An exchange bank which will keep open for business from 9 to 2 p. m. is a new departure in business here. J. H. Patton & Sons have opened such a bank to do a general brokerage business. The bank does not solicit deposits and does not intend to compete for the regular business of the state and national banks.

Trumpet Editor Shot

City Marshall Ed Johnson of Texico, spent yesterday and part of today in Amarillo, looking for one Simmons, a dance hall and piano player who left Texico last week after a difficulty in which he shot four times at Mr. Oliver of the Texico Trumpet. One of the bullets from his gun struck Oliver on the leg and inflicted a slight wound.

Simmons was the husband of the young woman who committed suicide in Texico about a month ago by drinking carbolic acid in her room in the Central rooming house. Simmons was away at the time in a disreputable part of the town and it was intimated that his treatment of his wife caused the suicide. Simmons objected to the language which Oliver used in writing on the case in the Texico Trumpet, and the ill will which grew out of that led to the shooting last week.—Daily Panhandle
