American Pottery Is Subject of Learners

A display of American pottery presented a fascinating salad of the American clay Tuesday afternoon. The display was at the home of Mr. Robert Pettit.

Mrs. J. H. Pettit sponsored the event to bring together the different forms seen in the clay. The display is the other side of the coin of the American pottery. Mrs. Pettit has been adding to the display in the past few years and the display is now one of the most complete in the area. The display included a variety of items, including plates, bowls, and teapots, as well as examples of different styles and techniques used in American pottery.
