

# Organized Labor Throws Support Behind National Auto Settlement Board

## NEW PROMISE OF GENUINE PEACE SEEN

DETROIT, April 16.—(AP)—Organized labor threw its support to the National Automobile Labor board Monday, bringing a new promise of genuine peace to the motorcar industry.

### Urge Patience

At a meeting of labor leaders in Pontiac a plea was made to workers to exercise patience while the labor board studies its problems. The leaders, from seven Michigan cities, from Ohio and from Wisconsin, urged the board to act with all possible speed, out of consideration of the thousands of workers who are now awaiting board decisions.

William Collins, chief organizer of the American Federation of Labor in the automobile industry, sounded the keynote of patience. It was echoed in a telegram from William Green in which the president of the federation asked workers to "keep their feet on the ground while the board is working out its problems."

### Express Confidence

A resolution was adopted expressing confidence in the board, in Richard L. Byrd, labor's representative on the board, and in President Green.

Approximately 500 persons attended the meeting, coming from Detroit, Pontiac, Lansing, Muskegon, Jackson, Flint and Saginaw, Mich., Cleveland, O., and Janesville, Wis.

## Woman Charged In Mysterious Death

BEAUMONT, April 16.—(AP)—Mrs. Ruth McAdams was held in the Hardin county jail at Kountze on a charge of murder growing out of the death of Ora Moore, 61, whose body was found in a patch of woods near Loeb, last Thursday.

The woman, who admitted she had gone fishing with Moore, maintains he died after complaining of a heart attack. She said she became excited and fled from the scene, not telling authorities of his death because she was unnerved.

## DRIVERS FACE DEATH CHARGE

ELYRIA, O., April 16.—(AP)—Sheriff Clarence W. Dick of Lorain county announced Monday he would prefer manslaughter charges against William Daniels, and Andrew Schaffer, bus and truck driver respectively, who figured in a crash which killed six persons near here.

The crumpled chassis of a night bus told the tragic story of the crash Sunday night in which one woman was perhaps fatally hurt and 14 other persons received minor injuries.

The dead: John Serbon, 35, of Holiday Cove, W. Va.  
Earl Kellog, 35, of Lansing, Mich.  
Sam Novak of Duquesne, Pa.  
Floyd Stalnaker of Akron, O.  
Cristo Vasilovich, 40, of Massillon, Ohio.

Michael Frydrych, 29, of New York City.  
All were passengers of the bus. A blood transfusion was resorted to in an attempt to save the life of Mrs. Marie Kasser of Huntington Park, Calif., whose skull was fractured.

## MRS. INSULL NOT TO JOIN 'CZAR' MILITARY ROAD REPAIR SOUGHT

(Special to The Herald)  
McALEEN, April 16.—Efforts of the McAllen Chamber of Commerce will be directed immediately toward obtaining funds from some source to close a 100-foot gap in the paved highway leading to the Hidalgo International Bridge near Hidalgo, according to J. J. Raidt, president of the organization.

The gap was caused during the 1932 flood of the Rio Grande River when two currents met above the opening to a culvert beneath the highway. When a cut was made in the road to release water backed up against levees protecting the town of Hidalgo, a whirlpool formed by the currents dug a hole 100 feet wide and 45 feet deep. A long detour is now necessary to reach the bridge.

An appeal to the International Boundary Commission brought notification that the commission had no funds that could be spent for repairs to the highway, and no funds are available from the county road and bridge fund.

## CUNNINGHAM IN RACE FOR RE-ELECTION

Judge A. W. Cunningham Monday announces as a candidate for re-election as county judge and in his announcement says:

"I was elected county judge on a platform pledging an economical business administration and lowering the tax burdens of the taxpayers for re-election for a second term in the July primaries on the record made in administering the affairs of the county. The many problems of recovery and retrenchment started cannot be completed in one term and I would be glad to finish working them out."

**Tax Rate Reduced**  
"Notwithstanding the tremendous burdens placed on the county by the August and September storms, the county tax for 1933 was cut to 80c as against \$1.42 for 1932, the lowest tax rate since 1921, a saving in county taxes alone of \$274,085.45 under the levy of 1932, and the \$6,000,000.00 road bond issue and the \$1,740,000.00 flood control bonds in default since September 1932, have been taken out of default by refunding at an interest saving to the county for the years 1932, 1933, 1934, 1935, of \$650,000.00, the interest for 1932, 1933 and 1934 being fixed at 2 per cent and 1935 at 3 per cent. In June 1933 the commissioners' court made its first start to lower taxes by entering an equalization order directing the tax assessor to reduce the value of all lands and trees 20 per cent based on valuation of 1933. That act resulted in lowering the state taxes in the county \$26,563.35, or a total saving, in connection with the 80c county levy, to our county taxpayers in state and county taxes of \$300,648.80.

