A WORD TO TENANT FARMERS.

You are paying from \$3.50 to \$5.00 per acre rent. If you are renting on shares for one-third and one-fourth of the crop, you are paying more. After your crop is gathered and your labor ended you yet have no home nor a foot of land on the face of the earth. I will sell you your choice of lands out of

500,000 ACRES!

for what you pay per acre in rent. Two years' cultivation will more than pay for the land. These lands lie adjacent to the Texas and Pacific railway, and are among the finest in the world. Buy at once and be independent for life.

A Word to Investors!

The best lands in Dakota, Nebraska, Kansas and, indeed, throughout the Northwest, are pretty well taken up. The resistless tide of immigration now spreading over the west is rapidly absorbing the choicest sections. Lands along the Texas and Pacific Railway are yet the

CHEAPEST AND MOST FERTILE

To be found in Texas. No richer lands nor healthier climate can be found within the Republic. I can offer you your choice out of 500,000 acres of selected lands at from \$3.50 to \$6 per acre.

NO -- SUCH -- OPPORTUNITY

will ever again be presented in Texas to invest in one or more sections for yourself or your children. They are the surest investment in the world, and are certain to double in value in two years. 100 PER CENT. IN TWO YEARS is the investment I offer you. Address

JAMES B. SIMPSON
Or SAM H. MILLIKIN, General Manager,
