SLOWLY CRUMBLING.

Water Boiling Through the Break and
Spreading Over a Wide Area.
New Orleans, March 27.—With water
roaring through the break and spread-
ing over a wide area of country, the
ends of the crevasse near Lucy are re-
ported to be slowly crumbling.

Lumber was scarce at the scene when
the levee gave way, but a special train
over the Texas and Pacific got away
before daylight with a large consignment
of material and planters hurried
hands from all directions. The cre-
vasse occurred in the bend of the river
and that adds to the difficulties in the
work of repair. Several square miles
of territory have been overflowed and
large plantations at St. John, St. Charles
and Jefferson parishes will doubtless
go under water, though many of the
plantations which lie along the river will

probably only be affected by the back
water. The flood will find its way to
the gulf through Lake Salvador, Bayou
Barataria, Little Lake and other
streams. Sugar is cultivated in the
three parishes, and there is a consid-
erable area devoted to truck farming.
Oyster beds are likely to suffer, but
there is absolutely no danger of life.
Members of the Lafourche levee board
went early to the scene to assist in
the effort to hold the ends and if possible
to close the crevasse.

LINE OPENED.

**Iron Mountain Officials Have Done Much
Energetic Work.**
Memphis, March 27.—The river con-
tinues to fall here slowly and flood
waters are fast flowing out of the low-
lands in Arkansas. Railroad situation
is greatly improved by energetic work
of the Iron Mountain officials in open-
ing the line through the high water
west of the river. Assistant General
Passenger Agent Wilson announced
that all trains over this line are arriv-
ing and departing on schedule time.
The Choctaw, Frisco and Cotton Belt
railroads are using the Iron Mountain
tracks for traffic until their own lines
are opened up. The resumption of
traffic on the Iron Mountain insures
the attendance of a large number of
horses now participating at Little
Rock meeting at Montgomery park on
Monday next, when the spring meet-
ing of the Memphis Jockey club will be
inaugurated.

TEXT OF BILL.

The Irish Land Measure Decries Nearly
Forty Pages of Paper.
London, March 27.—The text of the
Irish land purchase bill which was in-
troduced in the house of commons by
Irish Secretary Wyndham on Wednes-
day last has been given out. It oc-
cupies thirty-nine pages of parliamentary
paper, and bristles with technicalities.
The full wording reveals many im-
portant features which were not men-
tioned in Mr. Wyndham's speech when
the bill was introduced. All arrears of
rent due at time of purchase of land
are recoverable by land commission.
The land commissioners, however, are
given power in special cases to remit
part or all of arrears. Commissioners
are not permitted to purchase estates
which are not mainly agricultural or
pastoral. Thus Killarney is exempt
under this clause. In cases of unen-
titled estates purchased by commis-
sioners they are empowered to execute
necessary works of improvement,
which tremendously enlarges the scope
of the commission's expenditure. The
sub-tenants to be tenants of any hold-
ing occupied by them, which will vast-
ly benefit hundreds.

TERRELL MEASURE.

**Bill Relative to Extensions Amended and
Passed by the Senate.**
Austin, March 27.—After being thor-
oughly punctured with amendments
the Terrell election bill passed the
senate, 22 to 2.
House devoted much time to bill
validating land grants to certain rail-
roads. It was engrossed. House en-
grossed Johnson grass bill.
Senate passed San Jacinto battle
field bill.
Break Near Greenville.
Memphis, March 27.—A special to
the Scripps from Greenville, Miss.,
says the levee broke three miles south
and water is pouring through a cre-
vasse 400 feet wide with a roar that
startled the inhabitants of Greenville.
Entire Cabinet Resigns.
Sofia, March 27.—The entire cabinet
resigned, owing to the inability to find
any one who would accept the port-
folio of war unless the cabinet agreed
to army appropriations.
Empress Has a Broken Arm.
Berlin, March 27.—The empress was
thrown from a horse while riding at
Greenwald, and her right arm broken.
Louisiana Postmasters.
Washington, March 27.—The pres-
ident has appointed J. R. Domenegeux
postmaster at Lafayette, La.
Fairbanks Dead.
Chicago, March 27.—N. K. Fair-
banks, the manufacturer, is dead.
Fatally Shot a Negro.
Terrell, Tex., March 27.—H. A. Mc-
Donald, near Colquitt, Kaufman coun-
ty, fatally shot a negro whom he al-
leged was abusing him. McDonald as-
sisted in arresting some days ago a
brother of the wounded man, and this
caused the trouble.
Magnificent Comet.
Aden, Arabia, March 27.—A magnif-
cent comet was observed at 7:30
o'clock Thursday evening. It passed
nearly right across the heavens.

RELIEF OF FAIRS.

Measure for Benefit of These Institutions
Has Been Introduced.