**Points to Record**  
"When I assumed office the combined operating funds of the county were \$106.56 in the red. In other words, I took charge with no operating funds whatever, and by staying on the job, working out county problems, and with the full support of the commissioners' court in every move of retrenchment and reform, our county finances are in good shape notwithstanding the inability of taxpayers to pay taxes; and funds are on hand to pay all past due coupons at the 2 per cent refunding rate fixed.

"In August I had issued the first storm insurance policy ever issued on the court house and jail, so far as I have been able to learn, and after the September storm collected \$7,000 storm insurance, sufficient to fully repair the buildings and pay for the superintendence of the work.

**Works on Drainage**  
"Since last October I have been engaged with the county judges of Hidalgo and Wilcox counties in a comprehensive drainage plan for our three counties, the project to be financed by the state and federal governments. A tremendous amount of work has been done on engineering and preparing data without one dollar expense to the three Valley counties. This is long drawn out project of vital importance, and like many other county problems I am working out, will not be helped by "Swapping horses in the middle of the creek."

"If the voters of the county are satisfied with the manner in which county affairs have been handled by me I shall greatly appreciate a vote of confidence by being returned for a second term, and I pledge myself to a continuance of an economical and business administration of the county affairs.

"In due time I expect to canvass the county and give a thorough account of my stewardship."

**Ruby Keeler Treated For Burglar Scare**  
HOLLYWOOD, April 16.—(AP)—Mrs. Al Jolson, who is Ruby Keeler of the cinema, was under treatment for nervous shock Saturday following a burglar scare at the Jolson home.

## WIDELY-KNOWN EDUCATOR DIES

DENTON, April 16.—(AP)—The distinguished career of Dr. R. L. Marquis as an educator was ended Monday by death at the age of 54. Since 1923 he had been president of North Texas State Teachers college here.

A violent heart attack suffered last Friday resulted in his death Sunday night.

He was graduated in 1901 from Texas Christian University, Fort Worth, with the degree of bachelor of arts. He received a bachelor of science degree at the University of Texas in 1902; a master of science degree at the University of Chicago in 1903 and a doctor's degree at Austin college, Sherman, in 1925. He took post graduate work at the University of Texas in 1909.

He taught science at Christian college, Thorpe Springs, Texas, 1903-04; science at John Tarleton college, Stephenville, 1904-06; biology at Sam Houston State Teachers college, Huntsville, 1908-09; West Texas State Teachers college, Canyon, 1910-18; and at North Texas State Teachers college, 1918-30.

In 1920 he became president of S. P. Teachers college, Alpine, holding this post until 1923, when he accepted the presidency of North Texas State Teachers college.

He served as president of the Association of Colleges and Secondary Schools of the southern states in 1927. He was a life member of the Texas State Teachers association and the N. E. A.

He was a Mason and member of Rotary International. He was a member of the disciples of Christ. Politically he was a democrat.

## RANCHER HELD IN MAN'S DEATH

ALPINE, April 16.—(AP)—Jack West, well-known Brewster county rancher, faced examining trial Monday for the fatal shooting of Johnnie Tyler, 25, in an Alpine cafe Saturday.

"If I thought I'd ever never to come back here again," witnesses quoted West, 45, as saying to Tyler as he walked up to the Sanderson man. Tyler made no move or reply when spoken to.

West, according to witnesses, drew a pistol and started shooting at close range. Tyler tumbled to the floor with four bullets in his body.

"He got the wrong man," was the only statement Tyler made before his death. No motive for the shooting was revealed.

West surrendered to the sheriff. He has lived here for more than 20 years and operates a ranch about six miles west of Alpine.

Tyler's family is prominent at Sanderson. His brother-in-law, H. H. McAdams, owns the Sanderson telephone exchange.

If a huge cistern, large enough to cover Trafalgar Square and as high as Nelson's Column, were built as a water tank, London would empty it twice daily.

## DOC GROVE APOLOGIZES To The Sheriff

I have made the statement that the County pays the Sheriff at the rate of 40 cts. per prisoner, per day, and that the Sheriff feeds the prisoners at a cost for food of not over 10 cts per day and that the Sheriff made a profit of 30 cts. per day, per prisoner.

I was wrong! The Sheriff is paid 45 cts. per day per prisoner by the county. Therefore, the Sheriff makes more than 30 cts. profit per day, per prisoner.

