

## VIOLENT STORM SWEEPS OMAHA

Houses Wrecked In Western Part of City; One Is Fatally Hurt.

Omaha, Neb., April 7.—Heavy property damage but few personal injuries of consequence resulted from a violent storm that swept across the western region of Omaha last evening shortly after 8 o'clock. Dundee and Clifton hills suffered the greatest loss, many houses being unroofed and in some cases property ruined.

Another Twister Recalled. It is remarkable that this twister swooped down upon the city at almost the same hour of the day of the week as the more disastrous storm of Easter Sunday, 1912, and nearly exactly six hours afterward. Moreover, last night's tornado entered Omaha at exactly the same spot as did the twister of 1912, and followed the same path for a considerable distance.

Francis Mickles, 8 years of age, appears on the face of early reports to be the only one who may die as the result of the devastation of the tornado. The child lies unconscious at the University of Nebraska hospital. Her back appears broken.

Elsewhere in Nebraska. Lincoln, Neb., April 7.—Wire communication in parts of southeastern Nebraska was completely cut off as a result of violent storms, which swept over that portion of the state last night. The greatest damage, reports indicate, was at Elwood, Neb., where several farm houses were badly damaged and telephone poles were leveled. No one is reported killed.

Red Carried 200 Feet. At Elwood, where the storm reached the property of the farm of George Lins was destroyed.

Mrs. Lins was alone in the house at the time. When the storm approached the storm she climbed into bed with her three-week-old baby. The wind picked up the bed, carried it through the air for 200 feet and then deposited it on a pile of brush.

Mr. Lins was not the child was injured.

A 1000 to 1 Shot. Twenty acres adjoining Valley Oil Company's well at Elwood, Neb., were swept away—ACT NOW. Address K 173, care Herald—Adv.

## OFFICER TELLS ABOUT TROUBLE

Collins was nearly down and out; health is restored by Tanlac.

"A medicine that will do as much for suffering people as Tanlac has for me is worth its weight in gold," said J. W. Collins, of 1214 East Columbia Street, Seattle, Wash.

"When I began taking Tanlac," Mr. Collins continued, "I had trouble with my stomach, and was in such a wretched condition that I could not patrol my beat. My food would sour and keep me filled with gas and I was miserable all the time. My whole body seemed full of neuritis and rheumatism. I ached in every joint and the pain in the left side of my back, over my kidneys, was so terrible at times that I could hardly stand it. Nothing did me any good and finally I just had to give up my position."

"I tried everything but never got any better until I started taking Tanlac. I have used six bottles now, and have gotten rid of neuritis and rheumatism entirely and never feel an ache or a pain. My appetite is great and I can eat anything I want without the usual trouble afterward. I now sleep like a top and have gained twenty-five pounds and am in splendid condition in every way."

Tanlac is sold in El Paso by Kelly & Pollard and by the leading druggists in practically every city, town and village in America—Adv.

## Rupture Kills 7,000 Annually

Seven thousand persons each year are laid away—the fatal toll of the "silent killer." Why? Because the unfortunate ones had neglected themselves or had been merely taking care of the pain (feeling) and not the cause. What are you doing? Are you neglecting yourself by waiting a time, hoping or waiting over some you chance to call it? At best, the cure is a makeshift—a false support—a collection of pills—and cannot be expected to act as fast as a mere medicinal support. The leading pressure retards blood circulation, thus adding the weakness of a man that which they need most—circulation.

But science has found a way, and every man and woman in the land is invited to make a FREE test of the efficacy of their own home. The PLAPAD method is unquestionably the most scientific, reliable and successful self-treatment for rupture the world has ever known.

The PLAPAD method when adhered closely to the body cannot possibly give an shift out of place, therefore, cannot cause of shock, soft as velvet—easy to apply, inexpensive. To be used while you work and whilst you sleep. No straps, bandages or springs attached.

## ARTFUL DODGER HAS NO CHANCE

Put a few drops on that old touchy corn then lift it out without pain.

Once in a while this kind of rough talk will be heard here here in town if people troubled with corns will follow the simple advice of this Clinician authority, who claims that a few drops of a drug called freemore when applied to a tender, aching corn stops cornness at once, and soon the corn dries up and lifts itself out without pain. A delightful surprise awaits all who try this.

It says freemore is a sticky substance which dries immediately and never inflames or even irritates the surrounding tissues or skin. A quarter of an ounce of freemore will cost very little at any drug store, is said to be sufficient to remove every hard to get corn or callus from one's feet. Millions of American women will welcome this announcement since the disappearance of the high heels.

## REDMOND PUTS ON LAST BILL

Company Pleases In Its Farewell Offering At the Crawford.

