

ABOUT TOWN.

The regular report of the First National Bank appears elsewhere in this evening's issue.

The fair is going on nightly in Matamoros, being largely attended. It will last until the end of the month.

The steamer Manteo sailed from Galveston at 10:30 last night, with 50 tons of freight and ten passengers.

DIED, in this city yesterday, at 4 p. m., Berta Barron, aged 9 months, daughter of Pedro Barron, a well known Mexican merchant. The funeral takes place this afternoon.

In reporting the change in the Alice mail schedule yesterday, it should have been stated that the mail will be due here at 9 p. m., instead of 6, the former being the contract time. Owing to lack of previous notification, and the teams not being ready or other preparations made, the mail did not get in as early as expected last night.

Last night about eight o'clock as Deputy U. S. Marshal John M. Haynes was about to set out in a buggy for Hidalgo, his team became unmanageable and ran away. They ran some distance before he could control them and were running down the street near the Bates livery stable, when Mr. Haynes saw another buggy coming and, to avoid a collision, jerked his team to one side violently, which drew them back against the sidewalk and threw the buggy against a tree turning it over. Mr. Haynes was thrown out and considerably bruised up, and the buggy was also damaged, the team kicking loose from it. Mr. Haynes was taken home, but was able to be out today. He received some severe cuts on the head and face.

In the railroad wreck which occurred recently near Ballinger, Texas, one of the injured passengers was W. H. Fulmore, the young gentleman who spent several months here and at the Point this summer as the guest of Mrs. M. B. Woodhouse and family. Mr. Fulmore's injuries did not appear to be serious, and the newspaper accounts of the accident spoke of his exertions in behalf of those who were seriously hurt, seemingly altogether unmindful of his own injuries. He has been obliged to remain at Ballinger since, however, as it developed that he was worse hurt than he would admit at first, so it is learned. His friends and acquaintances in Brownsville earnestly hope that he may soon recover entirely from the effects of the accident.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 66 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

BRIGHT'S DISEASE.

The largest sum ever paid for a prescription, changed hands in San Francisco, Aug. 29, 1902. The transfer involved, in coin and stock \$112,500, and was paid by a party of business men for a specific for Bright's disease.

They commenced the serious investigation of the specific Nov. 15, 1901. They interviewed scores of the secured and tried it out on its merits by putting over the three dozen cases on the treatment and watch ing them. They also got physicians to name chronic, incurable cases, and administered it with the physician's judgment. Up to Aug. 25, eighty-seven cases of the test cases were either well or progressing favorably.

These being but a few per cent of failures, it is not surprising that the price of the prescription was \$112,500. The price of the prescription was \$112,500. The price of the prescription was \$112,500.

MISS FAY LEE,

President of the Shakespearian Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you', but there is much more in my heart for you."

nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 603 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

BEARING-DOWN pains are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains". They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible
