ABOUT TOWN.

The weather has been a little cooler than usual today.

Justice of the Peace Valentin Gavito was qualified as ex officio notary public on Tuesday.

Miss Susie Dorsett, the agent for the Brownsville & Alice stage company, is sick and was unable to be at office today.

HUMORS, boils, pimples and all eruptions are due to impure blood, and by purifying the blood with Hood's Sarsaparilla they are CURED.

Two more smallpox cases have recovered and were dismissed from the hospital camp this morning by Dr. Combe. The doctor still has two more patients under treatment, whom he will be able to discharge about the 15th instant.

The schooner Pierce Simpson sailed from Point Isabel this morning for Galveston. She carried a number of passengers, among them four sailors belonging to other vessels who were left behind by their ships sailing recently, while they were enjoying the sights in Brownsville.

The marriage of H. P. Lister and Miss Emma Diaz will take place in this city in a few days. Mr. Lister formerly resided in Hidalgo county, but more recently has lived near Monterey, being employed on the hacienda of A. P. Barreda there. The bride elect is a daughter of Guadalupe Diaz, a well known citizen of Brownsville.

The city authorities of Matamoros have arranged a grand serenade to be given tonight in the Plaza de Hidalgo, in honor of the birthday anniversary of Gen. E. Lojero, commander of the 4th military division of Mexico, whose headquarters are in Matamoros. The editor of THE HERALD acknowledges the receipt of an invitation to be present at the serenade, which will begin at eight o'clock this evening and last until eleven.

A Sustaining Diet.

There are the enervating days, when, as somebody has said, men drop by the sunstroke as if the Day of Fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the full effect of Hood's Sarsaparilla in such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic,—say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will without any doubt avert much sickness at this time of year.

DYSPEPSIA

"For six years I was a victim of dyspepsia in its worst form. I could eat nothing but milk toast, and at times my stomach would not retain and digest even that. Last March I began taking CASCARETS and since then I have steadily improved, until I am as well as I ever was in my life."

A move is on foot to bore for oil in Laguna Madre, somewhere on the Mexican coast, by a company that was lately organized in Matamoros. A representative has gone North to buy the necessary machinery.

The main staircase in William C. Whitney's New York residence, Fifth avenue and Sixty eighth street, is of white marble and is carved after a staircase in the Doge's palace in Venice. Mr. Whitney brought the design to this country and the work took six months for completion.

An Important Work.

An engineering work of some importance is the siphon bridge by which the Churnbusco River is being carried over the grand canal of Mexico. The river will be carried above its normal level, across the canal on a carriage way, constructed of steel, resembling an elongated box, with square outer corners, rounded on the inner side. The material was furnished by the American Steel Bridge Co. Senor Marroquin is the engineer and designer.—Mexican Herald.

Vienna—Albanian insurgents and Turkish regulars have had several encounters on the Turkish frontier. Many have been killed and wounded on both sides. It is rumored that the Albanians cut off the heads of their prisoners and triumphantly carried them on poles through Albanian towns. It is also reported that the Turks massacred their prisoners. A band of marauding Bulgarians near Ghevgheli entrenched in a farm house, were stormed by Turkish troops and killed to a man.

The manager of "A: the Old Cross Roads" advertises for "a union carpenter, capable of singing bass in a quartette." That's almost as funny as "Wanted; a soubrette who can cook."

General Debility

There is no one who is not feeling of weakness that makes a burden of itself. It is the result of a general debility. It is not a disease, but a condition of the system. It is the result of a general debility. It is not a disease, but a condition of the system.

Hood's Sarsaparilla is the best remedy for general debility. It purifies the blood and restores the system to its normal state. It is the best remedy for general debility. It purifies the blood and restores the system to its normal state.
