

FOARDING A STREAM

Is usually a risky business. One should be careful of the quicksands.

Getting your house painted or papered is risky—unless you get us to do the work and use the paints for the job that will stand the test.

We do the work and would be pleased to sell you the paint. BOTH are guaranteed.

TWICE TOLD PARAGRAPHS

CROSBYTON

Crosbyton Review:

Averaging more than half a bale of cotton each year since he has been in the county, and with corn, maize, wheat and other crops yielding satisfactorily, and with his farm products last year worth about \$4,000, is the experience of Mr. S. E. Stockton, living four miles southeast of Crosbyton. Mr. Stockton came to Crosby county five years ago and made good crops every year, and he thinks there is no better country for a farmer. He told the Review he had lived in several sections of the United States, but never found any place he could make as much money at farming as he is making here.

At a meeting of the Board of Trustees of the Crosbyton High school, teachers for the next session of the school were appointed, as follows: J. E. Henderson, Miss Jessie York, Miss Mary Rankin, Myrtle Terrell, J. R. Rankin was appointed to fill the unexpired term of A. L. Ellison, resigned, as a member of the Board of Trustees.

Sep Smith returned this week from the Fort Worth market, where he had been with hogs; he took two cars of hogs and topped the market, bringing from \$8.45 to \$8.50; one car yielding \$1,400; he also sold 100 fine steers a short time ago to equal advantage, and he may generally be counted on to have some stock that will bring big prices. He is one of the Crosby county stockmen who is giving frequent illustrations of profit to be derived from farming and stock raising in this immediate section.

SLATON

Slatonite:

The Slaton schools for the 1913-14 term closed last Thursday night with an entertainment by the advanced grades. The term just closed has been a very successful one, and the advancement of the pupils has been marked. The entire faculty was re-elected for the next term, with the exception of Prof. P. M. Faulkner, who was not an applicant to succeed himself as superintendent. Prof. S. A. Terrell, of Blackwell, Texas, was elected superintendent. The personnel of the faculty for the next year consists of, besides Mr. Terrell: Miss Hattie Dickerman, high school; Miss Myrtle Robertson, seventh; Mrs. Mand Wallace, intermediate; Miss Frankie Vermilion, intermediate; Miss Pearl Dunscomb, primary.

A. G. Cox sold his interest in the Slaton Grain & Coal Co. to A. E. Whitehead last week and moved to Amarillo Saturday. Mr. Cox made a large number of friends in Slaton during his stay here, and all regret his decision to retire from the firm. G. W. Gwinn moved to Wilson, Oklahoma, Wednesday with his well drill, to operate in the oil fields. He wants the Slatonite, so as to keep posted on this city, and says he may return as soon as the well drilling at New Wilson is over. At present all well drills there have all they can possibly handle.

Miss Frankie Vermilion went to Wichita Falls, Monday in response to a telegram announcing the death of her sister's husband at that place, which was due to accident. Miss Vermilion will be accompanied by her sister when she returns.

The Robertson irrigation well, started south of Slaton Wednesday, is now down 50 feet. The first strata of water was tapped at a depth of 49 feet. Work has been slow on account of delays in getting the drill point sharpened.

GAIL

Borden Citizens:

The clouds were again opened and Borden county received one of the finest rains of the season. A good rain fell here last Thursday and continued through the night and Friday, and the weather has remained cloudy and misty all the week.

The Gail school closed Friday. It was one of the best schools Gail has ever had and the teachers are to be complimented upon the work they have done.

POST CITY

Post City Post:

Mr. and Mrs. J. E. Stokes, of Tahoka, passed through Post City, Monday evening, on their way to Dallas. Last week, following the rains that fell a few days before, another rain came on Friday, and again on Saturday night good rains fell. This week rains have been bountiful all over the Plains, and at Hereford, the fall was the heaviest ever known. The southbound train was over two hours late Tuesday evening, on account of soft track between Amarillo and Lubbock. Grass is growing so fast you almost see it, and while farmers wish to get into their fields, yet everybody is happy.

Last Saturday the Board of Trustees of the Post City school held a meeting and completed the faculty of the school for the 1914-15 term. Following is a list of the teachers appointed: Prof. Greenfield, superintendent; Misses Tommie Clark, Annie McLarry, Jessie Letcher, Sallie Whitehouse, Devona Elkins, Winnie Cole and Bert Wilson.

Rev. J. W. Hunt came up from Snyder last week, to preach the commencement sermon at the graduating exercises of the Post City High school, but the continual fall of rain made the service impossible, and he returned on the evening train. Dr. Hunt is an able and consecrated minister, and has done great good in Western Texas.

PLAINS

Yoakum County News:

Plains now has the best mail service we have ever known for an inland town. The mail from Lubbock arrives each day as early as 2:30, p. m., and that on the other two routes are always on time. We hope that prompt arrivals on the Lubbock route will be kept up after the new contractors take hold of the line.

Rev. A. L. Moore, of Big Springs, will assist Rev. S. B. Cox in conducting a protracted meeting in Plains, to embrace the first and second Sundays in August. The preaching will be done by Rev. Moore, who is one of the ablest preachers in the Northwest Texas Conference, and is a revivalist of statewide reputation. He is pastor of the Methodist Episcopal church, South, at Big Springs. Secretary of the Northwest Texas Conference and teacher of theology in the Southwestern University at Georgetown.

Mosara, Merritt and Youngblood started to Abernathy the first of the week with a herd of 400 cattle, that they had sold to Northern parties.

Will Belcher brought in 700 yearling steers Thursday from Tahoka, which will run on his pasture until next spring.

William Webber, son of J. S. Webber, of Slaton, is now carrying the Plains-Sligo mail for W. H. Hague. William is a most reliable and worthy youth, and we may expect prompt service while he is driver on that line.

FALLS

Ralls Banner:

S. D. Thornton, an old settler of Crosby county and one of Estacado's very best citizens, was in to see us Wednesday. He says he has been living in Crosby a long time, and never before saw prospects for a bumper crop so good.

Laura May, the little daughter of Mr. and Mrs. J. A. Clendennen, fell downstairs at home last Monday, fracturing her left arm in two places. She was brought to Ralls and the broken limb was set by Dr. Presley, and at this time (Thursday) she is doing nicely.

R. R. Travis and family returned this week from Canyon City, where they had been attending the commencement exercises at the State Normal. His daughter, Miss Pearl, and niece, Miss Oma Lee, being of the graduating class; and that the young ladies acquitted themselves splendidly will readily be seen when we state that they graduated with the highest class honors, both receiving permanent teacher's certificates.

R. R. Travis, while there, had the pleasure of getting acquainted with the entire faculty, which he considers among the best body of educators in the South. He also stated that plans are under way to rebuild the college building as soon as possible, at it will be remembered the buildings were destroyed by fire several weeks ago.

HARRIS

Brownfield Herald:

Ed Spear secured the contract for the new mail route from Tokio to Harris, at a salary of \$36.85 per annum. The present line from Gomez will be discontinued after July 1, and then the mail will leave Harris daily at 12:45, meet the Lubbock mail at Tokio and return to Harris in the afternoon.

Dave and Bob Shaw, of Lubbock, came down to the Malle's in the latter's car, last Tuesday. While there, Dave got a horse and rode over to Plains and other places. We understand they were buying up hides.

J. W. Hooker, Nick Deal and son left for Lubbock last Thursday. Mr. Deal was moving his young mules back to Lubbock county.

You can buy a chicken house with our cheap lumber for the price of a dozen chickens. W. C. Bowman Lumber Company. (474)

Miss Amy McLarry went to Post City Sunday afternoon for a few days' visit with friends.
