Sutton and Horn's School Room Essentials may be had at County Judge's office at net cost of one dollar.

The County Superintendent is required by law to organize and hold a County Teachers' Institute of five consecutive days of seven hours each, within the first four months of each scholastic year, and each teacher, under contract, either verbal or written, is required to attend such institute or risk the possibility of the cancellation of his certificate for willfully absenting himself.

We insist that every teacher in the county make ample preparation for this meeting and come with a desire, willingly and cheerfully, to receive and impart valuable ideas concerning successful school work. The text book used will repay you professionally in its study, many times the small item of its cost.

Very Respectfully,
 C. R. BUCHANAN,
 Ex-Off. County Supt.
