FORT WORTH WELCOMES THE T. P. A. OF TEXAS.

THEIR FIFTH ANNUAL CONVENTION WILL BE ONE OF UNUSUAL INTEREST.

THE PANTHER CITY ARRIVED IN ITS BEST AND READY FOR THE DRUMMERS WITH A MERRY ROUND OF PLEASURES—BUSINESS OF THE IMPORTANT GATHERING HERE.

A great many Texas drummers have packed their grips instead of their sample cases within the last two days.

Not all of them have left their homes at home, for their is a fair proportion of femininity in the arriving corps.

It will be a gala day in Fort Worth, arrayed right royally in honor of the event.

The spontaneous demonstrations of interest always seen in Fort Worth on occasions like this, and which evince the public spirit of her people.

The ladies council voted them the freedom of the city Tuesday night, and they are taking advantage of it with good taste and judgment.

The ladies visitors will receive special attention and will be shown the beauties of Fort Worth by the fair ones of the city in a manner to make them wish the convention were held here every year.

The discussions of the convention, which meets at 10 a. m. in the city hall, will be of unusual interest.

Mr. George A. Hill, chairman of the railroad committee, is highly gratified at having secured very good rates for members of the association from points in Texas to San Antonio during the National convention.

President Jordan of Post J reviews with much interest the transformation which business has undergone in this country from a day in October of 1842, when a Philadelphia firm first sent a man out on this road to sell goods by sample.

Mr. Jordan reached the conclusion that the drummer by his persistent and triumphant enterprise had finally brought about a state of things in which it was impossible for a man without the highest intelligence, combined with proper energy, to succeed at all in any line of commercial business.

The reception committee are specially requested to call on Secretary Maudin at the Hotel Delaware for their beautiful and useful badges.

CONVENTION NOTES

H. B. Gately of the reception committee anticipates that there will be between 300 and 1,000 delegates in attendance.

The delegates' badge is pronounced one of the prettiest things of the kind ever gotten out.

The badge of Mexico, which will be made in 3,000, will be largely attended.

The most important business before the convention will be the election of officers for the next term.

The report at the Auditorium in considered quite an original feature of the meeting.

The ladies of Fort Worth will turn out to greet the wives and daughters of the visiting drummers.

The formal decorations in the city hall auditorium exceed by far those in former conventions.

Judging from the decorations upon Main street, as though it were a national holiday.

The usual lengthy reports of association affairs have been dispensed with by the present officers. All their reports are small and complete in every detail.

It is thought the convention will be the best attended in the history of the association.

A large delegation will arrive from Waco this morning.

Several of the commercial agents are undecided as to whether they will go to Mexico or to Europe, or to both.

Henry W. Pettibone of St. Louis, the man that sells crockery ware, used a portion of his mileage book yesterday to get here on time.