Austin, March 27.—The bill to re-
lieve fair associations from the opera-
tion of the anti-poolroom law was
introduced Thursday by Senator
Hicks, Davidson of Galveston, Davison
of Dewitt, Willard, Hill, Decker, Say-
age, Paulus, Lipscomb, Puisse, Stafford
and Fabian. It has been reported fa-
vorably by senate judiciary No. 2 with
a minority report by Senator Hrach-
field. It provides as follows:
"Section 1. Hereafter it shall be
lawful to wager upon races between
horses in this state when such races
are conducted under the supervision
of any fair association chartered under
the laws of the state of Texas, and
when such wager is made on the day
the race is actually run, and within
200 feet of the track or grounds where
such race is run; provided, that this
act shall not be construed to at any
time or place authorize the selling of
pools on any horse race."
In the senate a number of amend-
ments to the Terrell election bill were
adopted. Bill went to third reading,
but failed to get four-fifths vote to
suspend rules and pass finally.
House consumed nearly all of Thurs-
day discussing tax of intangible as-
sets of corporations bill.
House adopted free conference re-
port on house bill repealing occupa-
tion taxes on merchants, bankers, lawyers
and dentists.

DEAF DELIGHTED.

Are Surprised to Be Able to Distinguish
Sounds of Various Kinds.

New York, March 27.—Another in-
teresting demonstration of the power
of the acousticon has been given in
this city by inventor Miller Reese
Hutchinson. Mr. Hutchinson selected
as subjects for experiments inmates
of the New York Academy for In-
struction of the Deaf and Dumb.
Some had been stricken with deaf-
ness at too early an age to remem-
ber what the meaning of sound was,
and one girl in particular almost went
into spasms of delight when the ear
piece was adjusted and she heard the
strains of music. Mark Twain was in
the little audience, as was also Mrs.
George Dewey, wife of the admiral.
There was one skeptic present. He
was deaf, but had no faith in the in-
vention, so asked to be put in the
chair. This was done, and his face
flushed with surprise when he was
able to distinguish "mamma" from
"papa." Mr. Hutchinson said "hello"
to him and he repeated it.

NO NEGROES.

The Threatened Trouble Over the Color
Question Simmered Down.

New Orleans, March 27.—The
threatened trouble over the color ques-
tion having simmered down the Na-
tional Council of Women of the United
States opened their executive session
here Thursday and the general officers
held their public reception at night.
No negroes were present on either oc-
casion. Mrs. May Wright Sewell,
president of the international council,
said there had never been any proba-
bility of the attendance of a colored
woman at the social function. Similar
receptions had always been given
at the north, but on no occasion had
a negro woman attended. There are
only two colored women in the world
entitled to be present at the business
sessions here, said Mrs. Sewell. One
was Mrs. Yates of Missouri; the other
was Mrs. Williams of this city. Mrs.
Yates could not come and sent her
proxy.

IS EXTENDED.

Interstate Commerce Commission's Given
Longer Time to Complete.

Washington, March 27.—The inter-
state commerce commission has ex-
tended until April 20 the time set for
filling an answer to the petition of the
Cattle Raisers' Association of Texas
complaint, and the Chicago live stock
exchange intervenor to reopen its
case against the Fort Worth and Den-
ver City Railroad company et al. in-
volving the Chicago Terminal charges.
The action follows a motion made by
the railroads to vacate the order re-
opening the case for further hearing.

Taylor Found Guilty.

Lexington, Ky., March 27.—A re-
sult was caused here, the jury re-
turned a verdict of three years in the
penitentiary for Dr. A. P. Taylor, a
prominent physician and the president
of the Industrial Mutual Deposit com-
pany, one of the companies that went
to pieces here a year ago. The charge
was embezzlement of dividends when
no dividend had been earned. There
are three more indictments against
Taylor. Fifty other similar indict-
ments are to be tried against promi-
nent citizens.

His Lungs Affected.

London, March 27.—Former Con-
gressman W. Bourke Cockran of New
York will not be able to present at
the convention of Irish Nationalists
to be held in Dublin April 18, for
the purpose of considering the Irish
land purchase bill introduced in the
house of commons. His doctors say he
must not leave the warm climate of
Egypt until May, as his lungs are se-
riously affected.

In Theory Done.

Birmingham, Ala., March 27.—The
Illinois Central railroad will be run-
ning trains into Birmingham within
the next thirty days. This will be ac-
complished, it is said, through a traf-
fic arrangement with the Frisco sys-
tem, providing for the use of that
road's tracks from Aberdeen or Holly
Springs, Miss., to this city.

"Preposterous Untruth."

St. Petersburg, March 27.—The of-
ficials of the Russian foreign office
characterize the report published by a
news agency in the United States that
1000 men were killed recently in a
battle on the Turko-Persian frontier,
between hostile tribes of Kurds as a
"preposterous untruth."

Death of a Mexican Deputy.

City of Mexico, March 27.—Joaquin
Escoto, member of the chamber of de-
puties for the first district of Jalisco,
died at Tacubaya, a suburb of this
city. Mr. Escoto was connected with
the court that sentenced Maximilian
to death, and had a long and honor-
able political career.

Being Suppressed.

Managua, Nicaragua, March 27.—
The revolution which broke out at
Fragalpa in the department of Con-
tales, Nicaragua and the river San Juan
is in government hands. The govern-
ment is confident that order will be
entirely restored within a few days.

New Spanish Minister of Finance.

Madrid, March 27.—Senator Roderiguez
San Pedro, a conservative and lawyer,
has been appointed to succeed Finance
Minister Villaverde, whose resigna-
tion Wednesday was due to the demands
of the war, marine and other ministers
for increased expenditure.

Only One Plague Point.

City of Mexico, March 27.—Siqueros
is the only plague point in the Mex-
ican district that is causing any anxiety
now. There are eighteen patients in
the village, some of whom may die.
