SEVEN INJURED RAILWAY WRECK

JESSE TALBERT OF BEAUMONT
WAS ONE OF THE VICTIMS
OF DISASTER.

WAS A BRAKEMAN ON THE TRAIN

Accident Occurred on the Dallas Ex-
tension of the T. & N. O.—Ten-
der Jumped Track and the
Train Was Ditched.

Jesse Talbert, the brakeman who was injured in the wreck on the Dallas line of the Texas & New Orleans Friday night, came to this city last night on the regular passenger from the north. Talbert is a resident of Beaumont, and lives with his mother on Pearl street. The other persons who were injured in the wreck were taken to Dallas.

It was reported here yesterday afternoon that Talbert was badly hurt. He is evidently himself of the incurable nature of this rumor. He traveled southward last evening without assistance, stepped off the train when it reached the depot here and walked home. His injuries consist of a bad bruise on his right hip, caused by being thrown against the side of the coach.

The wreck occurred at 10:05 o'clock Friday night, two miles north of Beaumont, and six miles north of Athens. The south bound passenger derailed here at 8:15 o'clock yesterday morning was derailed by the tender of the engine jumping the track on a sharp curve. The tender, baggage car, mail car, coach and the sleeper left the rails. In the scramble over the ties they practically obliterated 200 feet of track. All but the sleeper turned over onto their sides on the right of way. The sleeper remained upright.

It is considered miraculous that no one was killed. Six passengers in total of seventy-five were injured, none, it is reported, seriously. Brakeman Talbert was the only one of the trainmen hurt. The passengers in the sleeper were badly shaken up but the injuries to all, it is stated, consisted of sprains, bruises, slight cuts, etc. Talbert, the worst hurt person on the train, is not seriously injured.

Two small wreckers from Dallas were sent to the scene of the wreck and by 5 o'clock in the afternoon the track was relaid and traffic resumed. Prior to that time passengers going south or north over the line were transferred west this week. Last night the big wrecker was sent to the spot from Houston, as the small machinery was not sufficient to get the coaches back on the tracks. The sleeper, it was stated, would be on the rails in time to attach to the train this morning at 8:15.

headquarters in this section. He will be accompanied by Acting Assistant Surgeon Virginia Dalney, who will give the applicants the physical examination.

In the past two days the offices have been in charge of the petty officers sent here to open them and to advertise for recruits. Nearly twenty applicants for enlistment have been received. Many of these are from telegraph operators who wish to go into the navy as wireless telegraphists. This is a new and interesting department of the navy, as the operators will receive \$30 a month from the start, will be thoroughly trained as wireless telegraphists and then assigned to duty at \$75 and their living expenses, clothing, etc. The officers here, however, will enlist men for all branches of the service. They will probably assign a number of men as yeomen, the requirements for which are as follows:

1. Applicants for enlistment for yeoman in the navy must write a legible hand, be competent typewriters and have previous clerical experience. A knowledge of stenography is required of yeomen detailed for duty as yeomen in the commanding officer's or for commander in chief.
2. Yeomen perform clerical duty on board vessels of the navy; are enlisted for a term of four years and landmen for yeomen at \$30 per month, and if practicable are given a preliminary course of instruction on board a receiving ship. When qualified for yeomen they are appointed yeomen, third class at \$30 per month, and transferred to receiving ships as needed.
3. Qualified yeomen third class, after serving probationary period receive and if they are recommended by their commanding officer are promoted to yeomen, second class, at \$35 per month, in the same way yeomen second class, are promoted to yeomen first class, at \$40 per month.
4. Young men who are competent stenographers and typewriters will be enlisted as landmen for yeomen second class, and will be so rated as soon as they qualify in the yeoman school.
5. Chief yeomen are chief petty officers, who receive \$60 per month, and are selected from qualified yeomen first class, preferably from those who have been honorably discharged upon completing a term of enlistment, and having reenlisted within four months.

COMING TO BEAUMONT.

Michigan Photographer Will Establish Studio Here.
 Word has been received by the Chamber of Commerce that Mr. G. W. Doss and wife of Muskegon, Mich., are coming to this city in a few days. Mr. Doss was writing parties here concerning this city as a field wherein to establish a photographic studio and camera supply house. They recommended that he come and it is expected that he will be here within a few days. Mr. Doss is said to be a portrait photographer of no mean ability. He will carry a complete line of cameras and photographic supplies and will operate a gallery.

THE TOBACCO FAILURE.

Southern Pacific Thinks Nacogdoches Affair Not Serious.
 The Chamber of Commerce has received a letter from Mr. Geo. S. Bruce of the passenger department of the Southern Pacific relative to the failure of the Nacogdoches tobacco company of Nacogdoches. Mr. Bruce minimizes the seriousness of the failure in so far as it affects the development of the tobacco belt on that section. He says it was unfortunate for the industry, but that it will simply delay and not end the growing of tobacco culture along Nacogdoches. The crop of the Texas-Cotton Co. was purchased by another concern operating in the same field and Mr. Bruce anticipates that this company and others will continue to grow tobacco in that territory until the industry becomes a large and important one. The fact that tobacco can be grown in and around Nacogdoches, probably, Mr. Bruce says, is not affected by the recent failure.

