EX-PRESIDENT FAIRBANKS ENJOYING LIFE

Leisurely Making Tour Around the World for Rest and Recreation.

Special to the Eagle.
Soul, June 23.—Charles W. Fairbanks, former vice president of the United States, who is in Corea on a tour around the world, has determined to extend his stay several days beyond the time originally fixed for his departure, because of his deep interest in Corean affairs.

Mr. Fairbanks will have an audience with the emperor on Thursday, June 24th, and immediately following that will continue his journey, passing through Ping Yang, An Tung and Mukden. He will visit the various American missions along the route.

Mr. Fairbanks visited the schools, hospitals and associations in Seoul on Monday and delivered a number of addresses, in which he urged the Corean people to take advantage of the many opportunities offered them and secure the improvement of the people and the country through good government.

EDGE ETCHINGS.

Our little burg is very quiet just now as everybody is pushing to get their crops laid by by Saturday when the revival meeting at this place begins. Brother Nash will preach Saturday night and on until Monday. Brother Carroll of Hearne, will be here then and do most of the preaching for the next week or ten days. Everybody is invited to come and come praying.

The picnic comes off this year on July 1st, but it will not be as extensive this year as usual, on account of the meeting being in progress at that time.

Friends of Prof. W. J. McDonald and of the Texas Womans College of Bryan are elated over the fact that he has been elected president of the college.

Mrs. Eva McDonald is visiting relatives in Coleman county.

Mrs. Mae Orr is over from Austin visiting her home folks, she will return on July 1st.

Mrs. Lizzie House is on the sick list, but we are glad to report her improving. Her mother, Mrs. Wheelers of Hedias, is with her.

Mr. and Mrs. E. C. Elliott are out from Bryan. It will be remembered that Mr. Elliott has been sick for several weeks and we are glad that he is able to be at his old home again.

MONEY IN DIVERSIFICATION.

Washington County Farmers Blessed By Advent of Boll Weevil.

Special to the Eagle.
Brenham, Texas, June 23.—"It's an ill wind that blows nobody good"—The advent of the boll weevil has been productive of some good in Washington county, for it has caused the farmers to awaken to the possibilities of making a living outside of raising corn and cotton. This spring many acres of fertile soil were planted in potatoes, tomatoes, cabbage, radishes and other farm produce.

Over 150 cars of potatoes were shipped from Brenham. There are three wholesale firms that ship produce, etc. and one of these firms shipped 14 carloads of eggs in the two months beginning April 3 and ending June 15.

The farmers wives are busier than their consorts, for they can preserve vegetables, fruits, sauer kraut, pickles, etc., home cure their bacon, ham, sausage, lard, etc., and a large number make good money selling their surplus; then they sell butter and eggs, send their cream to the creamery, raise chickens, ducks, geese and turkeys.

KANSAS CITY STOCK MARKET.

The Kansas City Stock Yards, June 21, 1909.—The run of quarantines last week was of about the same volume as the run the previous week, and consisted mainly of grassers of common quality, very few meal fed steers included. Top for the week was \$5.70, paid Monday. The market closed the week showing a slight advance from close of previous week. There was little or no change in the cow market, and calves ruled steady for the week, top calves selling at \$7.00, although the run of calves was quite heavy. The run of cattle today is 9,000 head, very light for a Monday this time of the year. Of this number 5,000 are yarded in the southern division. The market on natives is slow steady on heavies and strong on the handy weights. Demand is more for the handy weight steers and for this reason quarantines are selling so well. Market in that division today is strong and active, steers up to \$5.80, bulk at \$4.25, to \$5.50, cows bring \$2.75 to \$3.65, canners around \$3.00, bulls \$2.85 to \$3.75, veals up to \$7.00. Predictions indicate that movement from quarantine district will be very liberal from this time on.

The hog market continued its upward turn each day last week, and is again higher today. The supply of hogs at all the markets is very light for this season of the year, and prices paid today are the highest paid at this point since June 1902, when \$7.90 was paid. The run today is 8,000 head, market strong to 5 higher. Heavy hogs are selling at \$7.70 to \$7.95, packers and butchers \$7.70 to \$7.90, lights \$7.35 to \$7.75, pigs \$5.75 to \$7.00. With continued light marketing of hogs, prices will pass the \$8.00 mark.

With increase of sheep and lambs last week and quality only fair, market fluctuated widely, mutton grades closing the week with a loss of 15 to 25 cents, lambs showing a loss of 10 to 20 cents. Receipts included a good many stock sheep. The run today is 12,000 head, sheep 15 to 25 cents off, lambs 20 to 30 cents lower. Some spring lambs sold at \$8.50 today, bulk of lambs at \$6.75 to \$8.00, weathers \$4.50 to \$5.50, ewes \$4.35 to \$5.15, goats \$3.25 to \$4.00.

LONE HIGHWAYMAN ROBS FT. WORTH BANK

Branch of Waggoner Bank & Trust Company Held Up for \$8,195

Special to the Eagle.
Fort Worth, Texas, June 23.—The branch of the Waggoner Bank and Trust Company at 1416 Main street, two blocks north of the Texas and Pacific passenger depot, in one of the busiest sections of the city, was held up by a lone robber, armed with a six-shooter, at 4:05 o'clock yesterday afternoon and practically looted of its cash.

The only occupant of the bank at the time of the occurrence was W. G. King, cashier, and when surprised by the robber he had his head down balancing his books, with the bank's money lying on the counter within reach. The sum of \$8,195 was taken, nearly all of it in greenbacks. About \$1,000

in gold and silver was left behind. The robber, according to the statement of Mr. King, backed out of the door with the money under his coat and walked calmly away, turning south. King gave the alarm, but the robber had disappeared completely.

At a late hour there was no clew and no arrest had been made.

The loss according to Vice President T. B. Yarborough, is fully covered by burglar insurance. The Waggoner Bank and Trust Company is situated at the corner of Houston and Eighth streets, but it has a small branch located on lower Main street for the accommodation of its patrons in that section of the city. This branch is at No. 1416 and is in charge of W. G. King.
