25 at Laredo.

Lawton, Okla., had a four-inch snow fall on the 21st.

Seymour, Tex., had six inches of snow on Thursday.

Some fine marble has been found in the Wichita mountains.

Anna Belle Russell, five years old, was burned to death at El Paso.

Dock Young's body was found near Authier, I. T., with a bullet hole in him.

John Teague, aged eighty-one years, a Mexican war veteran, died at Crowell, Tex.

Over \$1000 of the yellow fever fund has been turned over to Laredo to be used for charity.

C. H. Park's hardware store at Alvarado, Tex., was entered and \$400 worth of cutlery stolen.

At a funeral in St. Louis pall bearers refused to serve because non-union hack drivers were employed.

A large Presbyterian university is to be established at Atlanta, Ga., by the several southern states.

Texas Fire Prevention Association has given Boardman until Feb. 1 to secure better protection against fire.

The two-year-old child of Barney Milikan was crushed to death under a tank and windmill being moved near Greenwood, Wise county, Texas.

The body of Charles Packet, a boy sixteen years old, was found near Temple, Okla. The main artery of his arm had been cut. He is supposed to have been thrown against a barbed wire fence.

TYLER MAN CHOSEN.

L. L. Jester, President of Fifth District Bankers' Association.

Dallas, Jan. 22.—At the meeting of the Fifth District Bankers' association, L. L. Jester of Tyler was elected president and Secretary Windom of Farmersville re-elected.

"The Boll Weevil" was the theme upon which George N. Aldredge spoke entertainingly. He commenced humorously upon the habits of the weevil, and the possible means of its eradication. Others spoke briefly upon various topics.

A letter commenting upon the prosperity of the state, as brought about by the high price of cotton, and touching upon the effects of the boll weevil was read from W. L. Hefley of Cameron.

RAIN GENERAL.

Wide Area of Country Blessed by a Copious Downpour.

Dallas, Jan. 22.—From all over north and central Texas come reports that a splendid rain has fallen and the long drought ended. Rain seems to have been general in the territories and Arkansas also.

At Coupland, Williamson county, there was a violent hail storm. Window panes were smashed.

SALOONS CLOSED.

Local Option Now in Force in Grayson County.

Sherman, Jan. 22.—Local option is in effect in Grayson county. There were open saloons at only three points—Sherman, Denison and Bella. There were in all about seventy-five saloons. All quietly closed.

MITCHELL'S ADVICE.

Urges Miners to Confine Themselves to Trades Unionism.

Indianapolis, Jan. 22.—During the convention of the United Mine Workers of America Thursday President Mitchell took the floor and urged the organization to confine itself to trades unionism. He said under it the miners were getting higher wages than ever before. He allowed every man his political opinions and the privilege of voting them, but the organization should have nothing to do with political tests.

Delegate Howell of Colorado introduced a resolution which, in a lengthy preamble sets forth all the doctrines of the Socialists, and asked the mine workers to take the initiative toward calling a world's convention of trades unions to consider plans for the distribution of wealth created by labor. After an hour's heated discussion it was tabled.

MYSTIC INFLUENCES.

New York Banker Claims They Tell Him to Kill President.

New York, Jan. 22.—E. A. Erlack, a banker, who claimed that mystic influences were at work on him through the agency of his stomach bidding him kill the president, was committed to Bellevue hospital for examination as to his sanity.

Erlack, who was arrested after writing a long rambling letter to Police Commissioner McAdoo, greeted the officers as "deliversers from his bondage." He said he felt the mysterious pains even in their presence, and that the clock was affected by the spell.

"They are after me so bad now," he said, "that they want me to kill the president. I have a wonderful will power, and have stood them off so far, but they are going at me through my stomach, and I do not know what would have happened."

GREAT GOLD FIND.

Business Men Close Their Stores and Flock to the Scene.

Tucuman, N. M., Jan. 22.—The wildest excitement prevails around Tucuman that has ever been known. Business men have closed their stores and are flocking to the placer fields, eighteen miles east of Tucuman, on Huerfano creek. Three hundred men are on the grounds now. The formation is black sand, and nuggets are found everywhere as big as wheat grains. Some expert miners went out and report it the best prospect they ever saw.

Quick Action Urged.

Mobile, Ala., Jan. 22.—President D. E. Huger of the Mobile cotton exchange, by instructions of the directors, has issued a letter to Senators Morgan and Pettus, advocating strongly quick action on the Panama treaty, setting forth advantages to gulf ports from the construction of the canal, and declaring that the republic is established, and further opposition to the treaty can be of no benefit to this country.

No Serious Damages.