NEWS OF THE COURTS

AGREEMENT REACHED IN CASE OF MRS. BLAIR AGAINST HUGH JACKSON.

AN OLD JUDGMENT ENTERED

Petit Jurors for This Week in Judge Watt's Court Will Meet Tuesday
—Other Court News.

An agreement has been reached in the case of Mrs. H. M. Blair et al. case against Hugh Jackson, et al. The case involves the possession of part of a lot in the Tevis addition, block 69, and has been in the courts for some time. Jackson secured a judgment against Mrs. Blair, but the latter obtained an injunction restraining him from satisfying it. Before Judge Pope yesterday it was agreed that if defendant paid the indebtedness against her prior to October the case was to be dropped but that otherwise the property would be sold.

An old judgment was entered of record in the fifty-eighth district court. It was in the case of M. A. Fleming against Ben R. Highsaw, et al. Judgment was secured about one year ago but had never been entered. This was done yesterday. The case involves title of lots 4 and 5 of block 2, Nacogdoches river park addition.

Notice of suit in the fifty-eighth district court was filed yesterday by H. Teel against V. A. Collins asking for judgment for \$2,000 on promissory note and foreclosure of deed of trust.

The following petit jury for Judge Watt's court for the ensuing week have been informed to be present in court at 9 o'clock a. m. Tuesday:

Messrs. F. P. Crow, C. N. Chenaunt, Edgar Caruthers, J. R. Adams, Louis Borlaga, D. A. Bibb, Frank Avery, H. L. Blanchette, W. H. Aldridge, E. A. Brigance, S. Polunburg, P. J. Flowers, W. N. Cecil, S. B. Carroll, Sam Snodgrass, Kyo Ward, George C. Reeves, Ismae Garrison, B. F. Granger, Wm. Galton, J. N. Chastaine, A. D. Carroll, H. B. Funches, Ed Van Wormer, Perry Broussard, J. J. Nathan, W. C. Averill, M. B. Doady, Forest Arceneaux, Peter Stock.

IMPLEMENT HOUSES HERE.

Chamber of Commerce Want Beaumont Made Distributing Point.
 The Chamber of Commerce is corresponding with rice and other farming implement dealers of Dallas and Fort Worth on the subject of making Beaumont a distributing point for the character of machinery used in this section. It is believed it would pay big wholesalers of North Texas to maintain warehouses here, because of the closeness of Beaumont to the rice fields. At present some of the firms have warehouses and distribute their machinery from Houston. The dealers have taken hold of the subject with considerable interest and it is possible one or more warehouses will be established here in the near future.

Y. M. C. A. Meetings.
 Dr. G. W. Ray, of Fort Worth, will be in Beaumont Monday, Sept. 5th, and begin a series of Bible meetings in the auditorium of the Y. M. C. A. and under the auspices of the association at that date.

In association circles Dr. Ray is considered to be one of the finest Bible students and instructors in this country.

When a man was to be selected to conduct the Bible work at the Y. M. C. A. Summer school at Lampasas Dr. Ray was selected by the president.

Mr. L. E. Jones, former secretary here, wrote Mr. Behrman that he had heard that he was intending to visit Beaumont and stated that he considered him one of the finest Bible students in this country and that he has a very pleasing and attractive way of presenting the Bible teachings, and that any who came to hear him would be well repaid.

This will not be a revival meeting, but a meeting the purpose of which will be to interest the individual in the study of the Bible and to stimulate a desire for personal study and research.

Meetings will be held each day at 10 a. m. and 8:15 p. m. and every one is invited to attend.

It is suggested that you bring your Bible and your best book, as new truths will be presented, or old truths presented in a new way, and ideas will be suggested which you will want to note and keep.

At 2:45 the boys' meeting will be held in their assembly room at the Y. M. C. A. Mr. Behrman will address the meeting. His subject will be "Little Foxes." All boys from 16 years and under, whether members of the association or not are invited to attend.

At 4 p. m. in the auditorium, Rev. Theo. Heilig will address the men upon the subject "What is Time Occupation?" All men are invited. Few water and fans will be furnished and coats may be left off.

The ladies of the W. Aux. Y. M. C. A. extend thanks to all who assisted in making the concert a success last Friday evening.

Through the encouragement of those present the sum of \$125 was realized from the concert, and \$1500 from refreshments, making a total of \$1625, which amount has been sent on the 30th for the period and impregnated furniture.

Hay Fever Unknown.
 Certain it is, and many years of careful experience are back of the statement that hay fever, and kindred annoying and troublesome summer afflictions, distressing to so many thousands all over the country, recurring regularly as July and August, are absolutely unknown in the "Highlands of Ontario." Thousands of people go to Muskoka, Georgian Bay or the Lake of the Huron every year for nothing else but to avoid hay fever and find perfect immunity from the ailment, and many by going there regularly for a period of a few years are said to be permanently cured.

Hay fever sufferers can be had free for the asking, by applying to Geo. W. Yaux, A. G. P. and T. A. Morrison's Loan and Trust Bldg., Chicago.
