## BASEBALL DOPE FOR NEXT YEAR

ANTICIPATED BEAUMONT WILL HAVE TEAM IN FIELD DESPITE RUMORS.

WISS GIVES BACK PLAYERS

Meeting of League Called for Tuesday Evening, when affairs of Season Will Be Wound Up.

A meeting of the club owners of the South Texas League of Baseball Clubs has been called for Tuesday evening in Galveston. At that time the question of baseball in South Texas next season will be taken up and at least partially settled. Also, the affairs of the league for the season just closed will be wound up.

One of the most important actions in the latter line will be the division of the reserve fund, which has been quietly accumulating all the season. It is expected there will be between \$2,000 and \$3,000 to portion out among the managers. This will "help some," especially in Beaumont, where Perry Wiss is supposed to have lost money on the second series. It is not known whether Wiss will get this money or the club company, but it is probable the sum will be divided equally between the company and Perry.

**Next Season.**  
In Galveston and Houston there has been considerable discussion regarding Beaumont's position in baseball in the future. It has been charged that this city will be cut out of the reckoning for next year, because the past season has been productive of more or less trouble, alleged to emanate from this place. Charges and counter charges of jockeying with games, buying players and umpires, etc., have been made. It has also been charged that fandom in Beaumont exerts too great an influence in the conduct of the teams here and that it would be better for the interests of the league if this city were cut out.

It is the opinion among baseball experts who know that all this amounts to nothing and the prediction is made that Beaumont will have a team in the league next season as surely as there is a league. The men who will decide whether Beaumont is to be included in the list are the owners of the other clubs, because the club owners decide such questions by vote and because three votes is a majority in this four club aggregation.

**Favor Beaumont.**  
Rielly and Johnson, owners of the clubs in Houston and Galveston respectively, will vote to have Beaumont included, because Rielly and Johnson have both made money on their games here and will always make money here. They recognize Beaumont as a "good baseball town." As a matter of fact, Perry Wiss did not buy the Beaumont club at the close of the first series. He only leased it for \$1, and acted as manager for the Driving Park association, which still holds the franchise and owns the players. Wiss has turned the club back to the owners and these include, A. B. Brock, Walter A. Merrill, J. T. Gossett, Emmett Fletcher and Wyche Greer, propose to have a team here next season. The franchise is held in the name of Wyche Greer, president of the baseball club.

The opinion among fans on the inside is that the league next year will be about the same as it has been this. Johnson wants to play again, as does Rielly and so does the Beaumont management. The only question of difficulty to handle is the matter of San Antonio, where the team was a losing proposition this year. It is probable, however, that some one in San Antonio with the money and ability to handle the team will take the franchise. There is a possibility

that if no one can be induced to take the franchise in San Antonio it will be transferred to Lobo Charles, which is a good baseball town and where it is believed a team would pay. This would eliminate the long jump of the other clubs to San Antonio, which has been objected to so strenuously. If a drawing club were put in at San Antonio, however, there would be no objection to the jump, as money could still be made.

**Six Club Question.**  
There is a possibility—but only a possibility—that the North and South Texas Leagues will combine and form a six club Texas league, cutting San Antonio out of this league and Paris out of the North end bunch, making a league of Houston, Galveston, Beaumont, Fort Worth, Dallas and Corsicana. It is understood the North Texas people are favorable to the proposition now. It is doubtful, however, if the South Texas managers will care to go into the arrangement, since this league now has a rating one class higher than that of North Texas. The Beaumont management, it is understood, will oppose the six club idea and it is understood Johnson of Galveston also opposes it.

**Double Season Question.**  
One thing is pretty thoroughly agreed upon by all managers: That is that if there is a league in South Texas next year no double season will be played. The belief is that the double season arrangement has been the cause of much of the trouble in the league during the second series and it is anticipated that all hands will oppose such an arrangement for next year.

**Keeps All Players.**  
The club owners have thirty days after the close of the season in which to establish their claim on the players signed with them the day of the last game but the local owners have already given notice that they will hold all their men. This does not necessarily mean the team next year will be the same as it was when the season closed, as some of the men may be released and others signed long before practice begins next spring. There is also a possibility that some of the men will be drafted, although no notice of draft by any of the bigger leagues has been received.

**The Lucifers Here.**  
William Lucifer, the well known physical culturist, is in Beaumont with a view of arranging an entertainment. They gave one in Houston recently for the benefit of the Faith Home and the Post said that their work was equal to any ever seen in that city.

**Moose Hunting.**  
There is a region in Canada, located in Northern Ontario, where the Moose, "the monarch of the forest," is to be found in great numbers. This territory is known as "Terzagami" and is reached from Buffalo, Chicago and Detroit by the Grand Trunk railway system to North Bay. The open season in this region is from October 16th to November 15th, both days inclusive, and by applying to G. T. Bell, General Passenger and Ticket Agent, Grand Trunk Railway System, Montreal, all information concerning routes, guides and full particulars can be had.

**President Mellon Here.**  
President Mellon, of the J. M. Gulf Petroleum company, is in the city and will remain here for several days attending to matters in connection with the general manager's office which has just been moved here.

**Special Monday and Tuesday.**

**Special to the Enterprise:**  
Galveston, Texas, Sept. 10.—Galveston won the fifth game of the saw off series here this afternoon, defeating Houston by a score of six to two. This is four games the Sand Crabs have won, making them need but two more to win the season's pennant. Houston has won but one game in the series, although three the games have been played.

The teams line up this afternoon for the sixth game and Galveston will try hard to clinch the rag further by winning. On the other hand, Houston will try hard to win because a big bunch of rooters are expected from the Bayou City. Little Reuther administered the dope for the home crowd his afternoon and was as effective with his slow drop as ever. Edmondson pitched for the visitors and was hit justly at times.

**SECOND ROUND PLAYED.**  
W. L. Coleman and Mrs. F. S. Henry Make Good as Cup Challengers.  
Mr. W. L. Coleman and Mrs. F. S. Henry were the winners of the second rounds of play for the September cups on the links of the Beaumont Golf club yesterday afternoon. They finished best in the groups which were competing for the privilege of playing the present cup holders next Saturday. Mr. Coleman's gross score was 54. His handicap being 10 strokes gave him a net score of 44. Mrs. Henry qualified with a net score of 44 on a handicap of 7 strokes. A good sized bunch of players in addition to the cup contestants were out for an afternoon of sport.