"By the Light of the Moon," the farewell performance of the Redmond Folies company, which has given El Pasoans a clean, wholesome, appreciative round of amusement during the winter, was shown at the Crawford Theater Sunday afternoon and evening to introduce the week's program. The cast is well chosen and all handled their parts well, considering Sunday night was the first night of the week, and each one had a great deal to remember. No doubt, before the week is over much of the beauty will be eliminated and the conversation will be more spontaneous and natural. The Redmond party also became more familiar with the arrangements of the scenery and stage furniture and avoid unnecessary blunders.

The story is that of a romance centered about a country girl, Miss Bobbie Dean, and two young artists, Joe Kemper and Orville Harris. The girl is just entering her teens and is kept in the interest of the audience. Perhaps it is a little too dramatic and overdone, but it is a little too heavy for the cast, who do better with lighter material.

Two subplots in the story have just enough humor about them to relieve the heavy atmosphere of the main story. One is the story of a young man, Miss Betty George, who is in love with a young man, Ed Young, and finally marries the young man. The other is the story of a young man, Miss Betty George, who is in love with a young man, Ed Young, and finally marries the young man.

GRECIAN—"WILD HONEY." The attraction at the Crawford Theater for today and tomorrow is "Wild Honey," which can truthfully be termed as "a different kind of a dance hall picture."

Doris Kenyon, one of the most beautiful girls of the screen, appears in this picture as a dance hall belle of dancing and vivacious nature. It is by all odds the greatest portrayal of this famous and beautiful star.

"Wild Honey" is a six reel special production and is filled with thrills, humor, love, excitement and absorbing interest.

Do not fail to see "Wild Honey" at the Crawford theater either today or tomorrow—Adv.

THE CAVALRY AT BLOOE. Gun March and secretary Baker are shown today at the Bloor Theater. The Universal Current Events reel, inspecting the border patrol forces at Fort Bliss, Col. E. E. Thompson, leads the 7th cavalry in review, that regiment that once fought in the "Custer massacre" and other city officials are shown also in the picture—Adv.

ST. CLEMENT'S MEN'S CLUB TO ENTERTAIN EASTERNERS. In order to cement the fellowship between the Greek and Syrian friends and themselves the members of St. Clement's Men's Club have planned a special meeting for Monday night, April 14, to which they have invited all the men in El Paso of the Eastern church.

There will be a 20-minute service in the church, after which all will adjourn to the parish home for a social hour, interspersed with music and patriotic exercises.

During the past year over thirty women have joined trade union organizations.

MELBA PALMER COMPANY COMING TO THE CRAWFORD. Manager E. P. Maxwell has abandoned his idea of substituting vaudeville for musical comedy at the Crawford with the closing of the Redmond engagement and will book in the Melba Palmer dramatic show for an indefinite run. Miss Palmer has been seen here before, with the Glass players and other organizations. She is a Texas girl, a native of San Antonio.

TODAY'S AMUSEMENTS

"EXPERIMENTAL MARRIAGE." Patrons of the Alhambra theater have long since accepted Constance Talmadge as one of their prime favorites. Her picture, "Experimental Marriage," has established her firmly. The management therefore takes pleasure in announcing her latest play, "Experimental Marriage," for showing today and tomorrow.

This play is taken from the stage play "Saturday to Monday" and presents the story of a young widow, spirited and charming, who unwilling to bind herself again by matrimonial ties, decided to frame her own marriage contract and be a wife from Saturday to Monday only—a free woman the rest of the time. There are complications galore when the husband decides to teach his wife a lesson.

The Prizma natural color picture, Catalina, is most beautiful and will also be shown today and tomorrow—it being the last one to be shown until others are made.

"The Better 'Ole" will be here Wednesday and this big comedy will be one that will be remembered by all who see it. It has completely captured every one who has seen it and is the sort of picture that you will want to see several times—Adv.

WIGWAG—WILLIAM DEMMOND. William Demmond, one of the most popular leading men on the stage, who has also become a favorite in the pictures, will be seen in the Wigwag today and tomorrow in a very clever comedy romance, "Life's a Funny Proposition." The story is out of the ordinary and is said to be more entertaining. Mr. Demmond is supported by a very strong cast which includes Amy Belcher, Louise Lovely, John Stepping and other stars, who have a following of their own.

Wednesday, the Wigwag will show Fred Stone's very best picture, "Johnny Get Your Gun." The critics say it is simply great—Adv.

UNIQUE—NORMA TALMAGE. Norma Talmage in "Martha's Vindication" will be shown today and tomorrow. "Martha's Vindication" contains a welcome and rare variation of the theme of the betrayal and deserted girl. Mrs. Plake appeared some seasons ago in a Norwegian drama having the same variation, depicting the part of a young woman whose lover is drowned before he can marry her, the bereavement resulting in lasting disgrace to her.

