HENRY H. ROELOFS & CO., Philadelphia.

Canyon City has had a superabundance of "Cheap John" business. These are usually the product of some one who wishes to make money by pandering to the desire of the people to get goods as cheap as possible, and usually results in dissatisfaction. While prices too high should be condemned, yet, we must be

careful not to condemn honest profitable prices that yield general prosperity and produce "Cheap John" establishments that give us inferior goods and keep us continually buying. This is worse than the other extreme for it causes men to lose confidence in his fellow men and begets a desire to retaliate.

RAILROADS CREATE PROSPERITY.

This has been demonstrated by the marked improvement in conditions along

"THE DENVER ROAD" In THE TEXAS PANHANDLE.

Whither other lines have come to share in the results of the good times in that section.

PROSPERITY DEMANDS RAILROADS.

- The Chicago, Rock Island & Mexico Already crossing "The Denver Road" at Dalhart.
- The Choctaw, Oklahoma & Gulf Soon to join "The Denver Road" at Wichita Falls and Amarillo.
- The Blackwell, Enid & Southwestern Now building to "The Denver Road" at Vernon.
- The Kansas City, Mexico & Orient Expected to join "The Denver Road" at Chillicothe.
- The Frisco System Which may meet "The Denver Road" at Aeme.
- The Arkansas & Choctaw Headed for "The Denver Road" at Wichita Falls.

All this, taken with the activity of immigration and real estate agents, many new settlers, numbers buying Special 30 Day Home Seekers' Tickets, and others seeking information, indicates that "THE DENVER ROAD" is considered good company in a desirable neighborhood.

Where it will connect with a train on the Atchison line that is hoped will put cattle into Kansas City for Wednesday's market, BUT IT MUST BE UNDERSTOOD THAT WE DO NOT GUARANTEE TO MAKE THIS MARKET, AS WE ARE LIABLE TO BE DELAYED IN GATHERING shipments all along the line, as this train contemplates, and may have to unload for feed and rest, in order to comply with the law. We have selected Wednesday's market for the reason that we are assured that the market on the following day, Thursday, is equally good, and our patrons are therefore protected as far as we can protect them against loss on account of possible delay as above suggested.

We will still continue to handle train load shipments, with proper notice, on any day of the week as suits shipper. This weekly stock train is simply intended to take care of shipments that would otherwise have to be handled by way freight trains and necessarily suffer considerable delay. Don A. Sweet, Traffic Manager.