I have claimed that the prisoners were fed twice a day and that the BREAKFAST consisted of bread, syrup and coffee, OR oat meal mush, bread and coffee, OR three small hot cakes. And that the supper consisted of fat salt pork, cooked with rice or beans and a piece of bread.

**SHERIFF, I WAS WRONG AGAIN!** You are now feeding salt pork and cabbage instead of beans or rice.

The fact that 95% of the families in the Valley have three meals per day per person at a cost of Less than 45 cts. per day per person, has no bearing on the matter unless it could be shown that the reason our sheriff built the top floor of the jail was that with a larger jail, he could make more money on feeding more prisoners.

## LEON TROTZKY FLEES FROM HIDING PLACE

BARBIZON, France, April 16.—(AP)—Leon Trotzky, fearing an attack on his life by white Russians, fled Monday from his newly uncovered hiding place in Barbizon.

Neighbors said the communist leader, an exile from soviet Russia, and his wife left the secluded villa here where they had been in hiding for three months shortly after daybreak in a black automobile. Their destination was not revealed.

**'Fourth International'**  
Trotzky, tolling behind heavy locks and barred-wire with two guns in easy reach and police dogs menacing passersby, was revealed as the sponsor of a "fourth international" whose guiding principle is permanent revolution.

The exiled Russian revolutionist was discovered Sunday when gen. garmes, expecting to find spies, counterfeiter, Stavisky gangsters or gun smugglers, raided his villa on the edge of the forest of Fontainebleau.

Trotzky said he hid himself behind the high wire fence with its two locked gates because of renewed threats on his life. He suspects white Russians. As a result of the threats, Trotzky was granted secret permission by France to come here from Corsica four months ago, unknown to local authorities.

**Preparing New Party**  
In the secluded villa, Trotzky's spectacular defense against detection attracted so much comment that the police finally was raided.

"I am Monsieur Sodroff," the man said.

"No," flashed the magistrate who headed the searching party, recognizing him immediately—"you are Trotzky!"

The former head of the red army of Russia then admitted his identity. He told the authorities he was preparing a new party along communistic lines. He calls it the "Fourth International." The disclosure led to a strict watch over there was no indication of further official action.

## Woman Drops Dead

RIO GRANDE CITY, April 16.—Mrs. Cynthia Mitchell, 43, wife of Sergeant Millard Mitchell of Fort Ringgold, dropped dead about 3 o'clock Sunday afternoon just before a baseball game at the post. She had not been seriously ill previously.

Sgt. Miller and his wife had been stationed along the lower border between Brownsville and Laredo, from the post 12 years, and were widely known in Laredo, Rio Grande City and Brownsville, as well as other Valley cities.

Following funeral services conducted by Rev. H. W. Shirley of the First Baptist church, McAllen, at 3 o'clock Sunday afternoon, the body was sent to Charleston, West Virginia, for interment. Sgt. Mitchell and a 12-year-old nephew, the only immediate survivors accompanied the body.

## P. O. REVENUE SHOWS HIKE

WASHINGTON, April 16.—(AP)—Curtailed mail deliveries and payless furloughs for postal workers will end May 1 because better business, has raised postal revenue.

Postmaster General Farley Sunday revoked the provisions of an order of March 2 that took away the furlough privileges and slashed the number of mail deliveries.

He gave as the reason: "Improved business conditions throughout the country have resulted in a substantial increase in postal revenues during the months of February and March and offer a \* \* \* prospect of continued increases."

The increase in the volume of mail, he added, "is regarded as an accurate barometer of improved business conditions."

## ALFALFA BILL CAUSES LAND SALES DELAY

OKLAHOMA CITY, April 16.—(AP)—Another hands-down victory for Gov. William H. Murray's national guard apparently went into the archives Monday morning in its latest engagement—preventing tax resales.

**Sales Postponed**  
Treasurers of three more counties—Garfield, Blaine and Bryan—called off advertised sales of tax delinquent property and similar action was anticipated in the remaining two—Cotton and Craig—of the 10 counties where the militiamen were ordered by "Alfalfa Bill" to arrest officials, if necessary, to stop such auctions.

"This order looks like we ain't going to have any sale," declared John H. Mason, Bryan county treasurer, as Lieut. Carl Butler of Tulsa—along with three national guard sergeants appeared with a copy of the Murray military decree. Later the county excise board announced postponement of the sale.

**'Good Politics'**  
R. N. Phelps, Garfield treasurer, said the order, which he posted, "reads like good politics."

Garfield county lost about \$800 in advertising costs on the sale and Bryan, about \$4,000, the officials estimated.
