Visitors to Youkum—Joe Plantiffal—Rain Needed—General News.

Jan. 20—Among those who attended the Woodman rally at Youkum last Monday were Messrs. K. A. Walezyk, W. E. Foster and R. Bartsch, who report everything of excellence.

Mr. W. P. Wood visited Shiner between trains yesterday.

Mr. H. K. Jones was in Youkum Thursday.

Mr. W. Mooney attended business in Gonzales Wednesday.

Mr. John L. Mooney of Slayden visited our city yesterday.

Still the cold weather is with us and ice is plentiful. Stock are beginning to look somewhat drawn from continued cold, and farm work is almost at a halt. While a good warm rain would work a big change, we have no prospect of one any time soon.

Jan. 30—Mr. B. H. Jones returned today from Gonzales.

Miss Annie Tisch Cherault arrived in our city today from Gonzales, and proceeded in company with her brother to her home on Peach Creek.

Mr. Chas. Frieron from near Blanton is in the city at present, a guest of Dr. A. M. Davis.

Mr. Willie Williamson from Greenville was a pleasant caller in town today.

Mr. Sam Patterson of Sunset was here today. He also visited Gonzales.

No court was held here Friday owing to district court being in session in Gonzales.

Jan. 31—The sap is flourishing here at present. It has given people the luxury of a mixed train, cut down its section heads to four days work out of each week and inserted a few extra gates along the right of way as a temper stirrer for farmers who have to open them. Yes, verily the Sap is it—in capital—at present, and we mutely wonder if people will contentedly submit to its "interest in public

The Trying Time

In a young girl's life is reached when Nature leads her uncertain steps across the line which divides childhood from womanhood. Ignorance and neglect at this critical period are largely responsible for much of the after-misery of womanhood. Not only does Nature often need help in the regular establishment of the womanly function, but there is almost always need of some safe, strengthening tonic to overcome the languor, nervousness and weakness commonly experienced at this time.

If there is an invalid woman, suffering from female weakness, proflapsus, or falling of womb, or from leucorrhoea who has used Dr. Pierce's Favorite Prescription without complete success, Dr. Pierce would like to hear from such persons—and it will be to her advantage to write as he offers in perfect good faith, a reward of \$500 for any case of the above maladies which he cannot cure.

"I wish to tell you the benefit we have received from using your medicine," writes Mrs. Dan Hall, of Bradford, Green Co., N.Y. "Two years ago my daughter's health began to fail. Everything that could be thought of was done to help her but it was of no use. When she began to complain she was quite stout; weighed 175 lbs. the picture of good health, until about the age of fourteen, then in six months she was run down her weight was but 120. She kept falling and I grew up thinking there was no use, she must die. Friends all said, 'You will lose your daughter.' I said 'I won't.' I read up, doctor, that only for your Favorite Prescription my daughter would have been in her grave today. When she had taken one-half bottle the natural function was established and we bought another one, making only two bottles in all, and she completely recovered. Since then she is as well as ever."

welfare."

Mr. Weathers is in the city in search of a Mexican for whom he has some property and stock.

Mr. J. J. Pogue of the Lang locality paid our city a pleasant call this afternoon.

Dr. A. M. Davis is contemplating a visit to San Antonio in the near future.

Some curious albeit interesting information came under our observation recently in regards to the wonders of Uncle Sam's dominion and a list of important places is given, in brief, to those who contemplate seeking Old World scenes to the neglect of the new. Yellowstone Park with Mirror Lake; the Grand Canyon, Ice Caves, Petrified Forest and Ancient Cliffs of Arizona; Niagra Falls, Mammoth Cave, Hot Springs, Great Salt Lake, Pikes Peak and the dense timber lands of the western states. About each one, superstition has woven a history, and some day when space permits we will give to our readers the quaint old legends as known and loved by the Redmen before Jesuit fathers swept their Sun-gods into oblivion before the powerful wonders of faith.

Mr. Frieron left today for the rice fields.

MOULTON NEWS.

Wm. Hillmer sold his farm to Hoefmann; the price paid was \$45 per acre.

Miss Millie Strauss arrived from Shiner Sunday to resume her studies at the Institute.

Fritz Niemeyer, the "immortalist" public weigher of Shiner was in the city Thursday and Friday of last week.

Mr. and Mrs. L. E. Chovanetz of Shiner were here Sunday to visit Dr. G. J. Gauthier's family.

Dame Rumor has it that Moulton will furnish candidates for the offices of assessor and commissioner.

Dr. Jno. C. Jones, one of the most prominent physicians in the state, died Monday evening at his home in Gonzales, aged about 67 years. Dr. Jones was a member of the State Medical Board, surgeon of the San Antonio & Aransas Pass Railway, county health physician, and a prominent member of Camp Key, U. C. V. He ceased leaving a wife and five children.

Hallettsville News.

Hallettsville, Texas, Jan. 28.—S. G. Turkington, cotton buyer, today paid J. H. Appelt \$101.50 for one bale of cotton, breaking the record here. What few bales were held by farmers are now being marketed.

Keser, the racket store man, has sold his stock to P. M. Brown and will go to Brownsville.

The sheriff has been notified that there is room in the asylum for one of the two negro women who have been in jail for a year. It costs less to keep lunatics in an asylum than in jail, and the next representative will be instructed to try to have adequate provision made for care for lunatics in asylum.
