Out on Bond.—Francisco Balli and Luciano Davila, two Mexicans, were arrested last Saturday at San Benito by Deputy Sheriff Jose Longoria, on a charge of stealing two head of beef cattle from one Pedro Garcia, residing near San Benito, and lodged in jail here. Yesterday they were released under a bond of \$250 each, to appear tomorrow morning before Justice of the Peace Gavito for their examining trial.

Erecting Warehouse.—The brokerage firm of McDavit Brothers are preparing to erect a warehouse on the tracks of the St. L., B. & M. railroad near the ice factory. When completed the warehouse will be 40 feet wide by 60 long and will have a ten foot shed on one side. It is expected to have the building completed within the next two or three weeks. The firm will still continue their up town office and in addition will have an office at the warehouse during the shipping season.

The Immense Stock of Holiday goods of the Brownsville Drug Co., though complete in every detail is being rapidly picked over. Better go around early and make your selection before the presents you want are selected by another. ***

Marvelous Child Acrobats.—Quite a large audience greeted the Circo Reintero in their initial performance at Washington Park last night. All who attended report the performance quite good. The Landeros acrobats, tumblers and balancers, consisting of three girls and a boy, all mere children, are little short of marvelous. Some of the clever stunts enacted by this quartette would do credit to old and tried performers many years their seniors. Their fancy acrobatic work, head and hand balancing and tumbling is really exceptionally fine. The youngest member of the troupe, a little girl about six years of age, is a wonder at turning hand springs and tumbling. Taken as a whole, the circus is about the best that has been seen in this city for some time.

Phone Clay's Bakery and place your order for your holiday fruit cake. ***

MASURY

The name Masury means something. It designates QUALITY. Just as the word Sterling stamped on silver indicates fineness and purity, the word MASURY means the best—none other as good. It has taken fifty years' experience to level up the standard of the Masury Paints to the high level where it stands today—absolutely pure pigments; pure linseed oil—"net weights and full measure," every can labeled, giving actual percentage composition, etc.
