THE HERALD is authorized to announce the name of

HON. J. N. GARNER,
as a Candidate for Congress from the Fifteenth District, subject to the Democratic Nominating Convention.

TUESDAY, JULY 22, 1902.

JUDGE WELLS wore his honors modestly, as really superior men always do.—Laredo Times.

ALL trials have their compensations. The mercury is uncomfortably high just now, but Carrie Nations continues subsided.

CUBA asked for bread, and Uncle Sam gave her a stone, and the little dear is doing its best to digest it, as if it thought itself a young ostrich.

A COUPLE at Browntown, New Jersey, lived together for over twenty years without speaking to each other. The wife died recently, without breaking the long silence. They may not have been a deliriously happy pair, but, at least, they could not have quarrelled during all that time.

THAT Galveston platform was in reality a Galveston platform, and it is right that it should be so. The entire state is interested in the growth of the Island City, and can afford to deal generously with it. Texas should have the greatest seaport on the Gulf coast, and Galveston should be it.

IT WILL be observed that Major Waller's act in executing Filipinos without trial was said by the president to be only "partly excused" by the mental condition of the major at the time. This will probably put a crimp in that officer's aspirations for the generalship of the marine corps, for a time.

THE spite and littleness which characterized Judge Cockrell's speech, in which he moved to make the nomination of Judge Wells unanimous made a pitiable spectacle of the Dallas man, and proved conclusively the wisdom of the state democracy in choosing another than him for chairman. His flings at the entire personnel of Texas office holders, from the governor down, were insulting to the people who elected them. This was Judge Cockrell's first appearance before the people of the state as a candidate for a high office, and it will probably be his last.

Both from Clarksville.

The Clarksville Times is in high glee because a man who once lived in Red River county is to be Governor and another fellow who trekked from Clarksville to the Staked Plains is to go to Congress. People are nearly always kind to those who reform, and a fellow can't exhibit stronger evidence of reformation than properly authenticated proof that he left Red River county.—Honey Grove Signal.

That is real mean. The two gentlemen spoken of are John Garner, nominated for Congress from Uvalde, and Congressman Lanham, who will be nominated for Governor. Mr. Garner is known affectionately in his part of the county as "Chapparral Cock of the Frio," and sometimes "Chapparral Cock" is changed to Road Runner, that being the local name of the bird. Mr. Garner is supposed to still have splinters in his feet that he

got in Red River county. Mr. Lanham taught the Red River young idea how to shoot. He taught school in that county, and some of his pupils are known as the very best alfalfa hay raisers in that part of the country. The man who can raise this hay crop with success is far in advance of the man who can merely conjugate Greek verbs. Red River county has the right to be proud of the two men. They have succeeded in life, and that among a people who are known to be right close to everything that is good and in sight.—Dallas News.

Texas Notes.

Mosquitoes and charbon continue to rage in Brazoria county and many cattle are dying.

A shipment of 500 tea plants has been received at Lavaca from Washington, for experimental purposes.

A police officer in San Antonio was badly bitten by a mad dog, and has been taken to New York to the Pasteur Institute.

The Mexican National road has received ten new standard gauge engines at Laredo and is testing them in the yards there. With the exception of one road, which has engines of equal size, these are said to be the largest in the United States.

Rain fell for five hours at El Paso Thursday, breaking a long drought.

GROWERS WILL BENEFIT.

The Southern Pacific and Houston and Texas Central Freight Department will shortly inaugurate a very radical improvement in the matter of handling perishable commodities and products raised along the several lines of the companies in question. The improvement is in the matter of a first-class refrigerator car line, which will be put into effect July 22d. These refrigerator cars will belong solely to the companies in question and will be operated on a weekly schedule between all main line points and Fort Worth, Denison, Sherman, Ennis, Hearne and Houston, leaving Fort Worth every Tuesday at 1:30 p. m., southbound, Denison every Tuesday at 7:00 a. m., southbound, Sherman every Tuesday at 8:00 a. m., southbound, Ennis every Wednesday at 7:25 a. m., southbound, Hearne every Thursday at 6:00 a. m., southbound and Houston every Friday at 8:55 a. m., eastbound.

This new freight service will be of great convenience to the patrons of the Southern Pacific and Houston and Texas Central, inasmuch as it will permit less than carload lots to secure the benefit of a first-class refrigeration, and enable the small shipper to deliver his perishable products to all towns located along the Sunset-Central lines.

It is the determination of the freight officials to increase the service to semi or tri-weekly as the business may warrant.—Houston Post.

Sour Stomach

"After I was induced to try **CASCARETS**, I will never be without them in the house. My liver was in a very bad shape, and my head ached and I had stomach trouble. Now, since taking Cascarets, I feel fine. My wife has also used them with beneficial results for sour stomach."

PAINE'S CELERY COMPOUND

Will Banish the Summer Blues and Other Distresses That Make Life Miserable and Unhappy.

This is the season when we hear men and women complaining about their unhappy and half-dead condition. They find that physical and mental energy has deserted them, and they are sinking deeply in the pit of despondency.

The hot summer weather always produces thousands of miserable feeling mortals. They lack nerve force, strength and true vitality. They cannot rest day or night, and life becomes a burden.

The great recuperator, builder and strength-giver for all weary, worn-out and suffering people is Paine's Celery Compound, now so universally prescribed by medical men. When the great medicine is used at this season, languor, despondency, irritability, nervousness, sleeplessness, headache, dyspepsia and digestive troubles are permanently banished, and men and women go about their duties and work with a vim, will, and energy that indicate health and physical strength.

Mr. J. H. Clark, Newark, Del., who was in a critical condition of health from troubles extremely common in summer time, writes thus about his marvelous rescue from death:

"When I was attacked with nervous prostration, I went to one of our local doctors. I continued to grow worse and consulted other physicians, but with very little apparent good. No tongue can express or pen describe my feelings and suffering from this terrible disease. After spending considerable money in the vain hope of being cured, I was led to try Paine's Celery Compound, and it is this medicine which enabled me to enjoy health I now have. After the torture I experienced night and day for years, the change is wonderful."

Good Babies.

If the mother is strong and well the baby will be so, too, in almost every case—and a healthy baby is a "good" baby. Mothers who use **G. F. P.** regularly for some time before childbirth always have an "easy time" and give birth to a healthy child. It heals and strengthens all of the sexual organs, and supplies an extra quantity of rich, pure blood for the nourishment of the unborn child.

CURED MENTAL TROUBLE AND DROPSY.
A few weeks before our second child was born, three years ago, my wife had local dropsy very bad. We had two good doctors with her but she was not relieved. Her mind became affected and we sent her to the asylum at Bolivar, Tenn., and at the end of four months we brought her home sound and well. But last summer, just before our third child was born, the dropsy again appeared and we were very uneasy about her. We gave her **G. F. P.** (Gerstle's Female Panacea) and I am glad to say the dropsy disappeared and she is sound and well, and has a fine, healthy boy baby.

GIVES G. F. P. THE CREDIT.
I write you this to let you know that I am using your **G. F. P.** (Gerstle's Female Panacea) and am progressing finely. I believe it to be the best medicine in the world for whites. I am soon to become a mother and give your **G. F. P.** credit for it all.
