

AMARILLO DAILY NEWS

Published by DAILY NEWS COMPANY, Corner Sixth and Tyler Streets

ELI AMMONS, Manager-Advertising

TELEPHONES

Business Office-275 Editorial Rooms-471

Entered as second-class matter at the post office at Amarillo, Texas, under the act of March 5, 1879.

Only morning newspaper in the Amarillo Country. Covers the Panhandle of Texas, Eastern New Mexico, Southern Colorado and Western Oklahoma from twelve to twenty-four hours in advance of Denver, Dallas, Fort Worth, Oklahoma City and other papers carrying telegraphic dispatches.

SUBSCRIPTION RATES

The Daily News will be delivered by carrier anywhere in Amarillo, or by mail outside of the city, for \$5.00 a year, or 50c a month in advance.

MEMBER AUDIT BUREAU OF CIRCULATIONS

Boost the boosters!

Amarillo is getting ready!

Let everybody attend the fair.

Get out and see Amarillo growing.

Cut the weeds and thereby avoid trouble.

Dress up a little for the Panhandle State Fair.

Each individual is a part of Amarillo's possibilities.

President Wilson stands as a man among men in the United States.

More highway talking and working will prove of value to this country.

Let Amarillo people learn to extend the glad hand in every visitor and good will follow.

Amarillo is a candidate for every good thing coming this way and she classifies highways in the number.

Hurray for the Northeastern Panhandle Country, it is standing in the forefront with other Plains Country sections.

Gathering force with the passage of time, the development of the Panhandle and Plains Country is nothing less than remarkable.

Experts declare that the Panhandle and Plains Country of Texas is the greatest section on earth for raising hogs, sheep and poultry.

Amarillo's Public Schools are starting out for a season of real work for the preparation of the boys and girls in the great game of living.

Despite the fact that the melons of Georgia and Alabama have long held the center of the stage the Panhandle of Texas has both the state leader.

Make Amarillo famous for her hospitality and her future as a city is assured. People from all sections of the country like to have their fellow-like them.

Laloback is to be congratulated that she now has the general offices of the Santa Fe and Cross Plains railroad, and too that she is soon to witness the construction of another line.

Already the different counties are coming in for their space in the exhibit buildings in the grounds of the Panhandle Fair Association for the show September 12 to 16.

The Amarillo Humane Society is determined to accomplish the work whereunto it has set its hand. As the motorcycle policeman is assigned to a task so is this organization to its work.

Yes, the tasks of city building and improving society will be performed without you, but activity on your part will be required to establish a proprietary interest in that which is accomplished.

Paving contractors are pushing steadily forward in the scheme of making permanent road ways for the City of Amarillo. The men are determined to finish this work before the beginning of cold, disagreeable weather.

That swimming pool operated under the supervision of the City Government will meet the needs of people of all classes and ages and is not designed purely for the young, the old, or the middle-aged, but for everyone alike.

BUILDING AUTO HIGHWAYS

From all portions of Northwest Texas come stories relative to the establishment and maintenance of automobile highways. Several of the counties are voting bonds for the purpose of making good roads and still others are taking steps preliminary in such enterprise.

This is a great step forward and will have to do in a most vital way with the development of the plains country of Texas and this entire portion of the southwest. Leading men have envisioned the possibilities of such an undertaking and for this reason they are standing squarely in line to assist in all worthy efforts looking to a greater degree of perfection in the highways of the territory.

Meetings are being held and the people everywhere are becoming concerned with the establishment of better roads and their proper maintenance. It is true that the railroads are connected in a most vital way with the prosperity and development of the country, but the same may be said of the public highway movement. The people of every country are dependent for many blessings upon the condition of their highways. Every year funds the automobile overhaul traffic increasing and the people are wise who provide ways and means to facilitate this traffic.

VILLA'S RAIDS

And now there comes a succession of stories about contemplated raids on United States and by General Villa, the much slaughtered, named and famed bandit chief to whom is attributed the present punitive expeditions into the territory of the Southern Republic.

Of course it may seem that General Villa will invade the United States but this seems far from an actuality at present. It seems scarcely probable that a person who has achieved an entanglement with Uncle Sam, as the famous bandit has, would willingly and openly court such a conflict. The fact is that the present situation looks more like a scheme to keep alive a feeling of expectancy and fear in the minds of the American people and perhaps to spur the Mexicans in their attitude of hatred for the United States.

