NEWS BRIEFS FROM ALL OVER THE WORLD

A Glance Reveals What is Being Done From
One End of the Earth to the Other.

The entire garrison at Ft. San Houston will be carried to El Paso to participate in the Taft-Diaz celebration next month. It cost the government \$25,000 to take these troops to Dallas at the recent military show but half of it was returned by the citizens of Dallas. The El Paso trip will cost twice as much and Uncle Sam will have to foot the whole bill.

Mr. Harriman's will containing but ninety words, left his immense fortune of more than \$100,000,000 to his wife. The will was the most valuable document according to length, of which there is any record. Its worth was more than a million dollars a word.

Arrangements have been perfected for handling the crowds that will hear Senator Dalley speak in Dallas on Saturday night and in Houston on next Tuesday night. A number of special trains will be run to both places and the indications are the Senator will be greeted by record breaking audiences.

Col. Wm. J. Bryan delivered his lecture "The Price of a Soul" at Abilene yesterday afternoon. The object of the lecture was "The Price of a Ticket" it required to hear it. The Col. was not feeling well and had to deliver his lecture sitting. The job he has recently undertaken to make the democracy of Texas swallow its platform of 1896, was doubtless weighing on him.

POSSE KILLED MAN BY MISTAKE

Third Man Dead in the Negro Trouble in Brazoria County.

Special to the Eagle.
Sandy Point, Texas, Sept. 17th.—Events have moved swiftly in a reign of outlawry which has left a bloody trail in Brazoria county.

Last Sunday afternoon three desperate negro prisoners escaped from jail by overpowering Jailer Barbee and locking him in a cell.

A winchester and shot gun were taken from the sheriff's office downstairs.

That night Tut Hardin was shot and killed at Chenago while trying to capture the fugitives.

Monday and Tuesday the desperate fugitives engaged in horse stealing and in generally terrorizing settlements. They fired on a convict guard Tuesday afternoon while being closely pursued.

Wednesday afternoon H. Armour Munson, one of the most prominent citizens of the county, was shot to death by Steve Hayes, a relative of one of the fugitive negroes. It is believed the negro outlaws were concealed in the house of Hayes and that they took part in the shooting.

Wednesday night Charles Knobel, a white man, whose home is at Navasota, while walking along the Santa Fe railroad near Duke, was fired on and killed by a posse. In the darkness he was mistaken for one of the negro outlaws.

Officers and citizens of Brazoria, Harris, Fort Bend and adjoining counties are now engaged in a man-hunt, such as South Texas has not known since the killing of Mrs. Condit and her three children, near Edna, several years ago.

PEARY HURTS HIS OWN CAUSE

Explorer's Harsh Words Cause Unpleasant Impression in German City.

Special to the Eagle.
Hamburg, Sept. 17.—Commenting on the last interview with Commander Peary sent out from Battle Harbor, Labrador, the Hamburger Nachrichten says:

"These high sounding words have made an extremely unpleasant impression and they will scarcely draw new friends to Commander Peary."

This exemplifies the general tone of the North German press which leans in this polar controversy strongly to Dr. Cook, who is supported by the Hamburg Geographical society.

MOVED HOME.

The fire company on yesterday moved into its new building being erected on the site of the old fire bell tower. The building is not by any means completed, but the work had progressed to that extent that would permit the boys to move in on the ground floor. Since the city hall and fire station were burned last March, the company has occupied the old Tabor livery stable on north Main street. While they were comfortably located, still they felt that it was only a temporary arrangement, and now that they are enabled to move home, they feel good indeed. The new station is gradually nearing completion, and being built especially for the company, will give the boys more comforts and conveniences than they have enjoyed heretofore.

GOVERNOR JOHNSON SON BETTER

Physicians Are Encouraged Over Outlook for Ultimate Recovery.

Special to the Eagle.
Rochester, Minn., September 17.—Governor Johnson's condition this morning showed decided improvement and his physicians are much encouraged over the outlook for his recovery. The Governor has shown a gradual improvement during the last twenty-four hours.

Shortly after 12 o'clock this morning Dr. McNevin, house physician at St. Mary's hospital, issued the following bulletin:

"The governor had a slight attack of nausea at 10:40 and then went to sleep, and he has been asleep almost continuously since 10:45 o'clock. His general condition is excellent. He has taken no opiates tonight, nor did he take any last night except one-sixth of a grain of morphine three hours after the operation. That has been the only stimulant administered. His pulse is 110 and his temperature stationary at 99 4-10."
