Clean up. The city wants to haul off your trash.

Senator Skinner's message may be of interest to you. Go hear it.

"No man can serve two masters; for either he will hate the one and love the other, or else he will hold to the one and despise the other."

What is the use of going away from home to finance a hotel enterprise? Of course if it must be done we will have to do it. We need the hotel.

There are two sides to every question. If it was not so there would be no question. Don't lose your head and think you are the whole cheese.

A pleasing personality too frequently causes us to lose sight of the abstract principle. Personality and principle are the opposing forces in the question now on.

When in the course of human events it becomes necessary to clean up, build sidewalks and improve the streets every good citizen should come to the rescue of the city.

A great many people will be in attendance on the Fort Worth Bailey meeting who will never be able to state positively just who footed the bill for their day's outing. But what's the use. It all helps to put money in circulation.

Davidson, that "fool lawyer," continues to win out in his fight against the trusts. All this makes it easy to understand why the representatives of trusts do not want to see him elected for another term as attorney general. More the reason why he should be elected.

The Waco Times-Herald says: "A Colorado preacher calls a skating rink hell on wheels, and now won't somebody please describe for us the feelings of John Henry Kirby when he comes to swear allegiance to Bryan and Campbell?" There are just lots of fellows having funny feelings at this stage of the game.

While you are "cussing" everything and everybody don't forget that the things and individuals "cussed" may be just as essential to the well being of the people in general and the democratic party in particular as you, or the things represented by you. Be honest with yourself; play the game fair.

The Enterprise, our esteemed Cebu contemporary, says: "Senator Bailey will be at the Fort Worth Bailey convention, and he will have with him 8,000 to 10,000 loyal democrats, who believe that the people should be supreme, and who are opposed to legislators usurping the authority delegated to them by the people." Yes, Bob, they will all be there that can be persuaded to take a "day off" at the expense of the other fellow, and some will be there at their own expense, but how about the two hundred thousand or more who will stay at home. It is the silent vote that must be reckoned with.

BRYAN WATCHING HIS FENCES.

Nebraskan is in Washington on Significant Business.

Washington, Mar. 26.—Politicians attribute a hidden significance to the visit of William Jennings Bryan in Washington today. The establishment of Johnson headquarters here and in New York and in other eastern cities, and rumors of a plan to capture the eastern delegations to Denver for the Minnesota man, have caused some trepidation among the Nebraskan's supporters in Washington. Mr. Bryan will hold several important conferences with democrat leaders in Washington today.

Tomorrow Mr. Bryan will invade Pennsylvania, one of the strongholds of the opposition to his candidacy, speaking tomorrow evening in Pittsburgh. Reports state that the members of the Pennsylvania Bryan League have arranged an elaborate reception for their chief, and that his appearance in the Smoky City will mark the beginning of a determined campaign to contest the state delegation in the interest of the Nebraskan.

From Pittsburgh Mr. Bryan will go to Parkersburg, W. Va., and thence to Kansas City, Mo., where he will be the guest of honor at one of the greatest political banquets ever held in the west, to be held Monday night. On Tuesday he will be in Lincoln and will entertain the democrat and populist editors of Nebraska at a banquet. Later next week he will begin a western tour that will include cities and towns in Kansas, Colorado, Nebraska and Iowa.

While Mr. Bryan is engaged in swinging around the circle, his opponents in the east will be busily engaged in manufacturing Johnson thunder, in the hope of preventing the Nebraskan's nomination for the presidency. The anti-Bryanites hope to secure control of the delegations from New York, Pennsylvania, New Jersey, Delaware and Massachusetts, with possibly several others. In New York, the Bryan opposition is headed by Mayor McClellan and Charles F. Murphy, while other prominent politicians have taken the lead in other eastern states. While Johnson is considered the logical choice of the anti-Bryanites, either Judson Harmon of Ohio, of Judge Gray of Delaware, would be acceptable as a compromise.

PADDED REPORTS.

Fort Worth Railroads Prepare for But Four Thousand.

Fort Worth, Texas, March 26.—Dispatches have reached the anti-Bailey headquarters here from leading business men in many of the smaller towns throughout Texas that the published reports of Bailey club meetings were entirely untrue. It is declared that both the attendance and number of delegates selected to the Fort Worth meeting on Saturday are padded. Rotan, San Angelo, Roby, Brownwood, Childress and many other West Texas towns say but few delegates are coming to the Bailey mass meeting.

Bailey supporters at Rotan met and it was reported that 100 were in the club, whereas but 17 attended, several anti-Bailey men being present.

Despite the reports that 15,000 delegates will be here Saturday, the railroads say they are preparing to handle not more than 4000 at the most.

Y. M. C. A. CONVENTION.

Senator LaFollette Principal Speaker on the Program.

Frederick, Md., Mar. 26.—Delegates from Maryland, Delaware, West Virginia and the District of Columbia are here in large numbers today for the opening of the interstate convention of the Young Men's Christian Association. The meetings will be held daily until next Sunday. Large delegations are here from Washington, Baltimore, Wilmington, and other cities. United States Senator Robert M. LaFollette, of Wisconsin, will deliver an address on "The Nation's Greatest Need," and many other prominent laymen and clergymen will speak. Headquarters for the delegates have been established in the new \$65,000 Y. M. C. A. building in this city.

ILLINOIS CONVENTION MEETS.

Mention of Cannon's Name Provoked Hearty Applause.

Springfield, Ill., Mar. 26.—The Illinois republican state convention, which will nominate four delegates at large and four alternates to the Chicago convention, was called to order at 10 o'clock this morning. Over 1,500 delegates are in attendance. Mention of the name of Joseph G. Cannon brought forth repeated rounds of applause and it is certain that the speaker will be indorsed as the choice of Illinois for the presidential nomination. Senators Cullom and Hopkins, Mayor Busse and Governor Deneen comprise the slate for delegates at large.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. All the Gold IN GEORGIA Could not Buy—

Roding, Ga. August 27, 1908.
Messrs. E. C. DeWitt & Co., Chicago, Ill.

Gentlemen:—
In 1897 I had a disease of the stomach and bowels. Some physicians told me it was Dyspepsia, some Consumption of the Lungs, others said consumption of the Bowels. One physician said I would not live until Spring, and for four long years I existed on a little boiled milk, soda biscuits, doctors' prescriptions and Dyspepsia remedies that flooded the market. I could not digest anything I ate, and in the Spring 1905 I picked up one of your Almanacs as a poor emaciated Dyspepsia wreck will grasp at anything, and that Almanac happened to be my life savor. I bought a fifty cent bottle of KODOL DYSPEPSIA CURE, and the benefit I received from that bottle ALL THE GOLD IN GEORGIA COULD NOT BUY. I kept on taking it and in two months I went back to my work, as a machinist, and in three months I was well and hearty. I still use a little occasionally as I find it a fine blood purifier and a good tonic.
May you live long and prosper.
Yours very truly,
C. N. CORNELL.
