### DREYFUS PARDONED.

The Council of Ministers Decide to Liberate the Prisoner.

### THE ORDER HELD UP.

To Keep Down Demonstrations Dreyfus Will Be Sent Abroad When the Pardon Is Pronounced—Excitement at Rennes.

Paris, Sept. 19.—Captain Alfred Dreyfus convicted by courtmartial on a charge of treason, with extenuating circumstances, has been pardoned by the council of ministers.

The pardon will take effect in a few days. Dreyfus has relinquished his appeal for a revision of the judgment of the courtmartial.

It is said Dreyfus will be sent abroad before the promulgation of pardon, in order to avoid demonstrations.

When the newspapers ran with the first editions containing a statement that the cabinet had decided to pardon Dreyfus, the newspapers sold quickly, but there was no rush for them upon the part of the Boulevarders. Those who bought papers sat down in front of the cafes and read the announcement without comment. Every one expected it and the decision met with no opposition.

There is much remark here on the strange coincidence of the death of Schurer-Kestner, the first champion of Dreyfus, and to whom Dreyfus virtually owes his freedom, on the very day the cabinet decided to pardon the prisoner.

#### Caused Excitement at Rennes.

Rennes, Sept. 19.—The news that the council of ministers decided to pardon Dreyfus was received here with intense excitement. Dreyfus is still a prisoner here.

#### Champion of Dreyfus Dead.

Paris, Sept. 19.—M. Schurer-Kestner, former vice-president of the senate and champion of Dreyfus, is dead.

#### Charged to the Strikers.

Chattanooga, Sept. 19.—A special from Dayton, Tenn., says some unknown parties set fire to the property of the Dayton Coal and Iron company at 1 o'clock this morning, burning down the powerhouse, coal bunkers and other property. It is estimated the loss is \$15,000; but the damage is greater to the mines, for they are flooded with water, the pumps having been destroyed. The miners there have been on a strike for some time, which is yet unsettled, and the company has a theory that it was the work of some of the strikers.

#### Evidence of Murder.

Coffeyville, Kas., Sept. 19.—The body of a man was found buried about six inches deep in a cornfield near Dewey, I. T., 20 miles southwest of here. It had evidently been there some time, for it was so badly decomposed that identification was impossible. A blow had been struck on the head with an ax, or some other deadly weapon. The affair is a mystery, for no one has been missing in the neighborhood. The body was given decent burial.

#### Killed the Wrong Man.

Center, Ala., Sept. 19.—Henry Martin shot and instantly killed James Reed near here. Claud Reed, son of the dead man, married Martin's daughter Friday and Martin has been hunting the young man, and it is supposed he killed the old man by mistake, as they were good friends. The sheriff with a posse is in pursuit of Martin.

#### Chester Wagon Works Burned.

Chester, Ill., Sept. 19.—The Pomorski Wagon works, located near the river bank, was destroyed by fire together with the residence of the proprietor, Joseph Pomorski. The fire was started by the explosion of a gasoline stove. The loss on buildings and stock is about \$9000, on which there is an insurance of \$4000.

#### His Condition Precarious.

Orange, Tex., Sept. 19.—George Harrison, a scenic artist, who was engaged upon a new drop curtain at the opera house fell 29 feet striking the floor with his head, from which he sustained a wound that ripped up two and a half inches of his scalp. He is still alive, but is in a precarious condition.

#### Kerosene Oil Accident.

Nacogdoches, Tex., Sept. 19.—A serious kerosene oil accident occurred six miles east of here. Berry Patton, a colored farmer, lost his dwelling house and contents. His wife was badly burned and may die. She tried to rent a burning lamp and the oil exploded.

#### Negro Found Dead.

Matlin, Tex., Sept. 19.—A negro 17 or 18 years old was found dead on the railroad track a short distance south of the passenger depot. He was a stranger. It is thought by some that his death was not caused by the train, but that foul play had been dealt him.

**A Farmer Stabbed.**  
 Sherman, Tex., Sept. 19.—On the Art Henry place, six miles east of Denison, R. Fisher, a farmer, was fearfully and perhaps fatally stabbed. A complaint was filed against a negro charged with an assault to murder. No arrest has been made.

**Lumber Burned.**  
 Lowville, N. Y., Sept. 19.—Theo Basselin's sawmill and 10 acres of lumber burned here; loss \$250,000.

#### PREACHER FLOGGED.

**He Is Whipped for Escaping From the Ohio Penitentiary at Columbus.**

Columbus, O., Sept. 19.—Rev. G. F. B. Howard, who has taught college students the principle of logic and who has ministered to large and fashionable congregations in several places, was compelled to bend over a box while a lusty guard vigorously applied a hickory paddle at the Ohio penitentiary.

Howard was returned Sunday to the penitentiary from which he escaped Sept. 12, 1894. He was captured at Horton, Mich., where he was pastor of the leading congregation of that village. Howard had little to say when brought

**REV. G. F. B. HOWARD.**  
 Into the prison court. The pastor of the now shepherdless flocks in Illinois and Michigan was taken into the ante-room where he was made to bend over a bench while a hickory paddle in the hands of a stout guard was laid on his anatomy in a manner not calculated to inspire pulpit oratory. Howard lost all of the good time he had gained, about 400 days, and was taken to the idle house to await assignment to one of the hardest tasks in the prison.

#### WRECK IN MISSISSIPPI.

**One Person Killed and Nine Injured by a Trainman's Mistake.**  
 Meridian, Miss., Sept. 19.—A disastrous and fatal head-on collision occurred on the Mobile and Ohio railroad between Lauderdale and Lockhart on what is known as the zigzag curve in which there was one man killed and nine injured.

Floyd Munn, a negro from Shuquak, Miss., was found mangled in the debris of a box car with his head split in twain.

The injured are:  
 E. P. Maiden, engineer, right leg sprained and bruised.  
 Buck Alvarez, conductor, back wrenched and hurt internally.  
 W. G. Batley, engineer, bruised from jumping.

John Johnson, colored, fireman, seriously injured internally.  
 James Swan, colored, fireman, internal injuries.

A. D. Kimbrough, front brakeman, shoulder hurt and neck cut.  
 Philip Malone, colored, employe of work train, bruised and hurt internally.  
 Mitchell Simpson, colored, employe on work train, injured internally.

Negro tramp from Macon, Miss., leg broken and seriously hurt, probably fatal.

Engineer Haiden on engine 104 overlooked his orders and did not wait at Lockhart for No. 31, but went down Lockhart grade at a terrible speed and met the train on the main line on the zigzag curve in a cut. When the two engines were about ten car lengths apart the reflection from the headlights warned the engineers that a collision was inevitable. They jumped just in time to save their lives.

The wreck was one of the most disastrous that has occurred on the Mobile and Ohio for years. Several cars were torn into kindling wood and one engine was converted into scrap iron.

The injured were brought to Meridian for medical treatment.

#### SMALLPOX.

**Case at Victoria.**  
 Victoria, Tex., Sept. 19.—Monday afternoon after investigation it was found that Emery Hall, a young man who had been to Mexico and just returned, was a victim of smallpox. Flaps were placed on the premises and the place is well guarded.

**Death Near Greenville.**  
 Greenville, Tex., Sept. 19.—Judge Wood's little child that had the smallpox died. That leaves only two cases
