WONDERFUL RAYS

A YOUNG FORT WORTH SCIENTIST'S EXPERIMENT. Successful X Rays Photography by Leo Glass - Much Interest Here in the Subject.

All of the scientific world is now deeply interested in the recent wonderful discovery of the X rays. By the means of this discovery it is possible to take accurate photographs of objects through plates and to peer into the structure of the human frame itself.

Probably the first successful experiment in Fort Worth if not in the state, was made a few days ago by a young man in Fort Worth named Leo Glass, son of Mr. Thomas S. Glass, 614 Janes avenue.

He became deeply interested in the discovery of the X rays as soon as it was made known and began receiving all available material on the subject.

Two Wheels Which Were Stolen From Mr. L. E. Day Last Week. Mr. L. E. Day, 411 Houston street, has recovered the two bicycles which were stolen from his store a week ago.

A CENTURY OLD. The following is a partial program for the symphony, recital and concert this evening at the Broadway Presbyterian church tonight.
