Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is restored to its normal condition and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube is inflated you have a ditton, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. E. J. CHENEY & CO. Toledo, O. Sold by druggists, 75c.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It always itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and \$1.00.

The first prize winning studio of Waxahachie, 1907. I consider it a great honor to have my work hung on the walls of the Odd Fellows' and Knights of Pythias halls. I appreciate their good will and extend thanks to both orders for the contract of photography of the members of each lodge. I have a few medallions displayed with my diploma at the City Drug Store. Unique Show Window.

Quite a unique and attractive display of Santol may be seen in the show window at Hood & Curlin's drug store. Elmo Mosly originated and executed this very catchy design. Constructed entirely of bottles of Santol bottles, Trinity University stands in the center of the window, while in one corner may be seen the Daily Light office and close to this is a good representation in miniature, of a church. Only members of the Adelpian club can appreciate the significance of the little grave in which fifty dollars is supposed to be buried.
