### Married

Last Sunday morning after the services Mr. W. R. O'Hair and Miss Hattie Robinaon came forward and requested Pastor John C. Welch of the South Side Christian church to speak the marriage ceremony to them, which was done in his own impressive manner.

Mr. O'Hair is one of Slaton's prominent young men and is worthy of the love and companionship of the lady whom he has promised to love and honor.

Miss Robinson is a Lubbock raised girl and is one of the

most extensively loved ladies in the community and a favorite among her associates and has a host of friends who will be delighted to congratulate her in choice for a life companion, and wish them well through life. We understand they will make Slaton their home.

Robert Elliott, of Hereford, representing the Amarillo National Life Insurance Company, was here Monday, in interest of his company. He was a pleasant caller at our office while in the city.

### Administered Baptism

Rev. Ben Hardy administered the sacrament of Baptism to little Kate Elkin, daughter of H. T. and Margaret Collins Boyd, at the home of her grandparents, I. A. Boyd and wife, Sunday afternoon, last.

C. A. Joplin of the Southeast part of the county, was here Monday and reports conditions fine in his neighborhood.

Roscoe Wilson left Friday morning on the Galveston Special and will be absent several days.

Home should be made the most interesting and best loved spot on earth, not merely four square walls of wood and brick; it should be the fountain of civilization the very word should touch every fiber of the soul and strike every cord of the human heart with its angelic fingers, a place where that is centralized on the higher and better things of life, bringing forth in the highways and byways an influence that will be felt by all with whom it comes in contact. It should be a place where the heart is, a place where our feet

may leave but not hearts, a place where angels unfold their wings, the place we love best, because it is a place where mother is. —Home Circle.

The young man with limited means, who has but a few hundred dollars to begin life with, or perhaps has nothing but a pair of strong hands, we would say to all such young men that the farm is the best place in the world. Do not be afraid of toil but set an example to the weak lazy loiterer about town by putting your hand to the plow.

W. E. Rutledge was called home Saturday from Lubbock, Texas, to the bedside of his son Paul, who has been seriously ill for the past week with typhoid fever. Master Paul seemed Saturday to be resting a little better than the past few days. —Amarillo Daily Panhandle.

District Judge Spencer came up on the train Monday from Post, where he has been attending to court duties.

Jim Scott, of Southland, was here the first of the week purchasing supplies for his hotel.

Albert Taylor was in the city the first of the week, looking after the election returns, and shaking hands with his many friends. His wife and son were with him.

Who does not dread the visitor who starts, then thinks of something else to say; rises and then thinks of another subject of conversation; nearly reaches the door, and then has another revelation; reaches the door, and most probably holding it open, is aroused to a degree of mental brilliancy that threatens his health and that of his host or hostess by long detaining of both in a cold draft while he dis-

courses? What a tax on the patience and politeness of the listener, who vainly strives by assenting instantly to every proposition to end the interview and break the restraining bond of polite attention.

W. H. Lewis, of the Northwest part of the county, was in the city the first of the week. He reports plenty of rain for present needs and everything is moving along nicely.

Every wife should be a help-mate to her husband. For instance, if you have the pleasures of a large washing before you and he has the laborious task of going to the city, or taking a trip through the country, change work with him; let him help you wash in the forenoon and you help him ride in the afternoon. A good wife will deny herself to entertain her husband, especially on wash day. But some men

will say, "When I come down to that I'll hire it done." We find no fault with hiring it done, but as to coming down to help a woman, my dear sir who created you so far above a woman that you have to condescend to come down?

H. C. Cooper, one of Lubbock Countys prominent farmers was in to see us Saturday, and reports conditions very favorable for a fine crop out his way.

Read the ad of the Merrill Electric Company in this issue. They have made arrangements to get power from the Ice and Power Plant so that the women of Lubbock can do their ironing Tuesday and Friday morning of each week. Ask them about it. Ask them also about the iron they are advertising.

A. B. Robertson was here Monday from his ranch near Southland.

## Looking Up and Down the Line

IS GOOD POLICY.

We want you to get the prices and quality of our competitors and then come to our store and see what we can save you on your bill. We carry an immense stock of staple and fancy groceries and by buying in large quantities we get the lowest prices. Our customers get the benefit of this close buying and that is what makes them happy. We have a full line of fresh meats, too, all the time. Come in or phone.