While Villa doubtless is very much alive in a physical way, as a force harmful to the United States broadly speaking, he is assuredly dead! The attempt to terrorize the United States with stories of the plausibility of General Villa is beneath the consideration of men who are cognizant of existing conditions and possibilities. Villa while not considered a person of culture, has shown some outcroppings of keen intelligence, in view of which fact these wild stories seem off color.

WHY SOW WHEAT?

The Panhandle and Plains Country farmers have a greater reason for sowing a large area to wheat than perhaps any other section in the United States. To begin with, the plowing, discing, harrowing, rolling, picking and even the very stalling of the ground is advantageous to the soil and an investment for the crops of the spring time, though the wheat crop should prove a failure. Another reason is that the seed required for sowing is so small in volume and cost that it is negligible. Still another reason for freedom in this matter of generous sowing is that the late of the wheat is usually determined in sufficient time to permit of planting the grain-forage crops should the small area not promise to mature.

Having these facts in mind the Panhandle and Plains farmers are getting their lands in shape for the sowing of wheat and the closing weeks of the present month and the opening of October will witness heavy seedling. The farmers are sufficiently wise not to base their hopes entirely on wheat, but their scheme of diversity calls for at least some seedling of this important cereal.

Better farming means more profitable farming and the people are thirsting and hungry for information along the line of improved methods. They will sow wheat holding themselves in reason for large grain-forage crops.

WILSON AND HUGHES

One a warm-blooded, responsive, active individual and the other cold, distant, reserved and unresponsive, are the two individuals offered to the people from which to name a president of the United States.

No one has come forward with the statement that Mr. Hughes is not a most excellent man. No one has said that he is dishonest. No one has declared that his intentions are not all right, but all have said that he is standing at a remote distance from the great masses of the American people. That this one fact is sufficient to defeat the Republican candidate for the presidency of the United States there cannot be a question.

Woodrow Wilson stands as a man whose life is above reproach and at the same time has demonstrated in manner unmistakable that he is a friend of the people comprising the masses of the population. He is kindly alive to the needs of his fellow-citizens whether they be high or low and has shown himself possessed of a deep and abiding concern in the welfare of the entire people.

These two men, as different as day from night, now stand forth for the approval of the people and their votes hang on the action of the voters in the general election in November. They have been and are living the lives by which they are to be judged at the bar of public opinion.

FAMOUS HOG GROWER VISITING PANHANDLE

One of the most celebrated hog raisers in the United States is the owner of the Z. Z. Hovest of Omaha, Nebraska, who is visiting the Panhandle this morning. Mr. Hovest is accompanied in an editorial way with the Twentieth Century Farmer, a monthly publication of the National Live Stock Association, secretary of the National Live Stock Association, and a member of the National Live Stock Association, and a member of the National Live Stock Association.

The visitor is just returning from the fair show and sales in Chicago and reports excellent results of that point. He is enthusiastic over the showing of interest in hogs in that section of the state. When asked by a representative of the State what he thought of this section, Mr. Hovest said, "I am most impressed and surprised at the high standard of the hogs raised here. I am most impressed and surprised at the high standard of the hogs raised here. I am most impressed and surprised at the high standard of the hogs raised here."

Mr. Hovest is most impressed and surprised at the high standard of the hogs raised here. He is most impressed and surprised at the high standard of the hogs raised here. He is most impressed and surprised at the high standard of the hogs raised here.

STOCK MARKET

Additional entries. The secretary advised this morning that the total of the 1916 stock already entered for the live stock division, a large number in fact, the total number being reported about 1,500, which, while hardly comprehensible to the average person, is nevertheless a fact. This department of the fair will surpass anything hitherto undertaken by a fair in Texas outside of the DALLAS State Fair. Hundreds of people will come to Amarillo simply for this department of the greatest fair in Texas this season.

Additional entries. The secretary advised this morning that the total of the 1916 stock already entered for the live stock division, a large number in fact, the total number being reported about 1,500, which, while hardly comprehensible to the average person, is nevertheless a fact.

GREATEST ACTIVITY PREVAILS AT FAIR

With more than a hundred men feverishly engaged in the construction and erection of numerous stands, cattle barns and pens, and new structures, the Panhandle State Fair grounds are taking on the appearance of a busy building town in the early October.

Grounds Being Cleared. New pens for longhorned stock are being up rapidly so as to be ready by time of the opening next Tuesday. Plans for various stands are under course of construction. The entire grounds are undergoing a splendid clean-up in anticipation of the large crowds which will throng the grounds for five long days next week. A sales pavilion is being built on the grounds, also.

Racers Arriving. Secretary McGregor stated to a Panhandle representative this morning that forty-two race horses are already on the grounds and fifteen more which have been entered are expected any of these days. There are forty stalls for the races.

