GERMANY'S CABINET IS STUDYING MEMORANDUM FROM AMERICAN AMBASSADOR

President's Dictum Is Completed But Has Not Been Fully Approved.

EMBASSY AGENT GOES TO BERLIN

Will Inform Germany of the Sentiment Now Prevalent in United States.

WASHINGTON, D. C., June 4.—Ambassador Gerard at Berlin today called the state department today a note from the German government agreeing to pay an indemnity for the damage done by a German submarine to the American steamer Guilford, torpedoed off the Scilly Islands. The German government recently acknowledged responsibility for the Guilford incident, asserting the submarine commander attacked the American ship by mistake. Germany said the officer failed to take note of the American flag.

REPARATION TENDERED BY GERMANY IN THE CASE OF THE GUILFORD DISPOSES OF ONE INCIDENT NARRATED IN THE AMERICAN NOTE FOLLOWING THE LUSITANIA INCIDENT

but leaves unsettled the main contention of the United States that submarine warfare must be conducted with due regard to the principles of international law, especially as to safeguarding the lives of neutrals.

NOTE IS COMPLETED

President Wilson's second note to Germany in this regard was completed today and ready to be sent. There were some indications afterward that the note had not been finally disposed of.

WE REACHED NO FINAL CONCLUSION ABOUT ANYTHING," SAID ONE.

In answer to questions, secretary Bryan said: "I cannot divulge anything that happens in cabinet meetings."

TO TRANSMIT NOTE PROMPTLY.

The note may be dispatched to Berlin late tonight or Saturday. No arrangements have yet been made as to the time when it will be made public.

WHITE HOUSE OFFICIALS SAID TODAY THAT WHILE THE PRESIDENT HAD PENNED THE NOTE HIMSELF, HE HAD CONSULTED WITH SECRETARY OF STATE BRYAN OVER THE PRINCIPLES AND THE DETAILS.

GERMAN AGENT LEAVES.

While the president and cabinet were discussing the note, a German agent was on his way to Berlin to present a first hand report of the interview which count Bernstorff, the German ambassador, had Wednesday with president Wilson.

ENGLAND NEEDS WAR SUPPLIES

Victory or Defeat Depends on Men in Workshops, Declares Lloyd-George.

Manchester, Eng., June 4.—The Germans won their successes in the east by concentrating 200,000 shells on a field of battle. If the same amount of ammunition had been concentrated on the Germans in the west, they would have been driven out of France and half way across Belgium.

THIS WAS THE OFFERANCE OF DAVID LLOYD-GEORGE, THE NEW MINISTER OF MUNITIONS, IN EMPHASIZING TO EMPLOYERS OF THE ENGINEERING TRADES AND TRADE UNIONS THURSDAY NIGHT, THE IMPERATIVE NEED OF GREAT BRITAIN FOR GREATER PRODUCTION OF MUNITIONS OF WAR.

VICTORY DEPENDS ON MUNITIONS.

He added: "It comes as an embassy of state to carry the most urgent message ever told to the ears of a Manchester audience. Our country is fighting for its life, for the liberties of Europe, and upon what it does, upon what it is prepared to sacrifice, depends the issue."

IT DEPENDS MORE UPON THE MASTERS AND MEN OCCUPIED IN RUNNING WORKSHOPS THAN UPON ANY PART OF THE COMBAT.

Another speaker, an overzealous admirer of the British, emerged from this colossal struggle, beaten, humiliated, stripped of her power, honor and influence and a mere hand slave of cruel military tyranny, or whether it will come out triumphant, free and more powerful than ever for good in the affairs of Europe.

RUSSIAN NETBACK SEVERE.

"I come here to tell you the truth. Unless you know it, you cannot be expected to make sacrifices. Our Russian allies have suffered a severe setback. The Germans have achieved a great victory, not because of the superior valor of their soldiers or strategy of their generals. The German triumphs are due entirely to superior equipment, an overabundance of munitions and equipment. It was a battle won by the use they made of their skilled industries, and especially by the superior organization of German workshops."

TWO WELSH TRAWLERS SUNK; SAILORS KILLED BY SHELLS

London, Eng., June 4.—Several men were killed by German shells when the Welsh trawler Victoria was sunk by a submarine 135 miles from St. Ann's Head. Members of the rescued crew said the attack came from the submarine U-54. The men of the Victoria thought the first shot came from a patrol boat.

THEY SHOT A SMALL BOAT AND THE CREW REALIZED THAT THE SUBMARINE WAS AFTER THE TRAWLER.

A boy of 13 was killed by the attack. The crew proceeded to launch a life raft together. A piece of shrapnel struck the witness on the arm and the head, and still another shell blew off the legs of the mate of the ship and injured two other men.

THE MEN THEN SCRAMBLED UPON THE RAFT AND THE SUBMARINE FIRED AT THEM.

The officer of the submarine, according to the witness, told them that if they stopped, they would not have been fired on.

Here they are making use of new reserves, and at the same time they are exerting heavy pressure against the troops commanded by archduke Joseph Ferdinand in the triangle between the river San and the river Vistula."
