MILLIONS IN IT.

Millionaires Will Contest For Congressional Prizes This Fall. NEW YORK, Oct. 3.—An interesting feature of the congressional elections in this city next month will be the fight between a man of millions heretofore prominent in social affairs, Col. John Jacob Astor who served at the front during the late war and is worth forty million dollars, who will be the republican candidate in the 13th district. Pitted against Colonel Astor will be Tammany's choice O. H. Belmont, the youngest son of the late August Belmont and a millionaire four times over.

John Jacob Astor's relative, William Astor Chandler will be the democratic candidate in the 8th district. He has won fame as an African explorer and served during the war on General Wheeler's staff. Opposed to him is John Murray Mitchell, who possesses millions and is known in yachting and sporting circles.

IN SESSION

General Merritt Arrives at Paris. Peace Commissioners Meet. PARIS, Oct. 3.—Gen. Merritt who commanded the American troops at Manila arrived today from Versailles. He repaired to the Grand Da L. A. there and declined to be interviewed as he was suffering from fatigue. Gen. Merritt did not see the United States peace commissioners before the opening of the joint session today.

NOT QUITE READY.

The Oregon and Iowa Will Not Sail This Week. WASHINGTON, Oct. 3.—The Oregon, and Iowa may not start to Manila until next week. It is expected at the navy department this morning that the fitting out of the distilling ship Iris and the provision ship Celtic might not be completed until the 10th instant, and this fact would alone be sufficient to delay the sailing of the battleships since all vessels are to go together. A leading official in the department told your reporter positively that no significant reason prevented the sailing of the ships except that they were not ready to go.

A SENSATION

Witness In McIntyre Trial Speaks Out Plain. DENVER, Oct. 3.—George F. Brierly and W. H. Hamilton were the only two witnesses called for the defense in the McIntyre trial today. Both gave strong testimony favorable to the chaplain. Hamilton created something of a sensation by stating that he had formed a strong opinion from what he had read and heard of the government's unfairness to the Chaplain. The government witnesses, he said had sworn to what they knew was incorrect. "You are willing to swear then that the witnesses did not swear correctly because they differed from you?" said the judge advocate. Witness wished to know whether an affirmative answer would constitute a charge of individual perjury. He was told no. "Yes," he replied positively to the question. RECESS.

A TRIPLE LYNCHING.

A Tennessee Posse Metes Out Justice Without Trial. CHATTANOOGA, Oct. 3.—A dispatch from Murfreesboro, Tenn., says: John Hollingsworth and two accomplices have been captured here by a mob of sixty men and lynched. They were charged with firing into a crowd who had gathered at an auction sale of Hollingsworth's property in Cannon county last Saturday, killing four men and fatally wounding the fifth. Hollingsworth was shot and seriously wounded before surrendering to the posse.

The Baltimore To China.

WASHINGTON, Oct. 3.—Instructions have been sent by Secretary Long to Dewey directing him to send the Baltimore at once to Tien Esin, China. Welcomes The News.

LONDON, Oct. 3.—The evening News says: "The most welcome news today in reference to the far east is that America is considering the advisability of taking a hand in the game which the heathen Chinese is playing."

Williams Will Control.

WORCESTER, Mass., Oct. 3.—George Fred Williams, according to all indications, will be in complete control of tomorrow's democratic state convention to the complete ostracism of the "Boston machine," headed by Mayor Quincy. There is a strong sentiment among the delegates in favor of giving Mr. Williams the gubernatorial nomination if he can be prevailed upon to accept. Mr. Williams is understood to have favored the aspiration of John Clark Ridpath, but the latter has recently discovered that he has not been a resident of the state long enough to become eligible. Under these circumstances the matter of the gubernatorial nomination appears to be drifting, but the slogan of the Williams faction is "any one except the Quincy crowd." With Williams in control of the convention the resolutions will declare strongly in support of the Chicago platform.

Colored Masons in Convention.

COLUMBUS, O., Oct. 3.—During the next six days this city will be the rendezvous of colored masons of high degree from every section of the country, the occasion being the semi-centennial celebration and national grand triennial communication of the Grand Lodge of Free and Accepted York masons. The week's programme was formally opened today with exercises in the Columbus auditorium, the speakers including Thomas Jefferson Martin, grand master of Michigan, Rev. John B. L. Williams of Florida, W. D. Mathews of Kansas, and Rev. A. B. Allen of Georgia.

Difference of Opinion.

BERLIN, Oct. 3.—The Berlin civil courts and Leipzig court of appeals differ in the matter of Princess de Chimays photographs. The Berlin courts say photographs of princess in fleshings are no more objectionable than nude or semi-nude statuary. The Leipzig courts regard the form of the princess not at all artistic "as the form is too fat." The Berlin authorities however refused to suppress the pictures and another peremptory order from Leipzig was necessary.

Failed to Respond.

BERLIN, Oct. 3.—The emperor refused the invitation of King of Waremberg to be present at the unveiling of the Kaiser Wilhelm monument which took place yesterday. State business of importance was what the emperor gave as a reason for declining to serve. The emperor's decision in the matter caused much surprise, since he never before failed to attend the ceremonies which honor the memory of his grandfather.

A Fort Ball Fatality.

BOSTON, Oct. 3.—The first fatal accident on the football gridiron this fall occurred here Saturday on the Franklin field. Robert Conroy, son of late Postmaster Conroy, was thrown in tackle play and eleven men piled on the top of him. When Conroy was finally extricated from under the human mass he was found to be fatally injured. His neck was twisted and one leg paralyzed. He died in the hospital this morning.

LONDON, Oct. 3.—Mrs. Nancy Guilford, Bridgeport, Conn., the midwife who was arrested Saturday, was arraigned at Bow street police court in extradition proceedings this morning upon the charge of having been an accomplice in manslaughter in the killing of Emma Gill, of Washington, Conn. The court room was crowded and Mrs. Guilford looked pale and careworn. She was remanded for one week.

This morning the district court met with Judge Waithall on the bench. All the officers of the court were present. The work of empanelling the grand jury was the first thing to come up and the following jury were selected. John Julien foreman; Sam J. Freudenthal, C. R. Morehead, U. S. Stewart, W. T. Hinson, E. P. City Clerk Catlin today issued a permit to J. S. Wouch for the erection of a \$300 brick residence to be built on lot 2 of block 7 of Magoffin's addition to the city of El Paso.

The Graphic was in error in stating that the K. of L. will entertain the soldier boys tonight. It is tomorrow night (Tuesday the 4th inst) that the K. of L. boys propose to give a nice little reception to the rough riders and other volunteer soldiers in the city. Alderman McDuffie was among the arrivals yesterday on the T. P. The alderman has been taking his vacation in New York and reports a great time there. Still, he says El Paso is the only town.
