DOPING OUT THE WORLD'S SERIES WITH HUGH S. FULLERTON

RED SOX HAVE THE ADVANTAGE IN CHOICE OF THIRD BASEMEN

Gardner is So Much Better Than Stock and Byrne That the Phillies Are Greatly Handicapped; He is Made Over from a Second Baseman and is One of the Best Now Playing the Game.

There has been considerable report expressed that the Puritans have not seen fit to use "Buster" Gillette in the series as "Buster" is rated as one of the best fielders in the Commercial League...

Stock is not being doing much pinch hitting for the Sox. Under these circumstances, Wood ought to make him his first base and doesn't figure much against either Foster or Leonard. Byrne's experience might help, and his courage in standing up to speed and taking his healthily may cause Moran to change plans after the series starts if not before.

HOOPER SLIGHTLY LEADS CRAVATH IN VALUE IN THE WORLD SERIES

Cravath Has Greater Value As Right Fielder Throughout the Regular Season Than Hooper and is Best in Offensive Play Though Weaker in Defence; Both Very Evenly Matched, However.

Cravath is the strong hitter, the greatest cleanup batter of the year, a record breaker for home runs, and a leader in the respect of extra bases, averaging almost two bases to the blow. He has piled up a new mark for modern hitters in the matter of home runs.

Hooper is fortunate in another thing. He is not a great fielder, being but little above the average, and he is fortunate that he drew a short field to play on at home, one which does not require much covering or switching around.

largely to cleverness in saving ground in turning bases. In experience and in knowledge of the game, Hooper has a shade the better of the argument.
