TAX EXEMPTION SUIT PLANNED

A test case to determine whether Cameron county tax payers are entitled to the state \$3,000 homestead tax exemption this year will likely be filed in the near future.

Ralph T. Agar, Cameron county tax assessor, and Robin Pate have begun the movement for a test case. If it were ruled that Cameron was entitled to the exemption this year it would mean \$15.60 saving to each homestead owner, or a total saving to tax payers of approximately \$100,000.

It has been indicated that Cameron county tax payers are not entitled to the exemption as this is a tax remission county.

The attorney general's office is still holding the matter open but delay in getting action on the question may result in the test case being filed.

Redfield Rites Held

(Special to The Herald)
DONNA, Dec. 22. — Last rites were held Friday morning at 9 o'clock in the home of Mr. and Mrs. Walter Weaver for Miss Jennie Redfield, 75, who died Thursday morning in Edinburg hospital following a short illness. Rev. Charles T. Raynor of the Episcopal church officiated.

Miss Redfield is survived by a brother, J. B., who arrived from Omaha, Neb., today. The body was to be forwarded to San Antonio Friday where it will be cremated prior to being placed in the family vault in Omaha.

The deceased was an active member of the Daughters of the American Revolution chapter in the Valley and taught school in Omaha for 40 years before coming to the Valley.

Strike Threatened

NEW ORLEANS, Dec. 22. —(AP)—A threatened strike among longshoremen working Munson Line boats was averted, at least temporarily, today after intervention of the NRA industrial relations board which acted as conciliator.

The longshoremen involved, it was reported, were members of the Independent Longshoremen's Union, which has been called a "company union" by longshoremen's organizations affiliated with the American Federation of Labor.

15 Hurt in Wreck

AMARILLO, Dec. 22. —(AP)—Fifteen persons were injured, one probably fatally, today when a truck taking CWA highway workers to their jobs collided with a car at a road intersection near the city limits.

E. A. Hare of Amarillo, one of the CWA workers injured, sustained a crushed shoulder and neck and was in a critical condition. Steve Hidalgo, another worker, was injured internally. Others suffered broken limbs, bruises and lacerations.

Winter Begins

WASHINGTON, Dec. 22. —(AP)—Winter has begun—in fact, it started at exactly 1:58 a. m. Eastern Standard Time, today.

The hour mentioned marked the beginning of the winter solstice when the sun reached its farthest southerly position.

Weather experts refused to forecast what kind of a winter this will be but conceded this country is experiencing a cycle of mild winters.

Three Convicted

Three men pleaded guilty before Judge E. T. Yates in the Cameron county court at law Friday morning.

Jose Ma. Lucio and Manuel Torres, charged with the theft of three automobile engines and a battery, were sentenced to six months in jail each. They were arrested in the vicinity of Rio Hondo by Chief Dep. Sheriff Henry Gordon.

Cleto Salas of La Feria pleaded guilty to a charge of assault and was fined \$5 and costs. He was taken into custody by Dep. Sheriff E. M. Yanaga.

TODAY'S MARKETS

NEW YORK STOCKS

NEW YORK, Dec. 22. —(AP)—Wall Street's clouds had a distinctive silver lining today but the trading weather generally was a little uncertain.

Led by the metal group, stocks jumped 1 to 10 points shortly after the opening, apparently on the overnight news that the president had promoted silver to a more solid monetary base with a value for newly mined metal of 64 1-2 cents an ounce. Trading was fast for awhile, but later quieted down under profit-taking. Grains, cotton and other commodities leaped forward behind a sharp advance in silver futures. Foreign exchanges rallied substantially, although the gold price remained static. Speculative bonds firm, but U. S. government issues eased.

The so-called silver shares, including U. S. Smelting, American Smelting, Howe Sound, Cerro de Pasco and Colorado & Southern, were up around 5 to 10 points at their best, but most of them later reacted from their peaks. At the same time, the tobacco section had its worst break in some months. Liggett & Myers B losing about 6, American Tobacco B 3 and Reynolds B nearly 2. American Telephone also dropped 3 and Consolidated Gas, National Distillers, U. S. Industrial Alcohol, Atlas Truck and some others were off 1 to around

2. U. S. Steel, Case, Eastman Kodak, Sears Roebuck, Kennecott, N. Y. Central, Johns-Manville and Allied Chemical were up fractionally to about 2 points. Union Pacific and Santa Fe were a bit lower.

News that the R. F. C. had increased its gold-buying fund by another \$25,000,000 to a total of \$100,000,000, and that \$60,000,000 had already been used in purchases, was also of much interest to Wall Street. Intimations from Washington that the administration would place no limits upon future expenditures for gold, both at home and abroad, tended to confirm previous opinions that there would be no relaxation in the campaign to raise commodity prices.

NEW ORLEANS COTTON

NEW ORLEANS, Dec. 22. —(AP)—Cotton had an active opening today with Liverpool better than due, sterling firmer and January notices light, only 7,450 bales here and 20,000 in New York. Shorts covered freely in response to the government's announced silver-purchase policy.

First trades were 15 to 17 points net higher with March at 10.14 and May at 10.27. January opened only 6 points up at 9.85, but as notices were promptly stopped, that month soon rallied to 9.93, up 14 points net.

At the end of the first half hour the market reached 3 points, but recovered, with sympathy with strength in stocks.

The market continued to show fair trading most of the morning, prices again moved upward in the second hour on higher stocks and the silver news. March advanced to 10.15, the general market showing net gains of 16 to 17 points.

Later in the morning, prices eased on some reaction in stocks and on pre-holiday liquidation, losing ten points from the highs with March dropping to 10.05 and May to 10.19, still 6 to 7 points above the previous close.

Near noon prices rallied 5 points on covering, making the noon level 11 to 12 points net higher.

CHICAGO GRAIN

CHICAGO, Dec. 22. —(AP)—Wheat scored an extreme jump of five cents a bushel today the moment trading began. This was the limit allowed for any single day. The upturn accompanied an outburst of active buying based mainly on monetization of silver.

Opening a cent the way from 3-1/2 to 3 cents up, wheat later reacted somewhat. Corn started at 1-5/8 to 2-3/8 advance, and subsequently held near the initial limits.

School Bonds Voted

EDOUCH, Dec. 22. —The Edouch-Elsa Independent School district has voted a \$80,000 bond issue for the construction of a high school building. The vote was 80 for and 34 against.

If the issue cannot be disposed of through regular market channels, the bonds will be offered to the PWA.

The city of Elsa will vote on a \$15,500 issue Jan. 8 for the purpose of paving city streets.

Seventy-four miles of pear trees and 31 miles of peach trees are being cultivated in a single orchard in northern Italy.

Flashes -- Of -- Life

Quick Sale
OKLAHOMA CITY.—Two calls over the police radio indicate the kind of service that can be had by those who go about it in the right way. The calls were:
"Car 5, go to the Oard drug store. Man wants to buy tickets to the policeman's ball."
And three minutes later:
"Car 5 back in service."

CHICAGO.—Some 147,000 Americans use artificial limbs! This information came from the Association of Limb Manufacturers whose members said such appliances have been so perfected that handicapped persons forget their misfortune.

A seamless limb of aluminum alloy was exhibited.

Of 3,000 engaged in the industry, 2,000 wear artificial limbs.

Valuable Gas

DENVER.—A bicyclist whirled into a filling station.

"Give me some gas," he shouted.

The attendant scratched his head.

"Oh, I don't mean that kind that's in the tank," the bicyclist snapped. "I want the kind you keep in the cash register."

He displayed the butt of a revolver in his trouser pocket, looked at the register and pedaled away, whistling.

HOLLYWOOD.—Monday was a big day for Walt Disney—you know, "The Three Little Pigs," and "Mickey Mouse."

At a banquet he was presented with a medal for distinguished service of childhood, the award being based upon the enjoyment children have derived from "Mickey Mouse."

At a hospital his wife presented him with Diana Marie Disney, weight eight pounds, two ounces. Mrs. Disney is the former Lillian Bounds of Lewiston, Ida.

Mangled Body Found

WACO, Dec. 22. —(AP)—The mangled body of Charles Winn, 40, of Abbott, a section worker for the Missouri-Kansas-Texas railroad, was found on the tracks near West early today.

Officers expressed the opinion that he had been slain. He had \$29 when seen last night with several companions, but his pockets were empty when the body was found.
