THE FEVER IS AMONG OUR TROOPS.

Fourteen Suspicious Cases Discovered Among the Quartermaster's Men

ALL THE MEN ARE ISOLATED.

Confidence Is Expressed at Washington of Ability of Physicians to Stamp Out the Disease.

ONE MORE DAY OF GRACE FOR TORAL.

If He Does Not Surrender Santiago by Noon Tomorrow Shafter Will Make the Final Move With His Men Upon the City.

Washington, July 13.—Fourteen suspicious cases of fever have broken out among the employees of the quartermaster's department near Santiago. The men have been isolated and confidence is expressed in the ability of the doctors to stamp out the disease.

The men of General Lawton's division have cut a large water main, which is believed to be the source of the water supply of Santiago.

The few deserters who came out of Santiago reported that the city's water supply is scant and of very bad quality.

General Shafter has telegraphed to Washington, in regard to the extreme privations suffered by the 14,000 Santiago refugees now at El Caney and he received a reply directing him not to assume the responsibility of their maintenance, but to give them such food as he can spare from the soldier's stores.

The war department gave out the following dispatch from General Shafter:

"Headquarters, Near Santiago, July 13.—Your telegram saying no modifications of orders allowed received. Had an interview of an hour and a half with General Toral, and have extended the truce to noon tomorrow. I told him his surrender would only be considered and that he was without the hope of escape; that he had no right to continue the fight, and think it made a strong impression on him. Hope for his surrender. If he refuses I will open on him at 12 o'clock, noon, tomorrow with every gun I have, and will have the assistance of the navy, which is ready to bombard with 15-inch shells."

UNEASINESS PREVAILS AT WASHINGTON.

Lack of Advice From Santiago Causes Much Concern to Be Felt by the Officials.

Washington, July 13.—Some concern is felt over the situation before Santiago, largely on account of the lack of advices. Nothing has been heard from Sampson directly, save a few messages relating to routine affairs.

Up to 9 o'clock this morning the war department stated there was no news of renewed fighting from Shafter.

At 10 o'clock a special meeting of the war board was in session. Alger, Long, and Corbin being among the participants. The conference as far as can be learned related to the health conditions of the army at Santiago.

Information received indicates there is danger of fever at Siboney and other points.

A cablegram was received from Dewey. It related solely to supplies, and made no reference to any German interference.

GENERAL TORAL SAYS HE WILL NOT SURRENDER.

The Only Recourse Now Is For the Americans to Subdue His Forces and Take the Place.

Off Jaraguá, July 12, 8 p. m., via Jamaica, July 13.—All negotiations for the peaceful surrender of Santiago has ended in utter failure and the city must fall by the sword. Toral, the Spanish commander, has finally and definitely refused Shafter's proposal of unconditional surrender. The American army only awaits the word of its general to begin the final struggle. When the attack will be made depends upon the time which will ensue before General Randolph can land his batteries at the front and it is definitely settled the forward movement will not be made until the

army is fully backed by the big guns, the absence of which cost so many lives during the previous engagement.

General Randolph's movement began early this morning, and tonight out of 10 batteries but one of four guns succeeded in making their way over an almost impassable trail to the trenches at the front. This, with the four batteries already there, is not considered sufficient. Probably 24 hours will elapse before the general engagement begins.

General Shafter's second and last proposal of surrender was sent into Santiago yesterday at noon. It went in the form of a terse note in which the general pointed out the hopelessness of the Spanish position, surrounded by American troops and cut off from reinforcements.

ONE SPANISH TOWN DESTROYED BY FIRE.

The Torch Applied to Siboney to Guard Against the Spread of Yellow Fever Among Our Troops.

Off Jaraguá, July 12, via Kingston, July 13.—The miserable town of Jaraguá, (Siboney) lies in ashes tonight. The town was burned under orders from the army health officers. Almost every building of 50, which struggled along the irregular bluff was set on fire during the day. The inhabitants fled to the hills for shelter. This action was taken as the urgent request of Major Legros of the hospital corps and served the just purpose of ridding the hospital camp of the unhealthy and dirty buildings and driving away scores of Cuban followers.

BLANCO AGAINST PEACE.

He Claims There Is Nothing to Justify a Cessation of Hostilities Just Now.