It is curious that the plot should be so little used, for, while in real life most girls who go astray do so through overconfidence in deceitful young men there are some who find disaster through inability of their lovers to wed.

The shows start at 11:15, 12:30, 1:45, 3:15, 5:30, 7:45, 9:15 p. m.—Adv.

ELLENAY—CHARLES RAY. Those who saw Charles Ray at the El Paso Theater yesterday in "The Sheriff's Son" will tell you that it is a picture you do not want to miss. Thousands of El Paso patrons were moved to tears and smiles by the natural human characterization as portrayed by Ray in his newest success.

"The Sheriff's Son" is being shown at the El Paso Theater today for the last time and those who failed to avail themselves of this last opportunity are missing one of the real treats of the season.

Tomorrow the Ellanay offers the

## BOY SCOUTS TO GET LOAN BARS

Fifteen Medals Are Received As Recognition For Services.

Fifteen medals and pins have been received at the Boy Scouts' headquarters from the United States treasury department as awards to scouts for work done during the Fourth Liberty loan drive. The medals and pins will be presented at the next meeting of the Court of Honor which will be held some time during the latter part of the month. Each scout who sold ten or more bonds was awarded a medal, except that if he had previously won a medal in one of the earlier drives, he will receive a bar instead.

Will Get Medals. The following scouts in troop No. 3, under the direction of scoutmaster R. N. Mullin, will receive: Jack L. Camp, Pauline Hines, Jeff. Meers, Louis McFarland, Jerome Cordova, George Hall, Walton Berkshire, Howard Butler, and Arthur McKay. Those to receive bars are David M. Hubert, Arthur March, Hedy Presser, William Boyler, Harry Talbot and Maurice Sackett.

Stannell Gets Bar. A bar was awarded to scout Frank Stannell of troop No. 3, under the direction of scoutmaster Lloyd Allen.

Scouts of troop No. 2, under the direction of scoutmaster C. E. Hawsom, will receive awards as follows: Medals, Cecil Dink, Tom Marland, Albert Guter, Harry Harold Hall, Robert Blinford and Stuart Davis.

# What Makes Big 4 a "Sure Shot?"

**B**IG 4 is going to make BIG MONEY unless all signs fail. The only way to kill BIG 4's chances is practically ALL the great TEXAS OIL FIELDS to play out AT ONE TIME. Judge for yourself whether this is likely to happen.

And the beautiful part of it is that BIG 4 is destined to make money for its stockholders—(who are its real OWNERS)—whether it ever DRILLS for OIL or NOT, though the BIG 4 will almost BE COMPELLED to DRILL in the NEAR FUTURE because of the rapid development of some of the properties of which BIG 4 owns "offsets."

BIG 4 doesn't have to get OIL to make money. BIG 4 used REAL MONEY to purchase holdings in nearly all the important fields. These holdings are mounting in value every day. BIG 4 holds OPTIONS on other valuable properties which it can close at any desired MOMENT. BIG 4 doesn't have to wait for stock subscriptions to do the things it needs to do to make profits.

Whether you buy BIG 4 stock at \$1 per share rests entirely with you. BIG 4 is offering only a fifth of its capitalization for present public subscriptions. The remaining stock MAY NEVER be issued at all. In that case it stays right in BIG 4's treasury, the property of ALL the Stockholders.

BIG 4's campaign for subscriptions at \$1 per share will not last a great while longer. # "Do You Know of a Single Gentile Charity Which Is Not Largely and Willingly Contributed to By People of the Jewish Faith?"

—George Ade

One of America's most gifted writers brings home to every Gentile a statement of facts and conditions that many of them have been overlooking. Take time to read what Mr. Ade says below—

"In any campaign to feed the hungry or lift up the stricken or shelter the homeless it is taken for granted, as a matter of course, that the Jews will do their full share and then oversubscribe a little. They are accustomed to do things in a big way and are not dismayed by ordinary tasks.

"Now they are up against an extraordinary task; an undertaking, vast in proportions, hedged in by appalling handicaps. The American Jewish Relief Committee is endeavoring to save from starvation six million Jews who are the helpless victims of the German Terror.

"Between the committee in New York City and the unfortunate refugees or penned-in prisoners that they are trying to help, are open seas and devastated provinces.

"It can be done and the committee will do it. It will get money and food to the helpless victims, even if in the farthest parts of Europe, if it is backed and supported here at home.

"I have lived in several towns, but I cannot remember the name of a place in which Jews were exempted from contributing to Gentile funds. The call of humanity knows no foreign language, no racial dialect, no favored accent.

"If every citizen of America who has been somewhat directly the beneficiary of Jewish philanthropy should now come forward and help the American Jewish Relief Committee the necessary funds would be ready tomorrow. They should come forward."