Meadville, Pa., Jan. 22.—An ice jam at Mile Run caused the stream to overflow, and portions of Water street were submerged. The water got into a number of stores and dwellings, but no serious damage resulted.

Smithson's Remains Arrive.

New York, Jan. 22.—The steamship Princess Irene, which brought from Italy the remains of James Smithson, founder of the Smithsonian institute, has reached her pier. The remains were transferred to the Dolphin and started for Washington.

PLATT AND MORGAN.

Connecticut and Alabama Senators Address Senate.

DEFENDS PRESIDENT.

First Named Eulogizes the Chief Executive and Latter Contended Further Privileges Due to Panama.

Washington, Jan. 22.—Mr. Platt of Connecticut concluded his speech on Panama. He defended the course of the president throughout the Panama revolt, and eulogized the executive personally as brave and fearless. During the morning hour Mr. Morgan spoke in explanation of his bill for the annexation of Panama to the United States, basing his argument on the ground that the pending canal treaty is contemplating that result.

Mr. Morgan spoke of the difficulties which the country has encountered in Panama, saying that they were not of the country's seeking, but were due to the precipitancy of the president of the United States. It was, however, impossible to undo what had been done, but he contended that further proceedings should be had in accordance with legislation. In order to get rid of the consequences of our acts we must make, he said, some equitable arrangement with Panama, for it was not to be supposed that Colombia meant to submit calmly.

Mr. Platt further defended the president against the charge of committing an act of war, or even an act of intervention, denying that his act in connection with the Panama revolt amounted to either. "It is easy," he said, "to make charges and talk in an excited way. We want specifications, and it is time for senators who talk of acts of war and of intervention to tell us what an act of war is, and what act of intervention in this case amounts to. We are speaking, and we are not concerned with what the president thinks or wants."

The charges that the president knew of the revolution, and had connived at it, placed him in a position which it was necessary to deny, said Mr. Platt.

PARTY OF NEGATION.

Democratic Leader So Characterizes the Majority in Congress.

Washington, Jan. 22.—The army appropriation bill was under consideration in committee of the whole Thursday for five hours, most of which time was devoted to a general discussion of the tariff question. Mr. Hull of Illinois explained the provisions of the army bill and Messrs. Parker, (Rep. N. J.) and Prince, (Rep. Ill.), paid tribute to the army as now organized.

Mr. Williams, minority leader, taking the phrase "stand pat" for his text, made a general arraignment of Republican policies, and declared that the Republican party had been one of negation.

Miss Alice Roosevelt occupied a seat in the executive gallery for a few moments during the discussion of the army bill.

Favorable Action.

Washington, Jan. 22.—The house committee on Indian affairs authorized a favorable report on the bill to allow the sale of the timber and stone lands of the Osage Indian reservation in Oklahoma. Favorable action was taken on the Burke bill opening the South Dakota reservation of the Rosebud Indians for settlement.

FOR PEACE.

International Peace Commission Is Erecting Itself.

Paris, Jan. 22.—It has been learned in official quarters that the International Peace commission, having its headquarters at Berne, which is an adjunct to The Hague arbitration tribunal, has sent a circular note to the powers asking for the adoption of means to secure a settlement of the Russo-Japanese controversy. The note has directed serious attention from some of the governments, including, it is understood, that of Washington, which has taken steps to learn the attitude of foreign governments toward the proposition. It is expected that France will not act on the note, as Foreign Minister Delcasse has already taken what is considered to be more effective means of exerting influence upon Russia.

Unit For Roosevelt.

Washington, Jan. 22.—Delegates to the Republican national convention selected in Florida are a unit for President Roosevelt. In each district resolutions of instruction for the president were adopted. The president was in receipt of telegrams from every district convention and from a majority of elected delegates pledging support in positive terms.

Drouth Broken.

Ardmore, I. T., Jan. 22.—The winter drouth in the Chickasaw nation, which has prevailed since last October, has been broken by splendid rains which fell for several hours, followed by a great drop in the temperature. The moisture was badly needed in many sections. Hest fell at Ardmore Thursday afternoon.

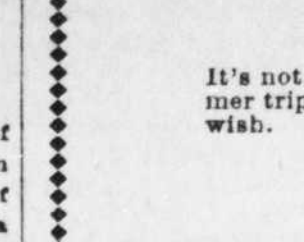

Delegation Increased.

Guthrie, Okla., Jan. 22.—It was decided at a meeting of the Osage Indians to increase the number of delegates who are to negotiate a treaty with the government, from eight to fifteen. This was done at the suggestion of Governor Higbert. Eleven full-blood and four half-breeds were selected as delegates.

YOU WILL FIND