London, July 13.—A special dispatch from Madrid published, says, Blanco replied to the Spanish government's reiterated representations in regard to peace, energetically protesting against peace.

The captain general says the report that the government would negotiate with the United States had a deplorable effect, especially among the troops. He adds that the deputations of officers protest against any proposition of peace, claiming there is nothing to justify a cessation of hostilities at present.

Men Rely on Battleship Guns.

New York, July 13.—A special to The Tribune from Siboney, Cuba July 13, via Kingston, Jamaica, July 13, says:

The warships guns are the chief reliance in reducing Santiago. They have better range than the land artillery. The Spanish fire is not heavy, and the American troops are little exposed to it.

The report that the Spanish soldiers are leaving the city is exaggerated.

The archbishop renews his appeal to Madrid for a peaceful surrender, and the foreign consuls are also urgent in their expressions of the necessity for such a course.

Ohio Cavalry Goes to Tampa.

Chickamauga, July 13.—The First Ohio cavalry broke camp early this morning and started for Tampa, Fla. No orders for other regiments have been received.

Movement of Tampa Troops.

Tampa, July 13.—Orders for the movement of troops are plentiful here, but as yet the Fifth Maryland volunteers are the only ones to break camp to go aboard transports.

Ministers Taking No Part.

Madrid, July 13.—The government continues its assurances to the effect that the ministers are not taking any part in peace negotiations which may be proceeding.

The Correspondence says: "There is an enormous difference between the concessions Spain is willing to make and the demands of the Americans. Peace is impossible until Spanish victory has lowered the pride of Americans, or another disaster forces Spain to make most ample concessions."

Tried to Run the Blockade.

Washington, July 13.—Captain Sawyer, signal officer at Key West, reported to the war department that the ship San Domingo is wrecked off the Isle of Pines. She was trying to run the blockade. Her nationality is unknown.

Next Philippine Expedition.

San Francisco, July 13.—Major General Otis has practically finished his plans for the second half of the fourth expedition. The three vessels comprising it will sail from this port on July 25. The bulk of the third brigade has been selected to go. Colonel Berry of the Seventh California, and Colonel Kessler of the First Montana have been notified by General Otis that they will sail on that date. The rest of the expedition will be made up of either the South Dakota or the Fifty-first Iowa troops, with the South Dakotas given the preference. Brigadier General Otis, now commanding, will be in charge unless at the last minute he is ordered to accompany Major General Otis on Friday.

All Fever Suspects Discharged.

Washington, July 14.—The surgeon general of the marine hospital service

Sweet Talk.

Extra Fine HONEY in Comb or strained

AT
7 CTS. PER POUND.

YOURS TRULY,

JOHN B. MIKE.

has received a telegram from Dr. Goodings, in charge of the yellow fever detention Camp Fontainebleau, informing him that all suspects except those from McHenry have been discharged, saying he was preparing to close the camp. The added statement to the effect that the quarantine had been raised against all places except McHenry. In discussing the situation, Dr. Wyman spoke of the outlook for immunity from yellow fever by the United States for the season was encouraging.

Two Remains Coming Back.

Washington, July 13.—Nicholas Fish will leave Santiago tomorrow with the bodies of Hamilton Fish, Jr., and Capt. Capron, who were killed with the rough riders in battle.

Two Deaths at Miami.

Miami, Fla., July 13.—H. Breeseon, company M, First Alabama, suicided Tuesday by shooting. Neal Tatem, San Antonio zouaves, died yesterday morning.

Skin Like Velvet

The woman or girl whose face is rough or red—whose skin is disfigured with ugly pimples, blackheads, moth-patches, liver-moles, freckles, tan or sunburn, can have a skin like velvet if she chooses. Persistent use of

Viola Cream

will make the face as soft, smooth and pink as a baby's. Without question or doubt Viola Cream will do exactly what we claim. It is the only preparation which does permanent good, and cannot possibly do injury. It is a skin medicine as well as a skin beautifier. Try a so-called jar. It will bring both happiness and satisfaction. By the time the jar is used up, you'll hardly recognize yourself in the mirror. Your old complexion will be replaced by a new one. Druggists sell Viola Cream.

It is made by
