

When you feel dull, out of sorts, discouraged, half sick and everything seems to be going wrong, you can blame it on your liver. It is torpid. You need

HERBINE

Medicine of Power in All Liver Disorders.

When the liver is torpid, it throws impurities into the system, which hamper every organ in the body. The result is that functional processes are not properly carried on. Impurities get into the blood, the stomach is bilious, the kidneys weak and the bowels irregular—generally constipated. Herbine clears out all these impurities, opens up the obstructed channels, strengthens the torpid liver, cleanses the blood, purifies and regulates the bowels. After the system has been thus overhauled, there is an immediate improvement. Appetite returns, digestion is good, the spirits rise, the mind clears of gloomy forebodings and everything looks bright and cheerful, which means, sound, healthy conditions everywhere in the body.

The Best Pumping Engine on Earth.

Thousands of thoughtless farmers are doing the work of engines. Pumping water for stock and running all sorts of machines by muscle power. Burning up human energy instead of cheap gasoline. It's the most expensive mistake a man can make a man can make to become a mere machine. Don't do it.

Pumping by Engine Power is Play!

A man can "take it easy" in the shade while the Farm Pump Engine works. The busy little engine is on the job and the cattle drink all they want. While smoking his pipe the farmer is thinking—"What a fool I was that I didn't get that dandy little engine long ago! It's the best 'hired man on the place!"

Moral: Get a Fuller & Johnson Farm Pump Engine.

SELECTED NOTES

(By Dr. S. B. Kirkpatrick, Chief Health Physician.)

A single house fly may carry from 550 to 6,600,000 bacteria bearing the germs of typhoid fever on its legs and in its digestive organs.

On every tiny spot on your family's food that has been touched by a fly which has fed on typhoid discharges, a colony of bacteria begins to grow with huge rapidity. If you are not in the right physical condition you have an excellent chance to catch typhoid fever from the contaminated food.

When we carelessly eat food which has been touched by the filth bearing flies we are not only eating filth, but courting disease.

It is authoritatively declared that typhoid causes more deaths in one year than yellow fever did in fifty, before it was practically wiped out by extermination of the yellow fever mosquito, and flies cause ninety five per cent of the typhoid.

Screen all houses, especially the kitchens, all restaurants, all grocery stores; all places where flies can get at food.

Cleanliness is the watchword. Fresh air is a life preserver. There is more health in a house well screened than in many a doctor's visit.

The road from flies and filth to food and fever is a direct route and the land marks are plain.

Because the worst impurities in the air can not be seen, smelled or tasted, many do not realize they are present.

The common communion cup is a menace to public health. Its use should not be tolerated, but the individual communion cup should be used. That diphtheria, tuberculosis and many other diseases may be transmitted by the means of the communion cup is settled beyond controversy.

A King Who Left Home.

Set the world to talking, but Paul Mathulka, of Buffalo, N. Y., says he always **KEEPS AT HOME** the King of all laxatives—Dr. King's New Life Pills—and that they are a blessing to all his family. Cures constipation, headache, indigestion, dyspepsia. Only 25 cents at all druggists.

Progressive Agencies Need Aid

Snyder people will find it well to work in harmony with the Young Men's Business League for the forward movement of the City and county. The League started out to awaken a spirit of progressiveness without imposing heavy expenses on the people and they have done good work at very little expense. The Commercial Club did good work for the town and country in the past and we should never relax our efforts. The club should be supplied at all times with sufficient funds to do a generous line of advertising and to hold out inducements to home-seekers and promoters to come here to locate. Whenever a people cease to go forward they are apt to go backward.

Pleads Alibi

Fluvanna, Texas, Aug 15, 1911 —To The Snyder Signal:

A few weeks ago, a report was published that Brother Tate, in company with a party (whose name I do not know) came near being drowned in the Double Mountain River. Since that time several of my friends have been making inquiry about the matter. I wish to say that the "Bro. Tate" mentioned above was not myself. I have not seen the Double Mountain river this year. While I sympathize with the unfortunate parties, I am glad that they escaped with their lives.

Respectfully,

J. H. TATE

The many friends of the preacher are glad to know that he has been in no such danger and hope he may never get in a tight place like that.

Business Picking Up.

The business of the Roscoe, Snyder and Pacific Railway Company has improved greatly in the last few days and indications are that the traffic of this road will continue to pick up. The officials feel greatly encouraged over the increased volume of business their road is receiving and over the outlook for fall business. Some of the officials anticipate the best business this fall the road has ever had in spite of the competition put up by the Santa Fe.—Roscoe Times.

At times the pains and lameness across the back were very severe and any over work was sure to aggravate the trouble. Seeing Doan's Kidney pills advertised I procured a box and from their use the person afflicted received great relief from their use. I have no hesitation in recommending Doan's Kidney Pills.