Stocked Poultry. A carload shipment of the Highland stock will arrive next Monday. They are from the Dr. P. Plummer place at Plainview and will doubtless be one of the greatest attractions of the livestock department.

Berried Cattle Sale. Among the interesting features of the fair this year is the first all-day sale of registered Hereford cattle by the Panhandle Hereford Breeders' Association, Inc. Fred Deppert will act as auctioneer on the occasion. The auction will be held at the fair grounds Thursday, September 14, at 1 o'clock p. m. There will be 24 selected bulls, several choice ewes and calves, comprising 50 members of the association, which will all go to the customers' benefit.

Each animal will be sold separately to the highest bidder, with no reserve. Parties who find it impossible to present on time may send bids to the auctioneer, or they may be sent to the fair manager.

Large Head Entered. The secretary advised this morning that the total of the 1916 stock already entered for the live stock division, a large number in fact, the total number being reported about 1,500, which, while hardly comprehensible to the average person, is nevertheless a fact.

NATIONAL DEMOCRATIC CAMPAIGN COMMITTEE WRITES ITS FRIENDS

The following letter has been addressed by the Texas Central Finance Committee for the National Democratic Campaign Committee to friends of the party throughout the state. The Texas Central Finance Committee for the National Democratic Campaign is endeavoring, through continuous and aggressive efforts, to win the national and state elections in Texas in behalf of the national campaign for the re-election of Woodrow Wilson. State headquarters have been established in the headquarters building at Fort Worth, with H. B. Hildway as chairman and the staff of organizing the State for the raising of funds is well under way. A committee has been appointed to make substantial offers, and those contributions appearing in their respective districts to be as practical as possible, and it is expected that from now on contributions to headquarters will be frequent and liberal. As a result of the efforts of the State, it is expected that from now on contributions to headquarters will be frequent and liberal. As a result of the efforts of the State, it is expected that from now on contributions to headquarters will be frequent and liberal.

Contributor receipt blanks are being supplied by State headquarters in every county, and these will be furnished to every man authorized to collect funds for the National Campaign. It is urged that every patriotic Texan and loyal Democrat cooperate with his county chairman and with the State Central Finance Committee in making the best possible showing from his county and State, so that no man will fall short of the splendid goal which has been set. All contributions from Texas should be sent to H. B. Hildway, Chairman, State Central Finance Committee, Merchants Bldg., Fort Worth, Texas. W. PINDEXTER, National Committee Chairman, R. B. HIGWAY, Chairman Central Committee, MARVIN JONES, Chairman 29th Senatorial Dist., J. H. AVERY, Chairman Potter County.

CALOMEL IS MERCURY! IT SICKENS! ACTS ON LIVER LIKE DYNAMITE. "Dodson's Liver Tone" Starts Your Liver Better Than Calomel and Doesn't Salivate or Make You Sick. Listen to me! Take no more sickening salivating poison when bilious or constipated. Don't lose a day's work. Calomel is mercury or quinine which causes nervousness of the liver. Dodson's Liver Tone is a natural liver medicine, entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless, doesn't gripe and they like its pleasant taste.

Good Cigars Will Be Forever While Poor Cigars Are a Momentary Proposition-Veterian Bros., Philadelphia Established 1877. CUBA'S MOST FRAGRANT VUELTA ABAJO HAVANA TOBACCO. "A VISIT TO CUBA" FLOR DE HAYNIE MILD & FRAGRANT CIGAR 10¢ AND UP. This celebrated cigarette manufactured by Veterian Bros., Philadelphia, who buy the tobacco for FLOR DE HAYNIE in the Vuelta district of Cuba. You will please not think this cigar and compare it with others as it is perfection in construction, in fact no better cigar can be produced in its class. If you have never tested Cuba's best tobacco you have a chance to do so. Dept., Alexander Drug Co., State Agents, Oklahoma City, Okla. If your dealer doesn't sell Flor de Haynie, send us \$5.00 for 50 and state which size you prefer.

MANY NEW BUILDINGS ERECTED IN HEREFORD. HEREFORD, TEXAS, Sept. 8. - A modern brick garage, 25x40 feet with handsome accessories, being built by H. C. Young, of Hereford. It will be the first of the "Ford Car" built by the progressive firm of Donald & Schmitz. This same contracting firm has just closed a contract with the city for an extension of the sewer system. F. H. Britain, Joe Melan, T. H. Bellinger, and Jesse Hough are building beautiful homes. Will R. Kaufman, architect, East 4th St., Phone 1021-1217. 261-260.
